

## **Science Based Approved Targets**

We are proud to have our GHG emission reduction targets have been validated by the Science Based

Targets initiative (SBTi). With this milestone, The Supreme Industries Limited becomes the first Indian plastic product producer company to receive SBTi validation for its Net-Zero goals. This recognition reinforces our dedication to responsible growth and our vision to lead India's plastic product producing industry towards a more sustainable future. Through operational excellence, innovation, and collaboration with our stakeholders, we are committed to reducing our GHG emissions footprint while supporting the nation's development goals."

### **Overall Net-Zero Target**

- The Supreme Industries Limited commits to reach net-zero greenhouse gas emissions across the value chain by FY2050.

### **Near-Term Targets:**

- The Supreme Industries Limited commits to reduce absolute scope 1 and 2 GHG emissions 58.8% by FY2034 from a FY2024 base year.
- The Supreme Industries Limited also commits to reduce scope 3 GHG emissions from purchased goods and services, capital goods, fuel- and energy-related activities, upstream transportation and distribution and downstream transportation and distribution 63.8% per metric tonne of plastic product produced within the same timeframe.

### **Long-Term Targets:**

- The Supreme Industries Limited commits to reduce absolute scope 1 and 2 GHG emissions 90% by FY2050 from a FY2024 base year.
- The Supreme Industries Limited also commits to reduce scope 3 GHG emissions from purchased goods and services, capital goods, fuel- and energy-related activities, upstream transportation and distribution, business travel, downstream transportation and distribution and end-of-life treatment of sold products 97% per metric tonne of plastic product produced within the same timeframe.

### **About the Science Based Targets initiative (SBTi)**

- The Science Based Targets initiative (SBTi) is a global body enabling businesses and financial institutions to set ambitious emissions reductions targets in line with climate science. The initiative is a collaboration between CDP, the United Nations Global Compact, World Resources Institute (WRI), and the World Wide Fund for Nature (WWF). The SBTi defines and promotes best practices in emissions reductions and net-zero targets, in line with limiting global warming to 1.5°C.

## APPROVED NEAR-TERM SCIENCE-BASED TARGETS

SBTi Services has validated that the science-based greenhouse gas emissions reductions target(s) submitted by The Supreme Industries Limited conform with the SBTi Standards and Guidance (Criteria version 5.2).

SBTi Services has classified your company's scope 1 and 2 target ambition in conformance with the SBTi Standards and Guidance

The official near-term science-based target language:

The Supreme Industries Limited commits to reduce absolute scope 1 and 2 GHG emissions 58.8% by FY2034 from a FY2024 base year. The Supreme Industries Limited also commits to reduce scope 3 GHG emissions from purchased goods and services, capital goods, fuel- and energy-related activities, upstream transportation and distribution and downstream transportation and distribution 63.8% per metric tonne of plastic product produced within the same timeframe.
