

# Growing Responsibly... For A Better Tomorrow!

This landmark year marks the eight decade long growth saga, blazing with multiple milestones of achievements, record performances, diversifications, expansions and more.

Greater is the pride that Supreme's success saga centres around people. With this people-centric approach, we've emerged as the undisputed market leader, setting new industry benchmarks for others to follow.

Supreme's steadfast spirit to innovate and excel supplements our sustained adherence to quality. It involves searching, researching and developing better products using state-of-the-art technologies.

Every endeavor, every step and innovation aims at making life better. Preserving our environment to unfold a greener tomorrow for future generations.

Ever since its inception in 1942, Supreme Industries has created a vast portfolio of products catering to various segments of economy and replacing usage of conventional material. During our journey we've branched out into multiple product categories, carving out market leadership in all categories.

Supreme's Plastic Piping is our flagship pride, where we have launched over 9000 products, replacing the traditional concrete & GI pipes and all the unhealthy hassles associated with them.

Supreme's Industrial Products too have revolutionised the product development process; especially in the appliances and automobile industries.

With their improved durability, accessibility and functionality, our products are finding newer applications from Automated Teller Machines (ATMs) to washing machines, to cars and beyond.

Plastic Furniture from Supreme is yet another mark of industry leadership resulting in high quality products with innovation and design excellence, Supreme has truly multiplied convenience & style in people's life.

Performance Packaging Films from Supreme increases the shelf life of various products and food items. Available across wide geographies, our Protective Packaging Products are finding newer applications across various segments like consumer durables, automobiles, footwear & sports goods, insulation, waterproofing and others.

Similarly, Supreme's Cross-Laminated Films & Products are yet another product category for uses like tarpaulin, pond & canal lining, shed covers, shelters, fumigation of food grains. These products are finding new customers and applications in rainwater harvesting, vermiculture compost pits and many more.

With launch of explosion-proof, rust- proof and leak-proof Composite LPG Cylinder, Supreme has truly carried forward the brand legacy by creating safe and convenient environment-friendly products for the people.

We, at Supreme have always taken the greatest pride and strength in our human resource. Each and every employee is an invaluable contributor to our all round growth. The way they excel is a testimony of the enriching environment we have created where their talent gets nurtured and transforms into passion to excel. All our growth and expansion milestones emanate from our shared values of serving the people and touching their lives with superior products and solutions.

The 8 decade long saga of Supreme is an odyssey without an end. We have always been pursuing our constant quest of finding better ways of doing things, and developing better products. Sustainability is our motto and our whole existence is weaved around it.

We believe in constantly evolving through continuous development aiming to reduce the carbon foot prints from our manufacturing processes. Supreme has truly transformed lives and it offers a promise of a cleaner and greener tomorrow.

# THE JOURNEY IS THE DESTINATION

# **FACETS OF LEADERSHIP**

A star is born.
Taparias take over
and it radiates
with traits of
market leadership

Exactly 8 decades ago, as the nation was fighting for its independence, in the year 1942, a group of enterprising promoters initiated an industrial venture to foster economic self-reliance in the country. Supreme Industries Limited was thus founded by the Modi family in two rented premises to primarily manufacture and market various products. The humble start soon opened growth avenues and the company's turnover reached Rs. 18.77 lakh in 1965-66. In August, 1966, the Management of Supreme was taken over by Taparia family who clearly identified the field of plastics and plastic processing as the Company's core business. All other manufacturing & trading activities were closed to open the floodgates of growth and expansion that transformed the company into a leading conglomerate in the field of Plastic Products in India.

The Company set up its own unit in Andheri to manufacture Injection Moulded Products that included household and industrial products. Next came the setting up of Taloja Unit to manufacture Co-extruded films, HMHDPE film and bags in the year 1978-79. At this time, the company launched 'Satranj' - P.P. Mats for the first time in India. By this year Supreme had also commenced manufacturing of PVC Pipes. Not long after, it began manufacturing of Polyethylene Foam at Taloja unit in 1981-82. In the same year, the Group set up Siltap Chemicals Ltd. in collaboration with Rasmussen Polymer Development AG of Switzerland to manufacture Cross-Laminated Films. The next year saw the setting up of Jalgaon Unit to manufacture PVC Pipes, Fittings, Multi-layer Sheets etc.

In the year 1986-87, Noida Unit was established to manufacture Industrial Moulded Products and Multi-Layer films. By the year 1989-90, the Group also set up a state-of-the-art Technology Centre with sophisticated production facilities at Goregaon, Mumbai. This was also the year the Company crossed the landmark threshold of Rs. 100 crore in its sales turnover.

Setting up of own units. Pioneering PP Mats. Also marking the beginning of market supremacy.

Adding of new manufacturing units, expansions and acquisitions paved fresh paths to growth.

The Company pioneered the manufacturing of Plastic Moulded Furniture from its Noida Unit in 1990-91. Not too far was the setting up of Daman Unit to manufacture Multilayer Films and PVC Pipes. This was coupled with the establishing of Puducherry unit to manufacture industrial components, material handling and consumer products.

We can call the year 1992-93 as the year of acquisitions and expansions. The Company acquired AK Structural Foams Ltd., of Pune to manufacture Injection Moulded Products. It also acquired the assets of M/s Futuristic Packaging Ltd, at Khopoli, Maharashtra. The company also expanded its presence with units at Malanpur, M.P. and Kolkata. In the same year Andheri Unit became the first plastics processing unit in the country to gain IS 14002/ISO 9002 Certification.

Next came the setting up of Klockner Supreme Pentaplast Ltd, a joint venture with world leaders Klockner Pentaplast GmbH of Germany at Malanpur in 1993-94. In the same year, Supreme acquired Mupnar Films Ltd.

Global outreach initiatives to strengthen leadership.

Global certifications of quality commitment for Technology Centre The year 1994-95 brought ISO 9001 certification, the first in the country for Technology Centre, Goregaon. In the same year, the company acquired assets of Litelon Pvt. Ltd in Hosur (Tamilnadu) that was manufacturing non-cross linked PE Foam products. The acquisition helped to add capacity & reach in South India. In the year 1995-96 Supreme Petrochem Ltd., a joint venture with Rajan Raheja Group set up a polystyrene plant with a capacity of 66,000 MTP at a 330 acre site at Amdoshi, Maharashtra. Within a year, it acquired total control of Klockner Supreme Pentaplast Ltd. In the same year, the company also converted Multilayer Sheet production capacity at Daman into Thermoformed Food Service-Ware products.

In 1997-98, Supreme acquired the 'Profeel Sentinel' division at Nandesari, Gujarat of Camphor & Allied Industries limited to increase its footprint of Protective Packaging Products. It also set up another Injection Moulding Unit at Puducherry to manufacture Plastic Moulded Furniture, Crates and Industrial Products. In the same year, it set up a new unit at Silvassa for Cross Laminated Film products while closing down manufacturing at Andheri, Mumbai and Taloja, Maharashtra Units. The year 2001-02 brought addition of four new Injection Moulding Facilities in Punjab, UP, Rajasthan and West Bengal to manufacture Furniture and Crates. The company also went on to merge Supreme Vinyl Films Ltd. & Supreme Oriented Films as well as Siltap Chemicals Ltd. with Supreme.

Adding capacities, expanding presence & consolidation

Leadership presence spanning from North to North East India and an eye on growth in exports Continuing its expansion plans, Supreme went on to set up its Guwahati Unit in 2003-04 to manufacture furniture and crates.

In 2005-06, it set up a wholly-owned subsidiary Supreme Industries Overseas (FZE) at SAIF Zone in Sharjah to improve its share of export of plastic piping system. Back in India it restructured and revamped the Khushkhera Unit to manufacture Industrial Products.

State-of-the-art mega plastic product complex In the year 2007-08, Supreme commenced commercial production at Gadegaon complex set - up on 132 acres of land to manufacture PVC, HDPE, CPVC, PPR pipes, Handmade Fittings, Furniture & Crates. The following year it became the first Indian company to launch Injection-Moulded Pallets in the country.

By the end of first decade of this millennium, the Company commenced commercial production at the Urse Plant near Pune (Maharashtra) for Protective Packaging products. In the same year it also introduced Gas injection moulded chairs for the first time in the country.

Aligning its business aspirations with corporate responsibility, Supreme established a state-of-the-art 'Knowledge Centre' at Gadegaon (Maharashtra) to impart training to plumbing professionals in 2010-11. In the same year 'Supreme Chambers' in Mumbai was certified as a Platinum - Rated Green Building, built over, about 10,500 sq. yards of land in Andheri, where the first Company - owned Plant had gone into operation in 1973. It also established two new units at Chennai & Noida for Industrial Products.

After closing down PP MAT Division in 2011-12, Supreme set up a new unit at Hosur for Protective Packaging Products and at Getmuvala in Gujarat for manufacturing Cross Laminated Film products in the year after. It also revamped the Malanpur II Plant to manufacture Plastic Piping System and commenced production. And within a year, Supreme installed elaborate facilities to manufacture varieties of Solvent at the Gadegaon Plant in Maharashtra.

Establishing the Nation's first Knowledge Centre for plumbing professionals

World-wide exclusive rights to manufacture & sell Cross-Laminated Film Products Year 2014-15 was marked with two major milestones. First, Supreme acquired world-wide exclusive rights to manufacture and sell Cross - Laminated Film Products from its collaborator. Second, the company also commenced commercial production of Composite Cylinder at Halol Unit.

A new Roto-Moulding unit was established at Malanpur in 2015-16 to produce Water Tanks, Septic Tanks and other Roto-Moulded Products. Yet another Plastic Product Complex was established at Kharagpur across 59 acres land to manufacture PVC, HD, PPR Pipes, Roto Moulded products, Protective Packaging products and Blow-Moulded Furniture.

In the next year, the company began to manufacture Roto-Moulded products at Kanpur and Blow-Moulded furniture at Kharagpur. Meanwhile Supreme Petrochem Ltd (SPL) expanded its capacities and acquired another unit at Manali near Chennai, enhancing its EPS capacity to cater to the South Indian market.

New Roto - Moulding Units to reinforce market leadership Another plastic product complex in Southern India

Two years later during 2017-18, the company was allotted 50 acres of land by Govt of Telangana towards production unit for plastic piping products, Moulded Furniture, Material Handling and Protective Packaging Products. Project work at Ghiloth, Rajasthan commenced towards expanding capacities to manufacture Industrial Plastic Components. The production commenced in 2018-19. Supreme also established a new plant to manufacture PP Corrugated Sheets at Derabassi Unit. Yet another new plant of HDPE Pipe at Malanpur Unit III (M.P.) was also commissioned.

As the decade closed in the year 2019-20, the company commissioned a new plant of Roto Moulded products and Injection Moulding Furniture at Jadcherla (Telangana). In the year 2020-21, it commissioned a new plant of Protective Packaging products at Jadcherla, Telangana unit. The company acquired additional plot of land at Roto Plant in Malanpur for future expansion/warehousing facilities. Last year it commissioned another new plant of PVC Fitting products at Kharagpur (West Bengal) as well as new plant of PVC Pipe products & Olefin Fittings at Jadcherla (Telangana).

Expanding capacities and spreading wings to lead

Value creation at core of the heart Team Supreme has always remained resolutely focused on value creation for its stakeholders. Towards this, the company has been taking rewarding decisions to expand capacities in strategically chosen areas. It has also divested and closed down un-remunerative product divisions/locations such as Supreme Oriented Films (Mupnar Films), Supreme Vinyl Films, Klockner Supreme PentaPlast, Food Service Ware division in Daman, PP Mat Division, Khuskheda Unit catering to auto components and more. The rewards of such value creation are visible in shape of robust financials and healthy dividend pay outs to its shareholders. Supreme constantly evaluates each business performances on financial parameters of Return on Capital Employed (ROCE) which is well appreciated by all stakeholders. The company is driven by its accumulated capitals that further drive its growth and unlocks value for stakeholders. These capitals represent an ideal mix of high-calibre talent, state-of-the-art technologies, relentless R&D, quality consciousness and a people-centric passion to serve.

The company continues its quest for expanding its geographical spread. It is also focused on introducing new products & capacities. In 2021-22, it took over the execution of three greenfield projects at Guwahati (Assam), Cuttak (Odisha) and Erode (Tamilnadu) to manufacture various plastic piping products. All three plants are likely to go into production from May-June, 2022 onwards, one after another. Supreme's time-line of growth and expansion is a journey without an end. The pursuit of expanding its manufacturing and market presence continues. For Supreme - "Journey is the destination".

Unending is the quest for better technologies, products and solutions.

# **AWARDS & ACCOLADES**

Innovation & New Initiatives Award for Data Centre & Security, 11 Edition Data Centre Summit & Awards, organised by UBS forum

Team Supreme receiving Export Awards in various product categories through Plexcouncil (Plastic product export promotion council under Ministry of Commerce)

The Plastics Export Promotion Council Award Tarpaulin 2020-21

The Plastics Export Promotion Council Award Fittings for Pipes & Hoses 2020-21

### **Supreme Foundation**

The Rajasthan Govt. appreciated Supreme Foundation's free Medicine Scheme named "Chikitsa Aapke Dwar" which it had launched in the state during the COVID-19 period. The Appreciation Letter was received from Additional Collector, Nagaur District, on 26th January 2022

# **Volunteer cooperation in Vaccination Program**

Our "Volunteer Teachers" supported the vaccination program of Rajasthan Govt. These teachers participated in interacting with the people and convincing them to get vaccinated. Besides they also supported the medical team in conducting their task. The "Volunteer Teachers" were appreciated by the Rajasthan Govt. for their valuable contribution to the vaccination program.

#### **Community Classes**

In the third wave of corona epidemic the teaching work in the Municipal Corporation/Municipality area was stopped. The teachers were not allowed to go to the schools to conduct regular classes. This was due to the order of the state government. However, this was affecting the students' education.

From 10 January 2022 to 16 February 2022, volunteers were appointed by the foundation to organize classes at the community level near the homes of the students with the permission of their parents. During these classes coordinators regularly checked the locations, and monitored all activities through video calling.

## **Sweater Distribution**

in Govt. Primary School

In the winter (Dec 21 - Jan 22) Supreme Foundation distributed sweaters amongst poor students. A total of 1879 sweaters were distributed in 73 schools.

#### **Tree Plantation**

by School Volunteer Teachers in 2021-22

We are actively participating in environment conservation activities such as tree plantation, along with our "Volunteer Teachers", the staff and students of the Government Girls Upper Primary School. Apart from new plantations, old plantations are also monitored continuously for their growth and survival. This continuous initiative by Supreme Foundation has been appreciated and recognized by the SDM at the Tehsil Level.

## **Public Convenience facilities at Jalgaon:**

There are many prominent places/junctions at Jalgaon where proper public convenience facilities are not available. At the request and initiation of the District Collector - Jalgaon, Supreme Foundation has taken the initiatives to build and maintain such facilities for public convenience. Two facilities are already operational and more such initiatives are being planned for the coming year.

- In view of the continuing Covid-19 pandemic and social distancing norm, the Ministry of Corporate Affairs ("MCA") has vide it's circular dated April 8, 2020 and April 13, 2020, May 5, 2020 and January 13, 2021 and December 8, 2021 and December 14, 2021 and May 5, 2022 (collectively referred to as "MCA Circulars") and Securities and Exchange Board of India vide its Circular No. SEBI/HO/CFD/CMD1/ CIR/P/2020/79 dated May 12, 2020 and SEBI/HO/CFD/ CMD2/CIR/P/2021/11, Dated January 15, 2021 (referred to as "SEBI Circular") permitted the holding of the "AGM" through Video Conferencing (VC) / Other Audio-Visual Means (OAVM), without the physical presence of the Members at a common venue. Accordingly, in compliance with the provisions of the MCA Circulars and SEBI Circulars, the AGM of the Company is being held through VC / OAVM. Hence, Members can attend and participate in the AGM through VC/OAVM only.
- As the AGM shall be conducted through VC / OAVM, the facility for appointment of Proxy by the Members is not available for this AGM and hence the Proxy Form and Attendance Slip including Route Map are not annexed to this Notice. However, the Body Corporates are entitled to appoint authorised representatives to attend the AGM through VC/OAVM and participate there at and cast their votes through e-voting.

- Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013, in respect of the Special Business at Item No. 5 & 6 of the above Notice is annexed hereto.
- The Company has engaged the services of National Securities Depository Limited (NSDL), to provide video conferencing facility and e-voting facility for the AGM.
- Corporate/Institutional Members (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant Board Resolution/ Authority letter etc. with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote, to the Scrutinizer by e-mail to vvlaxman@gmail.com with a copy marked to evoting@nsdl.co.in. Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) can also upload their Board Resolution / Power of Attorney / Authority Letter etc. by clicking on "Upload Board Resolution / Authority Letter" displayed under "e-Voting" tab in their login.
- Register of Members and the Share transfer books of the Company will remain closed from Thursday the 23<sup>rd</sup> June, 2022 to Wednesday the 29th June, 2022 (both days inclusive) for the purpose of Annual General Meeting and Dividend.
- The Dividend, if declared, will be payable to those Equity Shareholders whose names stand on the Register of Members as at the close of business on 29th June, 2022, and in respect of shares held in the electronic form, the dividend will be payable to the beneficial owners as at the close of business on Wednesday 22nd June, 2022 as per details furnished by the Depositories for this purpose.

Pursuant to the Finance Act, 2020, dividend income is taxable in the hands of shareholders with effect from 1st April, 2020 and the Company is required to deduct tax at source from dividend paid to shareholders at the prescribed rates. For the prescribed rates for various categories, the shareholders are requested to refer to the Finance Act, 2020 and amendments thereof. The shareholders are requested to update their PAN with Bigshare Services Private Limited (in case of shares held in physical mode) and DPs (in case of shares held in demat mode).

A Resident individual shareholder with PAN and who is not liable to pay income tax can submit a yearly declaration in Form No. 15G/15H, to avail the benefit of non-deduction of tax at source by e-mail to investor@supreme.co.in latest by Tuesday, 21st June, 2022. Shareholders are requested to note that in case their PAN is not registered, the tax will be deducted at a higher rate of 20%.

Non-resident shareholders can avail beneficial rates under tax treaty between India and their country of residence, subject to providing necessary documents, i.e. No Permanent Establishment and Beneficial Ownership Declaration, Tax Residency Certificate, Form 10F, any other document which may be required to avail the tax treaty benefits by sending an e-mail to investor@supreme.co.in latest by Tuesday, 21s lune, 2022.

Pursuant to provisions of Section 124 and 125 of the Companies Act, 2013, dividends which remain unpaid or unclaimed for a period of 7 years, will be transferred to the Investor Education and Protection Fund (IEPF) of the Central Government. Shareholders who have not encashed the dividend warrant(s) so far for the financial year ended 30th June, 2015 or any subsequent financial years, are requested to make their claims to the Company at its Registered Office. It may be noted that once the unclaimed dividend is transferred, on the expiry of seven years, to the Investor Education and Protection Fund, as stated here-in, no claim with the Company shall lie in respect thereof. Pursuant to provisions of Section 124(6) and IEPF Authority (Accounting,

- Audit, Transfer and Refund) Rules, 2016, as amended by time to time, Company has transferred 248015 Nos of Equity Shares to IEPF Accounts.
- Members holding shares in electronic form may please note that their bank details as furnished by the respective Depositories to the Company will be printed on their dividend warrants/Demand Drafts as per the applicable regulations of the Depositories and the Company will not entertain any direct request from such members for deletion of/change in such bank details. Members may, therefore, give instructions regarding bank accounts in which they wish to receive dividend, directly to their Depository Participants.
- 10. Members holding shares in the same name under different Ledger Folios are requested to apply for consolidation of such Folios and send the relevant share certificates to M/s. Bigshare Services Pvt. Ltd., for doing the needful.
- SEBI Regulations has mandated Companies to credit the dividends electronically to the Members' bank account. Members who hold shares in dematerialized form should inform their Depository Participant's (DP) as well as to the Company and such Members holding shares in physical form should inform the Company, their Bank details viz. Bank Account Number, Name of the Bank and Branch details and MICR Code. Those Members who have earlier provided the above information should update the details if required.
- 12. Members are requested to notify change in address, if any, immediately to M/s. Bigshare Services Pvt. Ltd., quoting their folio numbers.
- 13. In terms of circulars issued by Securities and Exchange Board of India (SEBI), it is now mandatory to furnish a copy of PAN card to the Company or its RTA in the following cases viz. Deletion of name, Transmission of shares and Transposition of shares. Shareholders are requested to furnish copy of PAN card for all the above mentioned transactions.
- 14. Details under Regulation 36 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, "Listing Regulations" in respect of the Director seeking reappointment at the Annual General Meeting, forms part of the Corporate Governance Report. The Directors have furnished the requisite declarations for their re-appointment.
- 15. To prevent fraudulent transactions, members are advised to exercise due diligence and notify the Company of any change in address as soon as possible. The Securities and Exchange Board of India (SEBI) has made it mandatory for all companies to use the bank account details furnished by the Shareholders / Depositories for depositing of dividends.
- 16. Members seeking any information with regard to Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act, Register of Contracts or Arrangements in which directors are interested under Section 189 of the Act, and relevant documents referred to in the accompanying Notice and in the Explanatory Statements are requested to write to the Company on or before Friday, 24th June, 2022, through email on investor@supreme.co.in. The same will be replied by the Company suitably.

Login Method for e-Voting and joining virtual meeting for shareholders other than Individual shareholders holding securities in demat mode and shareholders holding securities in physical mode.

#### How to Log-in to NSDL e-Voting website?

- Visit the e-Voting website of NSDL. Open web browser by typing the following URL: https://www.evoting.nsdl. com/ either on a Personal Computer or on a mobile.
- Once the home page of e-Voting system is launched, click on the icon "Login" which is available under 'Shareholder/Member/ Creditor' section.
- A new screen will open. You will have to enter your User ID, your Password/OTP and a Verification Code as shown on the screen.

Alternatively, if you are registered for NSDL eservices i.e. IDEAS, you can log-in at https://eservices.nsdl. com/ with your existing IDEAS login. Once you log-in to NSDL eservices after using your log-in credentials, click on e-Voting and you can proceed to Step 2 i.e. Cast your vote electronically.

Your User ID details are given below:

Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical	Your User ID is:				
a) For Members who hold	8 Character DP ID followed by 8 Digit Client ID				
shares in demat account with NSDL.	For example if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****.				
b) For Members	16 Digit Beneficiary ID				
who hold shares in demat account with CDSL.	For example if your Beneficiary ID is 12************************************				
c) For Members holding shares in Physical Form.	EVEN Number followed by Folio Number registered with the company				
	For example if folio number is 001*** and EVEN is 101456 then user ID is 101456001***				

- Password details for shareholders other than Individual shareholders are given below:
  - If you are already registered for e-Voting, then you can use your existing password to login and cast your vote.
  - If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
  - How to retrieve your 'initial password'?
    - If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.
    - If your email ID is not registered, please follow steps mentioned below in process for those shareholders whose email ids are not registered.
- If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:
  - Click on "Forgot User Details/Password?" (If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting. nsdl.com.
  - "Physical User Reset Password?" (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
  - If you are still unable to get the password by aforesaid two options, you can send a request at <a href="mailto:evoting@nsdl.co.in">evoting@nsdl.co.in</a> mentioning your demat account number/folio number, your PAN, your name and your registered address etc.
  - Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.
- After entering your password, tick on Agree to "Terms and Conditions" by selecting on the check box.
- Now, you will have to click on "Login" button.
- After you click on the "Login" button, Home page of e-Voting will open.

Step 2: Cast your vote electronically and join General Meeting on NSDL e-Voting system.

#### How to cast your vote electronically and join General Meeting on NSDL e-Voting system?

- After successful login at Step 1, you will be able to see all the companies "EVEN" in which you are holding shares and whose voting cycle and General Meeting is

# Explanatory Statement under Section 102(1) of the Companies Act, 2013

#### ITEM NO. 4

The Company has several branches in India and may also open / acquire new branches in future. It is necessary to appoint Branch auditors for carrying out the audit of the accounts of such Branches. The Members are requested to authorize the Board of Directors of the Company to appoint Branch auditors in consultation with the Company's Auditors and fix their remuneration.

None of the Directors and Key Managerial Personnel (or their relatives) are interested in the said resolution.

#### ITEM NO. 5

The Members of the Company at their Seventy Third Annual General Meeting of the Company held on Wednesday the 16<sup>th</sup> September, 2015, had approved the appointment of Shri Ramanathan Kannan (DIN: 00380328), as Independent Director of the Company for a period of five years from 16<sup>th</sup> September, 2015 to 15<sup>th</sup> September, 2020, and thereafter at Seventy Eight Annual General Meeting of the Company, held on Thursday 17<sup>th</sup>September, 2020, had approved the re-appointment of Shri Ramanathan Kannan, as Independent Director of the Company for a further period of five years from 16<sup>th</sup> September, 2020 to 15<sup>th</sup> September, 2025.

Shri Ramanathan Kannan will attain 75 years of age on 23<sup>rd</sup> September, 2022, therefore in compliance with the provisions of Regulation 17(1A) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations 2015, members' approval is required for continuation of his directorship up to the expiry of his term of office i.e. upto 15<sup>th</sup> September, 2025.

Shri Ramanathan Kannan is a Post Graduate in Chemical Engineering and has vast experience in Petrochemicals and Polymers as also Project Finance. He has also served as a Director in various Companies. The Board of Directors considers that Shri Ramanathan Kannan has the requisite expertise, versatility, extensive and enriched experience that will be of benefit to the Company.

On the basis of the recommendation of the Nomination & Remuneration Committee, the Board of Directors at its meeting held on 29<sup>th</sup> April, 2022, approved subject to members approval at ensuing Annual General Meeting, the continuation of Shri Ramanathan Kannan, as Non-Executive Independent Director of the Company as mentioned in the Resolutions set out under item no. 5.

Shri Ramanathan Kannan holds 7410 number of Shares, of Shares in the Company.

Shri Ramanathan Kannan is interested in this Resolution as set out in Item No 5. None of the other Directors, Key Managerial Personnel or their relatives are in any way, concerned or interested in the said Resolutions.

The Board recommends the Special Resolution set out at Item No. 5 of Notice for approval by the members.

#### ITEM NO. 6

The Board of Directors of the Company, on recommendation of the Audit Committee, has approved the appointment of M/s. Kishore Bhatia & Associates, Cost Accountants, (Firm Registration No. 00294) as Cost Auditors to conduct the audit of the cost records of the Company for the financial year ending 31st March, 2023.

In accordance with the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the Member of the Company. Accordingly consent of the Members is sought by way of an Ordinary Resolution as set at Item no. 6 of the Notice for ratification of the remuneration amounting to ₹ 6,60,000/- (Rupees Six Lakhs Sixty thousand Only) per annum, plus reimbursement of out of pocket expenses as may be incurred during course of audit.

None of the Directors and Key Managerial Personnel (or their relatives) are interested in the said resolution.

The Board recommends the resolution for your approval.

#### **SUBSIDIARY COMPANY**

Onset of the financial year 2021-22 was a pack of mixed sentiments wherein on one side entire humanity was recovering from the worst pandemic of the century which cut the wings of all economy activities. On the other side businesses were embracing the new normal and digging out the pathways of growth & sustenance.

The Supreme Industries Overseas FZE has encircled 16th years of operation and became instrumental in achieving sales turnover of US\$ 10.26 Million (inclusive of third-party exports in INR) weighing 3685 MT during the financial year 2021-22 achieving exceptional volume growth of about 44% in plastic piping business. The geography of trade is spread over thirty plus countries touching GCC, Africa, USA, UK, Europe & Indiansub-continent.

Performance of financial year 2021-22 encompasses all the initiatives viz. continuance of business through decades old loyal customers, looping in new partners strengthening the current distribution network & successfully being awarded high value project orders due to its widest range, the total commitment to quality & services.

Once again Plexconcil, an export promotion council under Ministry of Commerce, Government of India, conferred on Supreme excellence in exports awards for PVC pipes & fittings for the four consecutive years starting from 2017 to 2021.

Supreme Overseas is aiming to surpass export-sales of US\$13.00 Million during financial year 2022-23 by strengthening current network in all directions. Brand promotion initiatives through various means likes of international exhibition, expand current basket of products & improvement of current range & developing new marketing tools will be the instruments of growth for the year 2022-23.

- Increase the use of renewable Energy by 30.41% in unit at all plants by own Roof Top solar & Procuring the clean energy through different energy sources wind/solar at PAN India location which was constituting\_10.04% in 2020-21 and increased to 12.37% in 2021-22.
- Reduce Greenhouse Gas emission by 3.75% & avoided emission is increased by 36.35% (Base Year 2019-20).
- 10 Roof top solar capacity of organization is almost double from 8.61 Mwp (20-21) to 17.09 Mwp FY(21-22) i.e. increase of 8.480 Mwp which are successfully commissioned at various units.
  - Further commissioning of 6.22 Mwp Roof Top Solar Power is in progress and shall be operational in April/May 2022.
- 11 Being responsible corporate citizen and eco-friendly environment, company replace asbestos roof sheet with metallic sheet at various location at PAN India.

#### Wind Energy:

During the FY 2021-22 Wind Energy supply started at our Halol- Muvala Plant, Gujarat. During this FY, 102.84 Lakh wind units consumed by different units PAN India which is 3.85% of our total energy consumption.

#### Group Captive:-

During the FY 2021-22 company had signed PPA of 3.5 Mwp Group Captive Solar Power which is likely to be operational by September 2022.

#### **Hybrid Power:-**

During the FY 2021-22 company had signed PPA of 70 Lakh Hybrid Units PA for its both units located at Halol-XF & Halol-Muvala, Gujarat.

#### 2. TECHNOLOGY ABSORPTION, ADAPTION AND **INNOVATION**

#### **RESEARCH & DEVELOPMENT (R&D)**

On-going study in the following areas to reduce cost of conservation and improve the quality.

- Evaluation of the alternative materials or additives to reduce the cost of raw material.
- Improving the output / input ratio to gain maximum finished products from per kg. Raw material.
- · Wastage management is highly focused and monitored through corporate management and recycling the product by using good waste management process.
- Modify the mould and dies to improve the cycle time to get higher production from the same machine.
- To modify the process parameters to improve the quality.
- Expenditure on R & D: Not significant

#### **B. TECHNOLOGY ADAPTION & INNOVATION**

The company is the trend setters in plastic piping segment and claim to be a total piping solution provider with more than 9000 products in the range. Company is continuously adding many unique, innovative and path breaking products to cater to the various application requirements. As and when required the company is seeking the technical assistance from the experts in the field to offer the technologically advance and superior products to the market. Few of the products innovated/developed are:

- Solvent Cements, Primer, Rubber Lubricants and Thread Sealants
- (ii) Raingain Rainwater Filters
- (iii) Fix-O Rubber Rings
- (iv) Underground Tanks
- (v) Underground Drainage and Sewer System (UDSS)
- (vi) Packaged Sewage Treatment Plants (STP"S)

**Technology:** Anaerobic followed by aeration process

Efforts made towards Technology Absorption:

The company has done a tie-up with one of the leading environment consultant in the field to get the expertise in product designing. This technology is initially introduced and used in Japan for big size sewage treatment projects which company has now converted in DAFF media for compact and smaller size STP's.

Ready to use, readymade solution which eliminates the need of tank construction

- 2. Intelligent combination of anaerobic and aerobic treatment
- 3. Excellent effluent quality Meets SPCB/CPCB requirements
- 4. Hygienic and safe operation
- 5. 70% reduction in O & M cost compared to conventional STPs
- 6. Easy and fast installation to save lot on the time, labour and cost
- 7. Cost effective

ANNEXURE - IV (A)

# Annexure to the Boards' Report

#### NOMINATION AND REMUNERATION POLICY

#### **PREAMBLE**

Pursuant to Section 178 of the Companies Act, 2013 and Regulation 19 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 [erstwhile Clause 49 of the Listing Agreement with the Stock Exchanges], the Board of Directors of every listed Company shall constitute the Nomination and Remuneration Committee. The Company already constituted Remuneration Committee comprising of three non-executive Independent Directors.

#### II. OBJECTIVE

The Key Objectives of the Committee would be:

- To guide the Board in relation to appointment and removal of Directors, Key Managerial Personnel and Senior Management.
- To evaluate the performance of the members of the Board and provide necessary report to the Board for further evaluation.
- To recommend to the Board on Remuneration payable to the Directors, Key Managerial Personnel and Senior Management.

#### **III. DEFINITIONS**

- "Board" means Board of Directors of the Company.
- "Company" means "The Supreme Industries Limited."
- "Employees" Stock Option means the option given to the directors, officers or employees of a company or of its holding company or subsidiary company or companies, if any, which gives such directors, officers or employees, the benefit or right to purchase, or to subscribe for, the shares of the company at a future date at a pre-determined price.
- "Independent Director" means a director referred to in Section 149 (6) of the Companies Act, 2013.
- "Key Managerial Personnel" (KMP) means
  - Chief Executive Officer or the Managing Director or the Manager,
  - (ii) Chief Financial Officer,
  - (iii) Company Secretary and
  - (iv) Such other officer as may be prescribed.
- "Nomination and Remuneration Committee" shall mean a Committee of Board of Directors of the Company, constituted in accordance with the provisions of Section 178 of the Companies Act, 2013 and Regulation 19 of SEBI (Listing Obligations and Disclosure Requirements) Regulations.
- "Policy or This Policy" means, "Nomination and Remuneration Policy."
- "Remuneration" means any money or its equivalent given or passed to any person for services rendered by him and includes perquisites as defined under the Income-tax Act, 1961.
- "Senior Management" means personnel of the Company who are members of its core management team excluding Board of Directors. This would include all members of

management one level below the executive directors, including all the functional heads.

#### IV. INTERPRETATION

Terms that have not been defined in this Policy shall have the same meaning assigned to them in the Companies Act, 2013, and/ or any other SEBI Regulation(s) as amended from time to time.

#### V. GUIDING PRINCIPLES

The Policy ensures that

- The level and composition of remuneration is reasonable and sufficient to attract, retain and motivate Directors of the quality required to run the Company successfully
- Relationship of remuneration to performance is clear and meets appropriate performance benchmarks and
- Remuneration to Directors, Key Managerial Personnel and Senior Management involves a balance between fixed and incentive pay reflecting short and long term performance objectives appropriate to the working of the Company and its goals.

#### VI. ROLE OF THE COMMITTEE

The role of the Committee inter alia will be the following:

- To formulate a criteria for determining qualifications, positive attributes and independence of a Director.
- Formulate criteria for evaluation of Independent Directors and the Board.
- Identify persons who are qualified to become Directors and who may be appointed in Senior Management in accordance with the criteria laid down in this policy.
- To carry out evaluation of every Director's performance.
- To recommend to the Board the appointment and removal of Directors and Senior Management.
- To recommend to the Board policy relating to remuneration for Directors, Key Managerial Personnel and Senior Management.
- Ensure that level and composition of remuneration is reasonable and sufficient, relationship of remuneration to performance is clear and meets appropriate performance benchmarks.
- To devise a policy on Board diversity.
- To carry out any other function as is mandated by the Board from time to time and / or enforced by any statutory notification, amendment or modification, as may be
- To perform such other functions as may be necessary or appropriate for the performance of its duties.

#### **VII.MEMBERSHIP**

- The Committee shall comprise at least three (3) Directors, all of whom shall be non-executive Directors and at least half shall be Independent.
- The Board shall reconstitute the Committee as and when required to comply with the provisions of the Companies Act, 2013 and applicable statutory requirement.

- Minimum two (2) members shall constitute a quorum for the Committee meeting.
- Membership of the Committee shall be disclosed in the Annual Report.
- Term of the Committee shall be continued unless terminated by the Board of Directors.

#### VIII. CHAIRMAN

- Chairman of the Committee shall be an Independent
- b) Chairperson of the Company may be appointed as a member of the Committee but shall not Chair the Committee.
- In the absence of the Chairman, the members of the Committee present at the meeting shall choose one amongst them to act as Chairman.
- Chairman of the Nomination and Remuneration Committee could be present at the Annual General Meeting or may nominate some other member to answer the shareholders'

#### IX. FREQUENCY OF MEETINGS

The meeting of the Committee shall be held at such regular intervals as may be required.

#### X. COMMITTEE MEMBERS' INTERESTS

- A member of the Committee is not entitled to be present when his or her own remuneration is discussed at a meeting or when his or her performance is being evaluated.
- The Committee may invite such executives, as it considers appropriate, to be present at the meetings of the Committee.

#### XI. SECRETARY

The Company Secretary of the Company shall act as Secretary of the Committee.

#### XII. VOTING

- Matters arising for determination at Committee meetings shall be decided by a majority of votes of Members present and voting and any such decision shall for all purposes be deemed a decision of the Committee.
- b) In the case of equality of votes, the Chairman of the meeting will have a casting vote.

#### XIII. APPOINTMENT AND REMOVAL OF DIRECTOR, KMP AND SENIOR MANAGEMENT

#### Appointment criteria and qualifications:

- The Committee shall identify and ascertain the integrity, qualification, expertise and experience of the person for appointment as Director, KMP or at Senior Management level and recommend to the Board his / her appointment.
- A person should possess adequate qualification, expertise and experience for the position he / she is considered for appointment. The Committee has discretion to decide whether qualification, expertise and experience possessed by a person are sufficient / satisfactory for the concerned position.
- The Company shall not appoint or continue the employment of any person as Managing Director/ Whole- time Director / Manager who has attained the age of seventy years. Provided that the term of

the person holding this position may be extended beyond the age of seventy years with the approval of shareholders by passing a special resolution based on the explanatory statement annexed to the notice for such motion indicating the justification for extension of appointment beyond seventy years.

#### Term / Tenure:

- Managing Director/Whole-time Director / Manager (Managerial Person):
  - The Company shall appoint or re-appoint any person as its Managerial Person for a term not exceeding five years at a time. No re-appointment shall be made earlier than one year before the expiry of term.

#### Independent Director:

- An Independent Director shall hold office for a term up to five consecutive years on the Board of the Company and will be eligible for reappointment on passing of a special resolution by the Company and disclosure of such appointment in the Board's report.
- No Independent Director shall hold office for more than two consecutive terms, but such Independent Director shall be eligible for appointment after expiry of three years of ceasing to become an Independent Director. Provided that an Independent Director shall not, during the said period of three years, be appointed in or be associated with the Company in any other capacity, either directly or indirectly. However, if a person who has already served as an Independent Director for 5 years or more in the Company as on 1st October, 2014 or such other date as may be determined by the Committee as per regulatory requirement, he / she shall be eligible for appointment for one more term of 5 years only.
- At the time of appointment of Independent Director it should be ensured that number of Boards on which such Independent Director serves is restricted to seven listed companies as an Independent Director and three listed companies as an Independent Director in case such person is serving as a Whole- time Director of a listed company.

#### **Evaluation:**

The Committee shall carry out evaluation of performance of every Director, KMP and Senior Management at regular interval (yearly).

Due to reasons for any disqualification mentioned in the Companies Act, 2013, rules made thereunder or under any other applicable Act, rules and regulations, the Committee may recommend, to the Board with reasons recorded in writing, removal of a Director, KMP or Senior Management subject to the provisions and compliance of the said Act, rules and regulations.

#### Retirement:

The Director, KMP and Senior Management shall retire as per the applicable provisions of the Companies Act, 2013 and the prevailing policy of the Company. The Board will have the discretion to retain the Director, KMP, Senior Management in the same position / remuneration or otherwise even after attaining the retirement age, for the benefit of the Company.

#### XIV. PROVISIONS RELATING TO REMUNERATION OF MANAGERIAL PERSON, KMP AND SENIOR **MANAGEMENT**

#### General:

- The remuneration / compensation / commission etc. to Managerial Person, KMP and Senior Management Personnel will be determined by the Committee and recommended to the Board for approval. The remuneration / compensation / commission etc. shall be subject to the prior/post approval of the shareholders of the Company and Central Government, wherever required.
- The remuneration and commission to be paid to Managerial Person shall be as per the statutory provisions of the Companies Act, 2013, and the rules made there under for the time being in force.
- Increments to the existing remuneration / compensation structure may be recommended by the Committee to the Board which should be within the slabs approved by the Shareholders in the case of Managerial Person.
- Where any insurance is taken by the Company on behalf of its Managerial Person, KMP and any other employees for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel. Provided that if such person is proved to be guilty, the premium paid on such insurance shall be treated as part of the remuneration.

#### Remuneration to Managerial Person, KMP and Senior Management:

#### Fixed pay:

Managerial Person, KMP and Senior Management shall be eligible for a monthly remuneration as may be approved by the Board on the recommendation of the Committee in accordance with the statutory provisions of the Companies Act, 2013, and the rules made there under for the time being in force. The break-up of the pay scale and quantum of perquisites including, employer's contribution to P.F, pension scheme, medical expenses, club fees etc. shall be decided and approved by the Board on the recommendation of the Committee and approved by the shareholders and Central Government, wherever required.

#### Minimum Remuneration:

If, in any financial year, the Company has no profits or its profits are inadequate, the Company shall pay remuneration to its Managerial Person in accordance with the provisions of Schedule V of the Companies Act, 2013 and if it is not able to comply with such provisions, with the prior approval of the Central Government.

#### Provisions for excess remuneration:

If any Managerial Person draws or receives, directly or indirectly by way of remuneration any such sums in excess of the limits prescribed under the Companies Act, 2013 or without the prior sanction of the Central Government, where required, he / she shall refund such sums to the Company and until such sum is refunded, hold it in trust for the Company. The Company shall not waive recovery of such sum refundable to it unless permitted by the Central Government

#### **Remuneration to Non-Executive / Independent Director:**

#### Remuneration / Commission:

The remuneration / commission shall be in accordance with the statutory provisions of the Companies Act, 2013, and the rules made there under for the time being in force.

#### Sitting Fees:

The Non-Executive / Independent Director may receive remuneration by way of fees for attending meetings of Board or Committee thereof. Provided that the amount of such fees shall not exceed the maximum amount as provided in the Companies Act, 2013, per meeting of the Board or Committee or such amount as may be prescribed by the Central Government from time to time.

#### Limit of Remuneration /Commission:

Remuneration /Commission may be paid within the monetary limit approved by shareholders, subject to the limit not exceeding 1% of the net profits of the Company computed as per the applicable provisions of the Companies Act, 2013.

#### Stock Options:

An Independent Director shall not be entitled to any stock option of the Company.

#### XV. MINUTES OF COMMITTEE MEETING

Proceedings of all meetings must be minuted and signed by the Chairman of the said meeting or the Chairman of the next succeeding meeting. Minutes of the Committee meeting will be tabled at the subsequent Board and Committee meeting.

#### XVI. DEVIATIONS FROM THIS POLICY

Deviations on elements of this policy in extraordinary circumstances, when deemed necessary in the interests of the Company, will be made if there are specific reasons to do so in an individual case.

#### SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2022

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration Managerial Personnel) Rules, 2014]

To, The Members, THE SUPREME INDUSTRIES LIMITED, 612 Raheja Chambers, Nariman Point. Mumbai - 400 021

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by The Supreme Industries Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2022 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2022 according to the provisions of:

- The Companies Act, 2013 ("the Act") and the rules made thereunder;
- The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
  - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
  - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
  - The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 [Not applicable to the Company during the audit period];
  - The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 [Not applicable to the Company during the audit period];
  - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 [Not applicable to the Company during the audit period];
  - The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client.
  - The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 [Not applicable to the Company during the audit period]; and
  - The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 [Not applicable to the Company during the audit period];
- (vi) The Company has identified the laws specifically applicable to the Company:
- (a) Water (Prevention & Control of Pollution) Act, 1974;
- (b) The Air (Prevention & Control of Pollution) Act, 1981;
- (c) The Legal Metrology Act, 2009.

We have also examined compliance with the applicable clauses of the following:

- Secretarial Standards issued by The Institute of Company Secretaries of India.
- The Listing Agreements entered into by the Company with BSE Limited and National Stock Exchange of India Limited.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

#### We further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. In view of completion of their term as Independent Directors, Mr. Y.P. Trivedi and Mr. Bhupendra Bhargav have ceased to be the Directors of the Company with effect from 16th September, 2021 and no other Directors were appointed, and as such there has been a change in the composition of the Board of Directors of the Company during the period under review.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

All decisions at Board Meetings and Committee Meetings are carried out unanimously as recorded in the minutes of the meetings of the Board of Directors or Committees of the Board, as the case may be.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

ANNEXURE VII (B)

# Annexure to the Boards' Report

#### DETAILS OF ACTIVITIES UNDERTAKEN UNDER CORPORATE SOCIAL RESPONSIBILITY

# **Supreme Foundation:-**

The company conducts its Social Development Programmes primarily through Supreme Foundation. To provide quality education, uplifting of underprivileged community of the society, water, sanitation, health & hygiene and preservation & protection of environment through tree plantation etc. are the focused areas identified by the Supreme Foundation.

It is necessary to provide good education at grass root level for the all-around progress and development of the students and to make them disciplined, visionary and responsible citizens of India. Imparting of upgraded education at the base level will inculcate the good quality attributes among the children & they will learn the importance of our core value system & ethics and culture. Education is the prime aspiration of Supreme Foundation apart from elevating of deprived people in the society by providing basic living and healthcare facilities. With this object, Supreme foundation is playing important & constructive role in balancing the socio-economic structure of the Rajasthan region by deputing human resources viz (teachers, professors, volunteers) in the field of education and providing physical resources so that the quality of education at Government School can be improved. Supreme Foundation continues to work wholeheartedly even in the Covid-19 pandemic.

# 2. Purpose:-

The company has initiated project to provide the teachers for educating the students in government Sanskrit schools in Ajmer and Bikaner Divisions and lecturers in Sanskrit colleges in Rajasthan through Supreme Foundation. To meet the above objective, company has entered into an Agreement dated 27th June, 2017, between Supreme Foundation, Mumbai, with Divisional Sanskrit Education Officer, Ajmer, and Government of Rajasthan with an initial period for 5 years and the same has been further renewed for the period of 5 years. Pursuant to the above MOU volunteers teachers shall be recruited in the primary/ secondary school in 9 districts viz Bikaner, Hanumangarh, Shreeganganagar, Churu, Jhunjhunu, Ajmer, Bhilwara, Nagaur & Tonk. Moreover in entire Rajasthan in Sanskrit colleges lecturers shall be recruited for 2 years as per the requirements. Further it has also undertaken similar activities of providing teachers in primary and secondary schools of (i) Ladnu Tehsil in Nagaur District of Rajasthan & entered into an agreement with education department, Nagur dated 1st May 2019 and the same was renewed on 22.04.2022 for further period of 5 years. (ii) Sujangarh Tehsil in Churu district of Rajasthan and entered into agreement with education department Sujangarh (Churu) on 1st January 2022 for a period of 5 years.

Supreme foundation has been working with primary objective of:

- Upgradation of basic education at foundation level in primary/ secondary school.
- b. To promote encouragement of girls education.
- Encouraging sports & cultural activities. c.
- Uplifting level of education to backward section of children in the society. d.
- e. Availability of physical resources required for education, preparation of playground.
- f. Recognition of meritorious students by giving awards.
- Making School Campus green, clean and environment friendly. g.
- Co-scholastic activities evaluation and increase in enrolment of number of students.
- i. 100% passing percentage in Board results.
- Coaching of community classes through Shiksha Aapke Dvaar during Covid pandemic. j.
- Learning of Computer Applications. k.
- Digital Education through various "Apps" (E-learning & M-Learning).

Supreme Foundation is working to promote Sanskrit language through providing lecturers at various Sanskrit Colleges in Rajasthan to promote & augment Sanskrit language among students, the purpose of which is to spread the spirit of universal brotherhood, & make them understand importance of Indian cultural values & rich heritage so that children remain connected with our core principles & ideology which will make the nation healthy & prosperous in every spheres.

# Brief description of activities undertaken in Government Sanskrit College & Government Sanskrit School which yielded significant achievements in various districts of Rajasthan are mentioned as under:-

#### Project of educational upgradation of Govt. Sanskrit College in Rajasthan

# (i) Increase in Enrolment & Improvement in the Results of the Students

Due to the more lecturers recruited in Rajasthan and in view of proper guidance of active volunteer/ teachers engaged by Supreme Foundation, there has been increase in number of new admissions in Govt. Colleges. The examination result also improved significantly with 100% passing result in most of the colleges in last two years on y-o-y basis over a period of last 5 years.

# (ii) Active Participation of Students in Sports & Cultural Activities

The students have participated in traditional sports and cultural activities and shown good performance in various types of competition. The participation of college girls in these activities was also encouraging. The winner/ runner up students were received various rewards. These competitions have improved physical fitness amongst students and enabled them to perform daily activities in timely & disciplined manner.

#### (iii) Environmental Awareness through Tree Plantation

Tree plantation and plant growth activities are conducted by college teachers & volunteers in the Sanskrit Colleges which has created awareness about environment protection and to keep the college and its surrounding clean/green by planting different types of trees.

# Project of educational upgradation of Govt. Sanskrit Schools in Nagaur, Churu, Ajmer, Bikaner, Hanumangarh, Shreeganganagar, Jhunjhunu, Tonk & Bhilwara

#### **Status of the School working before 5 Years**

Before 5 years the Govt. Sanskrit schools were running in very pathetic manner. Due to the shortage of teachers in these schools there was continuous decrease in enrolment & significant fall in the admission of girls due to non-availability of female teachers, missing of academic activities, non-organisation of festive programmes, Low level of learning skill amongst the student especially in English, science & maths due to vacant position of teachers remained in these subjects for many years. Above limitations have resulted increase of dominance of private schools in these viccinity.

#### **Present Status:**

# (i) Increase in New admission & overall improvement in the performance of the students:-

After engagement of more volunteers/ teachers (subject-wise) by Supreme Foundation, there has been significant increase in enrolment in the ratio of both gender viz girls & boys, schools started running regularly, interest of the students increased towards Govt. Sanskrit schools & overall improvement witnessed in the learning level drastically among students. Due to the special effort of teaching in mathematics, Science & English extra ordinary progress has been seen in the examination result in these subjects. This has resulted in upgradation of schools level of Sanskrit education by the department in their record.

#### (ii) Recognition of Meritorious students and honouring them with appropriate rewards.

There has been significant increase in the meritorious Students and these scholar students were given due recognition and honoured them with appropriate rewards.

#### (iii) Education during Covid-19

Under the guidance of the management of Supreme Foundation arrangements were made for education in the community & in schools during Covid-19

### (iv) Bridge course for Primary & Upper Primary Classes:

Due to the lockdown and closure of the schools there has been degradation in the level of primary/ upper classes, learning gap has been created in the studies due to promotion of students without exams. To bridge the same and to improve subject wise learning skills of the students, special efforts were made by deputing (a) additional primary teachers in the schools (b) Conducting extra classes to cover extra course for general education & Sanskrit education (c) To complete the syllabus on timeline and with proper comprehension (d) These initiative has helped in overall improvement amongst students and especially to weaker students in their studies and to appear before the board exams with full confidence.

# (v) (a) Tree Plantation under the concept of Vriksha Mitra

Students have been made understanding the concept of "Vriksha Mitra" with more tree plantation, regular watering and proper nurturing as per the need of each season & as a result the dream of "green school" became true. Drip water system was installed for irrigation by planting trees in Govt. Sanskrit Vidyalaya.

#### (b) Birthday Celebration through Tree Plantation:-

Students were motivated to plant a tree in the school with the responsibility of its protection as a part of celebration on the occasion of his/ her birthday.

# (vi) Timely Completion of Syllabus

Syllabus of board exams was completed on time through additional strength of teachers/volunteers. This has also resulted in the improvement in the level of weak students.

In schools where computers were available CDs were distributed & as a result gap of study level between private school & Govt. School narrow down especially in English language. The students of the primary level of Sanskrit education also got stronger hold of English language which has removed the inferiority complex among the parents to their children in providing education in Govt school as compared to private school.

#### (viii)Learn by fun

Primary level students were taught method of learn by fun.

#### (ix) Utility of Prayer books

Prayer books were made available to the students, resulted in increase in regularity amongst students & also brought discipline in the prayer meeting. The prayer hall has become a symbol of inspiration & motivation place & enabled the students to increase their concentration.

# (x) Kit Distribution for the prevention of Covid-19

Due to Kit distribution families felt themselves safe and secure in sending their children in schools. They express gratitude for this gesture of foundation.

#### (xi) Distribution of Sweaters

In the winter season when the climate is too cold in Rajasthan, sweaters were distributed amongst students to protect them from cold winter and it has provided much relief to the students physically.

#### 3. Appreciation by Rajasthan Govt. for support of free medicine

During Covid-19 volunteer/teachers supported the vaccination program of Rajasthan Govt. and encouraged the people to get them fully vaccinated with the help of medical team. Doubt in the mind of general public regarding so called side effect of vaccination were removed. Rajasthan govt. appreciated initiative of Supreme Foundation for their support for free medicines scheme and their valuable contribution in vaccination programme during Covid period.

#### Shiksha Aapke Dvaar

According to an order of the state Government, the entire teaching work was stopped in in the Schools of Municipal Corporation and Municipality area from 10 January to 15 February 2022. Volunteers were appointed in the community centre by the Supreme Foundation to ensure that the teaching work should not be interrupted. After getting permission from the parents of the students, the volunteers encouraged the students to join the teaching work. As a Result, the students started remaining present in the Community Centre on daily basis. Regular homework was given to the students and it was checked from time to time. At present, special preparations are being made for ensuing board examination, in which practice is being done through model papers.

# 5. Learning through Computer Buses

Earlier the students of the govt. schools, most of them belongs to very poor families, were not getting the chance to know basic knowledge of computer, since it was never used by them due to non-availability of computers lab till upper primary level. Even in most of secondary and senior secondary schools where computer labs were available proper computer classes/ training were not held due to non-functioning of computer in working conditions. When computer bus facility was started this initiative was well appreciated by the school authorities. Now the students are learning practical knowledge of computer and also its usefulness & general applications. Besides students, young people are also taking interest in learning applications of computer. Presently two computer buses are moving in several districts of Rajasthan. Fully equipped with 20 computer station in each bus and a computer teacher & coordinator.

- Mobilisation of Oxygen Plants at hospitals situated at Nagaur & Ladnun for the treatment of the patients affected by Covid -19 Pandemic.
- Supply of Medical Equipments such as Nebolyzer, ECG, CBC, Oxygen concentrator etc. in Govt Hospitals in Rajasthan & Kerala & West Bengal for the treatment of patients.
- Other medical relief and support in the Covid Pandemic were provided from time to time.
- Construction of Road with Nala, Construction of Toilet Blocks and other repair at the request of Gram Sarpanch.
- 10. Renovation/repair & providing additional facilities at various schools which has facilitated the students to study and teachers to teach comfortably.

# **Future Plans**

In coming year, Supreme Foundation would continue its focus to provide more and more resources to improve education level in Govt. schools in Bikaner and Ajmer Divisions & colleges in Rajasthan as well as in various schools of Ladnu Tahsil of Nagore District of Rajasthan. It will also undertake infrastructure improvement at various schools including construction of classrooms, toilet facilities, and drinking water facilities apart from providing computers, books, furniture and other required accessories. Providing basic living facilities and construction of village roads, water kunds and public convenience facilities would also be continued.

It plans to spend about ₹ 1900 Lakhs on various existing and proposed activities being undertaken for the year 2022-23.

Company has also taken various initiatives and brief details of activities undertaken are as under:

#### Village health improvement Initiative:

This initiative has entered its 14th successful year since it's inception in the year 2008. The health center's main camp is located at Dhadgaon in the district of Nandurbar, Maharashtra.

This facility comprises of a mobile medical van equipped with necessary diagnostic equipments, medicines etc. This mobile van is manned by team of 4 persons which includes a Nurse, a Kishori co-coordinator, a driver and a project co-coordinator. During the period Apr'21 to Mar'22, this facility has benefited as many as 5353 villagers mostly coming from tribal areas & residing in remote villages of Nandurbar District.

The above health improvement program's initiatives include -

- Kishori Karyashalas (Kishori Workshops) at villages.
- b) Free distribution of medicines especially during epidemics.
- Company's Ambulance is provided to the needy & critical patients of nearby villages for first aid as well as transferring patients to the government or private hospitals in bigger towns.

#### Daily Drinking water supply to village of Gadegaon:

Village of Gadegaon has been facing a problem of acute shortage of drinking water through out the year. The problem is of perennial nature. Our company is supplying 1,50,000 liter of water every day from our water pond at Gadegaon complex.

# Police welfare fund:

Company has contributed generously to the Police Welfare Fund which is used for the welfare activities for the families of police personnel viz children's education, scholarships, medical help, & special assistance to the widows etc. The company has contributed ₹ 5,00,000/- for the above Welfare fund during the year under review. It has also provided office furniture to Jamner Police Station

# 4) Multi-purpose Hall at MIDC Police Station:

The company has constructed the multipurpose hall at a cost of around ₹ 10 lakhs for use of for many different activities like training programs for police personnel, conferences, cultural programs, Yoga & meditation and also as a transit dwelling facility for the police personnel during times of insurgencies & threat to the law and order situations.

# Construction of Public Toilet Block at Sagar Park, Jalgaon:

This Public Toilet Block (Convenience facility) was built and made operational on 16th Nov 2021.

This is the second facility of it's nature provided by the company in the service of the citizens of Jalgaon city. This is line with the Govt. of India's " Swacchh Bharat Abhiyaan " This will also help municipal corporation towards it's goal of getting recognition to the city of Jalgaon as a Smart City.

The company has signed an agreement with Jalgaon Municipal Corporation and as such the facility will be operated & maintained by the company for a period of 30 years or more.

This facility is located in the heart of the city on a prominent road near Aakashwani Chowk. It is built on a sprawling ground of Sagar Park.

This ground is frequently used for multiple activities like sports competitions, exhibitions & for various social, religious & cultural programs throughout the year.

The total amount spent on the construction of this facility is ₹ 59,75,000/-

During the year under review, company has spent a sum of ₹ 1,577.65 lakhs under its CSR initiatives. These includes donations to several registered trusts apart from direct spending for Educational purpose to schools & colleges, Basic Living facilities & Health Care, Natural Disaster relief, cleanliness, self-employment initiative, & cultural activities and providing company's goods at special prices to Philanthropic NGOs and Trusts. These Trusts/NGOs are doing great work for the humanity and providing education, vocational training, medical & healthcare facilities, basic needs and amenities for underprivileged at a very low cost and grants for medical help & education.

For and on behalf of the Board of Directors

B. L. Taparia Chairman

Date: 29th April, 2022

# **Management Discussion and Analysis**

# 1. OVERVIEW

The year began on a gloomy note with the second wave of Covid which affected the economy in general and the rural economy in particular, in a very severe way. The first quarter of the year which normally remains most business friendly for the Company (considering its product profile) witnessed quite a weak demand for most of the product segments of the Company.

Thereafter, Polymer prices witnessed relentless upward march which continued up to middle of November 2021. Subsequently, prices fell quite steeply (especially in PVC Resin) which virtually destroyed the demand of Plastic Pipe Systems albeit temporarily.

Even in such extreme adverse circumstances, the Company managed to recover large quantum of its lost business and achieved substantially better business in remaining part of the year. (compared to preceding previous year) in most of the segments in which it operates.

Covid-19 pandemic was very effectively contained by the Central & State Governments with effective vaccination drive and local lockdowns, while largely enforcing Covid appropriate behavior. This has galvanised the economy on growth path. It was further supported by normal monsoon resulting in improved agricultural production.

Despite the hostile & adverse environment, Company maintained a positive outlook for its growth plans. It persisted with its large investment plan with full confidence that business will be quite promising in the year 2022-23 and beyond.

The expectations are proving to be realistic. This is further supported by softening of the upward trend of Plastic raw material prices. From the start of the year beginning April 2022, the Polymer prices have started downward trend.

Company sold 4,11,521 tons product in the year 2019-20. Thereafter, in subsequent two years, the volumes continued downward trend reaching a low of 3,93,908 tons in the year 2021-22. The Company is confident that in the current year (2022-23) Company will be able to achieve good business volume and growth over pre-covid level achieved in the year 2019-20.

Most of the business segments are now showing improved demand prospects. The Composite LPG Cylinder division which was formed in the year 2014 was languishing up to end of March 2021. However during the year under review, this division started utilizing its capacity effectively and has now firmed up its expansion plan to double the installed

Thus, the Company is now actively present in thermoset section of Plastics, which augurs well for the further growth plans in this section of business.

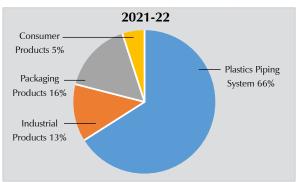

The Company continues with its investment plans vigorously which may exceed the Capex plan of 2021-22. The Company envisages good business growth opportunities in all its segments going forward as the impact of pandemic has ebbed and several initiatives are being taken by the Government to put the Country on higher growth path.

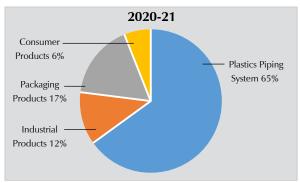

# 2. PRODUCT GROUPS

The product groups of the Company have been categorised

Group	Products
Plastics Piping System	uPVC Pipes, Injection Moulded PVC fittings and handmade fittings, Polypropylene Random Co-polymer pipe system, HDPE Pipe Systems, CPVC Pipes Systems, Inspection Chambers, manholes, Toilets Bath fittings, Roto moulded Tanks and Fittings and Solvents, Industrial Piping System, DWC Pe Pipe System, Pex Pipe System and Fire Sprinkler System
Consumer products	Furniture
Industrial Products	Industrial Components, Material handling System and Pallets - Roto moulded crates, pallets and garbage bins and Composite LPG Cylinders.
Packaging Products	Flexible packaging film products, Protective Packaging Products, Cross Laminated Film products.

# PRODUCT GROUP WISE SHARE IN TURNOVER FOR THE LAST TWO YEARS (% of Value)

The net turnover (including other income) of the Company for the year under review was ₹ 7840.51Crores (including ₹ 105.89 Crores by way of trading in other related products) as against ₹ 6383.59 Crores (including ₹ 125.23 Crores by way of trading in other related products) during the previous year.

The Company has sold 393908 tons of Plastic products as against 409109 tons of Plastic products in the corresponding period of previous year, reflecting a de-growth of 4% in product turnover by volume.

The Company exported goods worth US \$ 29.11 million as against US \$ 18.35 million during the corresponding period of the previous year. Profit before interest, depreciation and exceptional items and taxes during the period under review have been at ₹ 1309.89 Crores as against ₹ 1312.74 Crores during the previous year.

## 3. COMPANY STRENGTH AND GROWTH DRIVERS

# 3.1 Manufacturing Sites

The Company is operating from 25 manufacturing sites across 12 States and Union Territories. The Company has taken up of Three Green Field Projects primarily for Plastics Piping System in the States of Assam, Odisha and Tamil Nadu. Same are likely to be in operation during first half of current year.

#### 3.2 Distribution Network

The Company is committed to reach to all the Tehsil areas of the Country. The Company has been able to create Dealer network in hundreds of Tehsils during the year, where Company's products are either not there or having very marginal reach. The Company's active Channels Partners strength increased to 4053 Nos in March 2022.

Global markets have started opening up, enabling the Company to reach to the overseas customers. The Company has started participating in various national and international exhibitions, frequency of which is expected to further increase going forward.

The Company continues to open more Depots to service its customers in a cost efficient manner. The Company has total 36 Depots and Fabrication facilities for its various product groups.

#### 3.3 Growth Drivers

The Company's spend on TV advertisement at regional and national level and in various sports events being telecast apart from use of diverse modes of media during the year has strengthened its Brand further. Participation in various national & international exhibitions has again started.

The Company has conducted large nos. of plumber meets to educate them about new piping products, proper application techniques etc. The same has been well appreciated by the plumbing community and they have expressed their desire for more such events to be organised on regular basis. Knowledge centers opened by the Company are playing a pivotal role in providing knowledge about new products/ applications and able to create awareness among architects, contractors, farmers, plumbers and channel partners.

Unfortunately counterfeit products are being introduced by some unscrupulous players in a large way in the Pipe Segment, Cross Laminated film and Furniture product segments. The Company is quite active in seeking legal remedy to protect the consumers from getting cheated. The Company has been largely successful in containing this menace which however appears to be a recurring problem

## 3.4 Renewable Energy - a way forward

The Company is committed and has taken very focused steps to ensure that it uses more and more green and renewal energy and becomes more environmental friendly.

Roof top solar capacity of the Company has almost doubled from 8.61 Mwp FY(20-21) to 17.09 Mwp during the year FY(21-22) i.e. increase of 8.480 Mwp successfully commissioned at various units. Further commissioning of 6.22 Mwp Roof Top Solar Power is in progress at various units & shall become operational in April/ May 2022. Company also signed PPA of 3.5 Mwp Group Captive Solar Power for its units in U.P. which is likely to be operational by September, 2022.

Company is also using and exploring ways to increase uses of wind energy. During the year 102.84 Lakh wind units were consumed by different units across India which constitutes 3.85% of Company's total energy consumption. Further, Company also signed PPA of 70 Lakh Hybrid Units PA for its two units located at Halol in Gujarat. Company plans to further invest about ₹ 40 Crs. during the year for Solar energy installations and would also increase usage of renewable energy sources through open access/Group Captive or apex mode.

During the year Company could achieve usage of about 12% of its total energy consumption through renewable energy sources and it aims to achieve 20% target by end of financial year 2022-23.

The Company aspires to be carbon neutral at the earliest feasible and would pursue this vision in a focussed manner by taking various effective steps and allocating more resources.

#### 4. OPERATIONAL PERFORMANCE

# 4.1 PLASTICS PIPING SYSTEMS

The Company continues its objective to aggressively grow Plastic Pipe System business where the Company is a leader in the segment as it has the largest portfolio of products, which is being continuously expanded to offer more systems as required by the market it caters to.

During the year under review the Company registered an overall revenue growth of about 24.6% in Plastic Piping System made from different plastic materials. Overall the Company sold 274295 Tons of Pipe System compared to 294357 Tons in the preceding year.

In the year under review the spread of corona pandemic was more pronounced in rural areas and consequently the AGRI business was affected adversely especially during the months of April'21 and May'21. Since the AGRI business is of large volumes and seasonal, the loss could not be recouped during the off-season period, when there is low demand for this application. This has led to de-growth in volumes for the full year.

PVC is the predominant raw material in the Company's Plastic Pipe business. During the year 21-22 the prices of PVC were literally in roller coaster mode. The prices of PVC were in upward trend from 16th March 2021 till middle of May 2021. Overall prices of PVC went up by ₹ 16/- per kg during that period. Thereafter from 1st June '21 prices of PVC started decreasing till up to July' 2021 and the fall was close to ₹ 10/- per kg. Thereafter from 1st August'21 onwards the prices of PVC kept increasing till middle of November'21. Overall prices of PVC went up by ₹ 42/- per kg during that period. Thereafter again the prices of PVC started falling and the prices decreased by approx. ₹ 29/- per kg up to beginning February'22. This has affected the market sentiment and led to de-growth by around 6.9% in volume for the year.

The Government at the Centre and States have put the priority focus on Jal Jeevan Mission (To provide tap connections to every household), Pradhan Mantri Awas Yojana (Housing for all), AMRUT, Swatch Bharat Abhiyan, Sanitation and affordable houses to all and development of 100 smart cities on all India basis. NITI Aayog has declared following as growth drivers across the country:

- Government infrastructure spending
- Increasing construction
- Increasing Industrial production
- Rising demand from irrigation sector
- Replacement of aging Pipes
- Providing affordable house to all
- Heavy investment by Government in irrigation, housing and sanitization

Almost all the above growth initiatives will give a boost to the business of Plastic Piping System Division.

Real Estate Regulation Act (RERA) has transformed the way housing sector business is conducted in the Country. Many prominent Business Houses have announced ambitious plans in this sector to grow geometrically with launch of their projects at multiple locations. For affordable housing segment the Company has introduced customer friendly drainage system under the different brand name "Streamline" which meets all functional requirements of the affordable Housing sector. The growth tempo has now started and the Company expects good demand coming from the segment on a sustainable basis.

The Company incurred a Capex of ₹ 132.26 crores in the year under review in its various plants to build higher capacities and increased range. Majority of them have been put to use.

The Company with objective of making its footprint for manufacturing in South Zone, for Plastic Piping Division, has commenced the manufacturing at Jadcherla, District-Mahaboobnagar at Telangana in a plot area of 50 acres. The production of PVC Pipes, cPVC Pipes, Water & Septic Tanks at this location has started. The Company is planning to start one more plant at South zone at Perundurai, Tamil Nadu.

The plant at Kharagpur is now fully operational. The increased capacity of HDPE and DWC Pipes at Kharagpur plant is in place. Further capacity expansion of Moulded Fittings is also complete. Plant is operating at its optimum capacity now.

The Company now has three plants producing HDPE Pipes in West, East and North Zones to cater to these markets effectively. The Company has planned to start the production of HDPE Pipes at three more new locations and all are expected to be in place during FY 22-23.

The Company now manufactures Roto Moulded Products at all four geographies of the country viz., North, South, East and West to service these markets cost effectively. The Company plans to add manufacturing of Water Tanks at three more locations during FY 22-23. The Company has put in place plans to substantially increase the business of Water Tanks through different market strategy of servicing directly to retailers from the respective factories at many places. The Company also launched Premium range of Water Tanks branded as "Weather Shield" with added features such as superior thermal insulation etc., from three locations with good market response. To cater to economy range of Water Tanks market the Company plans to start the manufacturing of Blow Moulded Water Tanks at two of its locations viz. Assam and West Bengal.

Overall, by September this year, the Company will be producing Tanks at 8 different locations which will enable it to service customers more economically.

The production of Double Wall Corrugated HDPE Pipes continues from Gadegaon and Kharagpur plants with necessary BIS Certification. The Company has also launched suitable DWC Pipe for Cable Ducting application to cater to this application. The Company is in process to educate various departments about the benefits of putting in place a good quality DWC Pipes with latest technology and using virgin certified raw materials in terms of performance and longer life.

The Company introduced 66 nos. of variety of Injection Moulded Pipe fittings during 2021-22. They all have been well received in the market. The Company has plans of introducing further new items during the year as per system requirement. The total product portfolio in Plastic Pipe System has reached 9108 nos., thus adding 338 products to the range of various Plastic Piping System, over the preceding

The Company manufactures the cPVC Pipes at four of its manufacturing locations and cPVC Fittings at two of its manufacturing locations. The production of cPVC pipes at Jadcherla plant is fully functional with necessary BIS certification. For some time The Company had raw material availability problem from its only source viz. Kaneka, Japan on account of one of its plants having been shut down (owing to snow storm in USA) in February 2021. That plant of Kaneka has now restarted production. The Company is assured of larger volume of CPVC supply in the current year from them compared to previous year. The Company has also independently tied up with other sources to get increased volume of CPVC resins in the current year. The cPVC system sales during the year under review grew by 36.7% in value over preceding year.

The Company plans to start three new manufacturing units at new locations viz. Guwahati (Assam), Cuttack (Odisha) and Perundurai (Tamil Nadu) for Plastic Pipes, Hoses, Water Tanks, Septic Tanks etc. At Guwahati the machine installation is complete and it should start commercial production shortly. At Cuttack the Company has already acquired 29 acres of land and is in the process of further acquiring 4-5 acres of land which are plots in between and after taking these plots the land will become contiguous. The Company has already awarded the Civil and PEB contracts for same and construction is in full swing. The Company plans to start the production at Cuttack unit by August'22. At Perundurai (Tamilnadu) the Company has taken 32 acres of land from SIPCOT at their fully developed Industrial Site. The construction work is in full swing. For PVC Pipe production, at that plant the Company is shifting required machines from Gadegaon plant. However, for other products the new machines are being ordered. The commercial production there is likely to start by August'22.

The Company has started manufacturing variety of Specialized Valves such as Butterfly Valves, Swing Check Valves, Ball type non-return Valve etc.. These Valves have been designed for different applications like Industrial, Agriculture and Plumbing segments. They are made of specialized materials to ensure reliability & longer life and also to meet best of global standards. The Company has received positive response from the market. The Company intends to increase the range of Valves for Industrial usage in the current year.

The AQUAKRAFT Bath Fittings (including newly launched Chrome Plated range) introduced by the Company is now well established. There were 26 new items introduced during the year. The portfolio in Bath Fittings has reached to

150 items. The Company plans to further complement the range during 2022-23 by introducing many new products in Bath fittings including some of the premium products. The enhanced manufacturing facility at the newly built unit to make Bath Fittings at Pondicherry is already in place. The Bath Fittings sales during the year under review grew by 30% over corresponding previous year.

The Company now has 31 Product Systems in the division and plans to add 4 new systems in the division viz. Electrical Conduit system, Hoses (Garden and Pressure), PEX Pipe system and Olefins Moulded Fittings (Compression and Electro fusion) during the current year.

The Company's business to Export market during the year had a growth of 84.57% in US \$ terms. The Company is continuously trying to increase its export business of Piping Systems in several markets.

The Division's Value-Added Products sale was 41.89% compared to 39.27% in the previous year. The Company is now servicing through 1250 Channel partners. The Company continues to expand its reach by appointing new Distributors in areas where there is a gap in servicing. The Company has also started directly servicing retailers in selected markets for certain specific products of this division.

The Company has set up multiple Knowledge Centres across the country to train Plumbers and interact with Farmers, Architects and Plumbing consultants in respective zones. Currently, they are functioning at Gadegaon, Kochi, Malanpur and Kharagpur. Company expects to start such centres at more locations in near future at the new upcoming units.

With the help of specialists, the Company has embarked upon a new activity with nomenclature as "Plumbing Workshop" which is a full day session with Plumbers. Here the sharing is of latest Plumbing techniques along with applications of new products introduced by the Company in the recent past in the range. The markets have well appreciated it and there is pressure on Company to increase the Plumbing Workshop numbers substantially. The Company could organize only 67 Plumbing workshops in the year 2021-22 owing to pandemic related restrictions. Company plans to organize 300 Plumbing Workshops during the year 2022-23. There are now more than 93,000 Plumbers associated with the Company.

The Company extended welfare measures to its influencers and continue to take appropriate measures for their well being.

The Company has started monitoring data of retailers who buy regularly through its distribution channels. An action plan to increase the number of such retailers on all India basis has been worked out and is being tracked. There are now more than 41,000 retailers connected with Piping System Business on a regular basis.

FlameGuard CPVC pipe system made by the Company is considered as a safe material for the use in fire sprinkler system in many parts of the country.

Unlike plumbing system, a fire sprinkler system requires multiple approvals. Much awaited revision in Indian standard IS-15105 has been completed and revised standard has been published towards the end of August '21. Now CPVC has been considered as an alternate material to metal system for use in Automatic sprinkler fire extinguishing system. As system is considered in Indian standard more customers started considering this system as an alternate material to traditional metal system.

Maharashtra, Karnataka and Gujarat have already started the use of CPVC Fire Sprinkler system.

The cost of the GI pipes for fire sprinkler has shown steep increase and the price gap between metal and CPVC system has been reduced considerably. The system has limited success in a part of the country where MS pipe is still considered as material for installation in sprinkler system instead of GI pipe. The cost of the MS pipe is approximately 20-25% less compared to GI pipe system.

In addition to this Company has started use of own in-house compound. As a result, the cost of the system has been reduced drastically. At present the Company is dependent on the import of metal insert fittings and the solvent cement. The Company is exploring with its collaborator for manufacturing of solvent cement also locally.

Product installation training for this system is a mandatory requirement before the actual installation starts to avoid hiccups. The Company provides the technical support by providing the Bill of Quantities (BOQ) from the sprinkler layout of the project. The Company also offers full support to the installer including the value engineering to reduce the cost without compromising the quality of the installation. The Company expects substantial business growth in this segment in coming years.

The Company got Brand Health Survey done for Supreme Piping System. Participants in the survey were consumers, retailers and influencers on all India basis. The necessary actions are being planned to improve the Brand Health in states based on findings of this survey.

To support environment concerns, Company is gearing up to meet with National Green Tribunal directive of phasing out Lead stabilizers from manufacturing of different types of uPVC Pipes. The Company has already started using lead free stabilisers in many piping systems.

# 4.2 CONSUMER PRODUCTS

# 4.2.1 FURNITURE

The year 2021-22 was a tough year for furniture business owing to steep increase in Polymer prices. The prices of PP increased by almost 20% from October 2021 onwards, adversely affecting the demand of furniture in the second half. The Company registered value growth of 36% in the first half of 21-22 but witnessed a flat second half. For the full year, the Company registered growth of 11% in value terms but its volumes declined by 6%.

Furniture demand remained adversely affected due to service segments not opening up such as Marriage Places, Restaurants, Decorators, Schools & Colleges etc. Even other segments have seen low demand as they have been cautious in their new purchases. Similar trend was seen in household purchases as customers are holding back on their discretionary spend. The effect of increase in prices of PP had a cascading impact on consumer purchases of the furniture as the differential in pricing with unbranded reprocessed furniture became large. However, the Company sees a bright future for the current year as the polymer prices have started declining since beginning of the year. With all sections of economy opening up paving the way for a growth in demand of The Company's furniture products.

The Company continues to remain a market leader in the Premium Range of Plastic Furniture. The Company's premium furniture business grew by 19% in value terms during the year and its share of total sales grew from 47% to 50% during the year. Due to its multiple manufacturing units located across the country e.g. in North (Punjab),

South (Puducherry & Telangana), East (West Bengal), West (Maharashtra) & North East (Assam), the Company has an excellent reach at Pan India level and is committed to serve its customers efficiently.

The Company is a pioneer in upgrading the perception of plastic furniture by introducing highly innovative premium range. The Company is now focusing on creating large retail showrooms for displaying plastic furniture in an attractive manner. This will help the consumers to select the furniture of their choice from a vast range of display and offer them a pleasant experience of buying the premium furniture. The Company opened 22 such showrooms in Eastern India in 21-22 and plans to have total 100 such showrooms by close of 22-23.

The Company manufactures furniture with all three different technologies i.e Injection Moulding, Blow Moulding & Roto Moulding. The Company has been manufacturing Injection Moulded Furniture for last 31 years and it contributes to 95% of its total furniture sales. The Company started manufacture of Roto Moulded Furniture in Feb 2020 but these products could not be marketed properly in 21-22 owing to schools remaining closed all through the year. With schools now opening up, the Company expects business to establish from the Roto Moulded range in current financial year.

During the year, the Company's sales of Blow Moulded Tables remained flat over last year owing to various business segments such as decorators, schools remaining almost closed. However, the Company has initiated marketing efforts for promoting its sale and expects good growth in 22-23 from this segment. The Company is already supplying 21 models of Blow Moulded Tables and will soon be introducing 4 more models in the first quarter.

The Company introduced 12 New models during the year of various furniture items comprising of chairs, tables, cupboards & baby furniture. Some of the new models have been well received and are expected to acieve good growth in the coming year. With economy opening up, the Company plans to launch variety of new models during 22-23 which will help in overall growth in the coming year.

The Company is committed to make available its furniture across India and is working towards increasing its retail penetration at each Tehsil/ Taluka level. The Company currently has 14522 retailers selling its furniture who are being serviced through Company's network of 1306 channel partners. The Company plans to add 1900 retail outlets during the year. The Company has identified some of its weak markets and has planned to intensify the marketing activity in those markets for improving its retail penetration and increasing the number of channel partners in those

The Company's furniture range is sold on various e commerce portals through a few dedicated channel partners as well as various resellers. The Company has initiated the process of allowing authorized resellers to actively promote the sales through transparency program of Amazon for proper servicing of customers, build ratings for Company products and increase the overall online sales. The Company has launched its own portal for showcasing to its consumers its wide range of premium products and make it available for them from the comforts of their home. The Company is focused on increasing its online presence and product offerings and sees this as a future growth driver.

During the year under review Company's export business declined over preceding year owing to steep increase in sea freights. The Company has built close relationship with some of the leading major retail chains but due to extremely high

sea freights all orders are on hold. The Company expects business to flow as soon as the sea freights are normalised. The Company is focusing on markets where the sea freight increase impact is relatively less and hopes to see a growth in the export sales this year.

#### 4.3 INDUSTRIAL PRODUCTS

#### 4.3.1 INDUSTRIAL COMPONENTS

The year 21-22 started on a bullish note backed by excellent Q4 of FY 20-21 in terms of buoyant economy and demand up stick in both Automotive and Consumer Durables although some signs were visible of Covid19 second wave. However, contrary to initial indication of mild variant, it actually turned out to be highly devastating wave. Obviously, various state Govts instituted significant Curbs affecting sentiments and thereby market demand. Although, factories were running, capacity utilization remained suboptimal through May - July period due to low off take from customers. Although, demand started looking up thereafter, sales of first quarter was affected irretrievably. The year was marked by huge supply chain issues at all our customers due to shortage of imported material because of shipping and logistics issues, non-availability of containers, shortage of semi-conductors etc. This led to typical scenario of high demand but no supply. Supply chain was also affected by rising commodity and fuel prices during the year.

There was marked shift in Customer Preferences in the market in Washer segment, from Semi-Automatic to Fully Automatic Machines. This shift adversely affected the Company as it has considerable presence in Semi-Automatic Washer parts supply to OEs. Company is working very closely with the OEs for rationalization of Product -Mix Share to address this shift going forward.

In spite of such adversity, The Company's customers were working aggressively to minimize effect of various shortages and managed to clock reasonable growth. In effect, the Division achieved decent revenue growth of 24% year on

Initiatives taken by the Company during lean period of last year to carry out all round improvements in the area of Productivity, Quality, Cost Reduction and People development were continued through this year also. Education of team members on World Class Manufacturing Practices, Lean Manufacturing, Training on identified Skill Gaps, Soft Skills etc by series of Virtual as well as Physical Learning Programs, both by the Internal and External Faculties were accelerated. Team members from both Staff and Associate category from various plants of the Division were involved in this exercise during this period. The Cost Management Project, code named "Rainbow Project" for focused cost reduction, launched last year is now matured with bringing in culture to look for avenues for cost saving projects and work on it. Strategy was made and its implementation started to develop new businesses to improve Capacity Utilization of certain underutilized Machines and Equipments. All these actions started yielding results in getting new business from the Company's existing customers as well as new customers.

Looking at positive demand scenario in various sectors of Appliances like Washing Machines, Air Conditioners, Coolers and Refrigerators, segments where The Company has good presence, The Company invested in Capacity Expansion at various locations. This has started yielding results and will help the division going forward. Demand recovery in Auto sector also helped the Division for revenue growth with significant demand up stick in the Segments

of the Company's presence like Passenger Vehicles, and Commercial Vehicles although demand remained subdued in Two Wheelers.

We expect semiconductors to be still in shortage for at least 6-8 months before it gets eased. This coupled with the uncertainties on Geo-Political Front will keep volatility in demand pattern for The Company's customers and in effect to the Company although we expect it to be a short term phenomenon. However, The Company feels that Business scenario remains bullish in medium and long term with business friendly policies by the Govt., particularly PLI Scheme launched both in Automotive and Consumer Appliances sectors. The Company has planned need based Capacity Augmentation to handle the projected increased demand going forward. The new machines being planned are with the latest Technology, Energy efficient, and Robust Design for Excellent Quality and Repeatability. The Company is also working on cost efficient Automation.

The Company continues to enjoy Excellent Overall Rating by its Customers as it either meets or exceeds their expectations. The Company is considered as one of the most reliable suppliers in its area of expertise by the customers. This has helped the Division to get extra business from its customers whenever other suppliers failed to supply. Division is continuously striving to excel in all Operational Parameters as its culture. It helps the Company to remain cost efficient in this fiercely competitive supply chain to OEM Customers.

#### 4.3.2 MATERIAL HANDLING PRODUCTS

The year under review began with uncertainty and ambiguity. In most of the Indian states panic and gloom was prevalent due to incessant increase in COVID cases and subsequent lock downs. The industrial business activity was also affected with sentiments down and low at the beginning, but with rapid Govt. actions and wide vaccination, situation started improving in majority of sectors before close of the first quarter. The Year also witnessed highly fluctuating Polymer prices having direct impact on business of the Division.

Even in the atmosphere of subdued activities in the first half of the year (which was more pronounced in Automobile, Engineering, Textiles and White goods), Company's Materials Handling Products Division stood its ground firmly and registered impressive Growth both in terms of Volume and Revenue.

Notwithstanding the adverse effects of closures and restrictions owing to pandemic, MHD's industrial crates range grew 32% in revenue and 15% in volume terms. These industrial crates primarily cater to Industries Like automobile, Engineering, white goods and E-commerce.

With very positive vibes visible in Automobile & engineering spaces, with major Auto OEM's marching ahead with expansion in Capacities for Electric Vehicles, Many companies are also encouraged by Union Govt. incentives, new activities and new launches. These Industries are in fact drivers of demand for MHD's Industrial Crates. These new launches will also give an impetus to the Company's consistent sales efforts for growth and consolidation.

Your Company is constantly improving and optimising the existing range of Products and poised for introduction of newer models for industrial Electric Vehicle space during the current year.

The Company's constant focus to enhance customer reach, service and educating the targeted audiences for both injection and roto pallets have given positive results, which has also helped surge in Exports during the year under review. Demand for one time use export pallets has increased and The Company has registered impressive growth both in Injection moulded regular repeated use pallets as well as one time use export pallets.

The Company is consistently engaging with its diverse industrial customers to gauge and understand their industry and application specific needs of Pallets and developing new models both for one time and repeated use . New models for advanced Storage systems are about to be launched in the first quarter itself. If specifics fit into place, the Company shall be exploring the launch of a few more models in the coming year.

Roto Pallets which are regular in demand especially by Pharma and Foods industry besides the custom made models which are required for specific needs, have posted excellent results and grown by 50% in revenue and over 27% in volume terms. The Company is expanding the roto moulding Pallets and other products infrastructure at its Jadcherla (Telangana) Unit to cater to the demand of customers based at southern states. This will start operating by April this year. The division will continue introducing new Roto Pallets models at Gadegaon, Kharagpur and Jadcherla units to meet specific requirements of the Company's customers.

The dairy segment in the Country is growing at a steady pace every year. Though the Company caters to some select quality conscious customers, its growth in this segment is a reflection of Industry growth as the Company has grown around 90% in value terms and around 60% in volume terms. The Company is confident that momentum of growth will continue in coming years as the Company expands its business in South and Western states.

In space of E-commerce and retail. which is constantly consolidating its presence in the country, your Company is slowly and steadily becoming a favourite of top E-commerce and Retail players. Recently introduced crate models suiting E- commerce and retails operations have all been successful registering growth of over 50% in volume terms

In last two years, your Company has observed a marked shift in demand pattern for Dustbins. The earlier, roto dustbins models were being replaced by highly cost effective Injection moulded dustbins. The Division, recognising this shift, introduced five new injection dustbin models last year and has been able to double up the sales in volume terms.

The Company has ambitious plans to at least triple the sales of injection dustbins from the present volumes more so after observing the heightened activities in many states in the country, for Swachh Bharat Mission, which could not be actively promoted for last two years owing to Pandemic.

The soft drink and Beverages segment also suffered a pause of almost two years. This year however it has started gearing up. While keeping our relationship with major players intact, The Company has shown impressive results in bottle crates range as well. The Company expects to double the sales volume during the current year in this segment.

There are a few pain areas too. In fisheries crates market, the Company did not grow and lost some volume. Due to two successive hurricanes in Coastal areas there has been serious disruption in Fisheries sector and overall market for crates shrunk last year. The Company's fisheries jumbo crate models are highly appreciated for their unmatched quality, service and the Company is confident to achieve encouraging numbers & growth in this segment during the current year.

In F&V crates market where the Company continues to serve only select quality conscious customers and mostly refrain from selling to mass markets which are a buzzed

with substandard quality. During the year under review the Company did not grow in this market but managed to keep its customer base intact. Company is hopeful of renewed growth in this segment during the current year.

The Company is highly focussed to constantly improve its product quality and the level of timely delivery of products to its customers. The division has been able to add many new customers all over the country and would strive to continue enlarge it"s customer base.

To improve the Company's market reach, the Company is regularly strengthening its sales force and adding channel network partners to cover unrepresented areas. The Company is vigilant to enhance the capacities to meet the demand and introduce new models to augment the growth momentum of the division.

#### **4.3.3.COMPOSITE LPG CYLINDER**

Persistent efforts by the Company has yielded positive results for this division. Division has recovered the market and a great boost is received by steady repeat orders from its existing customers overseas.

All technical issues of the past have been satisfactorily resolved and division has not received any customer complaint during the year under review. There is continuous flow of enquiries from new overseas customers. Most heartening event for the division was the successful introduction of Composite LPG cylinders in the domestic market.

The Company has successfully participated and received Letter of Intent (LOI) for supply of 7,35,186 Nos of 10 Kg. capacity Composite LPG Cylinders valuing about ₹ 170 Crores from Indian Oil Corporation Limited (IOCL), one of the leading government oil marketing Company. Supplies have commenced from March, 2022 and bulk of the order quantity shall be delivered in the current year.

The volume of business is large which surpasses the existing installed capacity. The Company has taken effective steps to install a new plant on a war footing in the same premises to double the capacity and the same is likely be operational by November, 2022, which will enable the Company to make around 1 Million Nos per year.

The Company is balancing orders from existing and new customers to provide excellent quality Composite LPG cylinders in international and domestic markets and prospects for the division look promising.

# 4.4. PACKAGING PRODUCTS

# 4.4.1 Packaging films

Performance Films Division (PFD)

The Performance Films Division has recorded 22% growth in Volume and about 49% growth in Value.

The Total sale achieved was 9514 MT as against 7801 MT in the corresponding previous year.

During Covid period, there was a requirement of more hygienic product/ packaging and therefore automation was a logical choice where Packaging played a Major Role. Therefore, usage of Barrier Packaging was essential in Edible Oil & Dairy industry and had a growth of 11% in Volume. Bag/Pouch sales increased by 40% in volume with support from increased Bag/Pouch making capacity.

Exports have shown positive growth of 2806 tons as against 1343 tons in the preceding year. Positive response from Middle East, Africa and other European countries made exports grow by 111% in volume. Other markets are now being explored in Europe and USA.

The Division remains optimistic for growth in the current year. The customer base will grow due to Company's quality commitment and excellent service.

The Company expects to achieve volume and value growth in this business during the current year due to increase in its customer base in India and abroad. This has been made possible due to increase in the production capacity with improved product mix.

# 4.4.2 Protective Packaging Division

#### **Overall**

Turnover of the division was about 30%higher in value terms & 7% higher in volume terms in FY2021-22 over previous year in spite of Covid impact in Q1, this has been achieved due to good demand and proper planning from sales & manufacturing. Due to high volatility of raw material prices, the division was unable to pass on the burden of increased raw material prices fully to it's customers impacting Operating Profit Margins of the division.

#### **PROTEC, CIVIL & INSULATION Business**

Division continues to focus on various new products, new applications and customised solutions. Increasing its distribution reach and adding new customers to its portfolio and reviving business with old customers remain priority. The same has resulted in decent growth in the business both in value as well as volume terms.

Consistent & growing demand for XLPE was witnessed in both domestic and exports. Expansion work has already started at Hosur and the division is also planning an expansion at Malanpur in the current fiscal year.

#### **Consumer Products | Retail Business Vertical**

Consumer Product business of the division has achieved growth of 25% in value terms in FY2021-22 as against FY2020-21. The vertical has added few new Distributors and now its total Distributors strength is 205. In Retail segment with continuous new enrolment of retailers its total Retailers strength stands at 5508.

The division has started business with CSD in Sept 2021. Division is looking forward to a good business in CSD Business.

# **Exports**

The Company's Exports division has achieved an export sale of USD 3.759 Million. The division is in process of reaching out to more markets and its export team is working on the same. Buyers have reduced their dependency on China and exploring opportunities with India . Division has started the DCDL certification process for Dubai – which is mandatory for getting registered its HVAC products for major projects. During the year under review Company has added several new customers in Middle East.

# **NEW PRODUCT DEVELOPMENT | INNOVATION | TECHNOLOGY**

# **New Product Development:**

The Company is committed to improve its efficiency. For XLPE the Company has achieved better product quality and cost optimization. By doing so there has been improvement in the yield ratio.

The Company developed range of new products for Decathlon for their India market Retail Sales. For their International markets Decathlon have approved a few SKUs. The Company is working with Decathlon to develop various products based on their requirements.

The Company has developed Cricket bats & Balls duly approved for quality by ISI & BIS. Currently company is supplying these items to Decathlon.

To stay dominant and innovative in foam market, the Division has added several new products for generating new business and adding more customers.

Modified design of Yoga mat embossing machine has been installed at Hosur, due to which productivity has increased considerably and it has also reduced thickness of the loss significantly.

#### Technology

Continuous auto-punching machine along with online kiss cutting facility design developed in-house and installed at Urse Unit II which has benefitted in Manpower reduction and wastage reduction.

Density range in Litecell section has also been increased which has helped to offer new range of products in markets such as Yoga Brick and Cricket Ball.

Development team has worked on XLPE product formulation and laminates to develop a new grade of XLPE, which has passed the required criteria of ASTM standard E-84 Class A rating with FSI and SDI Value 25/50, which is a main requirement to start Export business of Insulation material in UAE.

#### **New Initiatives**

#### **Expansion**

The Company has gone ahead with XLPE and Capcell capacity expansion in this fiscal year, hardware orders are placed and Commercial production will start from Aug 2022 onwards at Hosur.

To capture the roll joining business opportunity in a profitable manner, The Company has developed roll joining in eco - grade by using recycle material. The product has been approved and commercial production started. Customers are satisfied with the products.

The division is working strongly by using alternate energy source like solar & wind. Significant savings of power cost has been achieved at Hosur unit & Malanpur. Installation is in process at Urse Plant.

The Company has started work on express feeder for uninterrupted electricity supply to Urse plant. This will help in reduction of wastage and increase in productivity.

Expansion of several high value added products has been undertaken which will be completed by 1st half of this FY.

#### 4.4.3 CROSS LAMINATED FILM

The Business of Cross Laminated Film & Products suffered a de-growth of 18.36% in volume terms during the year under review.

The second wave of Pandemic & the resultant localized lockdowns adversely affected the demand supply chain during the first quarter. The business of XF division was impacted the most due to one of its product tarpaulin being seasonal in nature with peak season between April to June. The sales were down by 23.76% in volume terms in first quarter compared to the same quarter in the preceding previous year.

The current year (FY22-23) looks promising with pandemic in control & normalcy being restored. SKYMET has also predicted normal rainfall in the year 2022 & ruled out occurrence of El Nino. Good monsoon season is expected to accelerate growth in agricultural output. The Company's

products are finding penetration in several agricultural segments. This augurs well for the future.

During the year the division has successfully carried out expansion of its capacity from 27000 TPA to 30000 TPA which is fully operational since March, 2022.

Though the overall sales have gone down, the sale of fabricated made-up products, other than Tarpaulins, has shown up a quantum jump. The Company has a state of the art fabrication facility to exclusively make these products at Halol. In the current year the thrust will be on promoting non – Tarpaulin products on a large scale. The Company has plans to appoint many new dealers / retailers to extend reach of these products to every nook & corner of the country. With extensive reach & introduction of new range of products in this category the Company aims to substantially increase the share of these value added products in the overall business.

The Company is planning to introduce new designs for its economy model of tarpaulins sold under the brand 'Supreme Sathi'. It is expected to add value & differentiate it from competitor's product.

Exports were down at the backdrop of steep increase in freight rates & Russia Ukraine crisis. The silver lining is that the Company has been able to make breakthrough in new markets during the year which could generate good export business in coming years. The thrust in the coming year will be on promoting non-Tarpaulin products, finding new applications, targeting new customers in existing markets & reaching new markets. To achieve these objectives, the Company is planning to take part in several exhibitions to show case its products.

The Cross Plastic Film Project which was derailed due to pandemic is finally back on track. The drawings of various equipments are in the final stage of completion & orders for equipments may be placed very soon. The Company expects production of Cross Plastic to start in the first half of the next financial year.

#### 5. FINANCE

# A brief on borrowing levels and finance cost is given below -:

#### 1.1 Summary

Particulars	Measure	F.Y. 2021-22	F.Y. 2020-21
Net borrowing level at the end of the year	₹ in crores	Surplus of 517.71	Surplus of 759.46
Average Monthly Borrowings	₹ in crores	Surplus of 308.52	Surplus of 247.94
Interest & finance charges	₹ in crores	5.15	22.05
Average cost of borrowings at the end of the year	% p.a.	N.A.	N.A.
Financial cost as a % of Turnover		0.07%	0.35%
Interest Cover	No. of Times	241	58
Total Net Debt : Equity Ratio		N.A.	N.A.

1.2 During the year under review the Company continued to remain debt free. The Company's Capex and its working capital requirements have been largely funded through internal accruals. The excess cash accruals during the year

have been judiciously deployed from time to time in safe and secure Investment avenues with the objective of generating optimal returns while maintaining the assurance of liquidity at short notice.

#### **Working Capital Borrowing**

- 2.1 During the year under review, The Company continued its Multiple Banking Arrangement (MBA) with 9 banks, to meet its working capital requirements at optimum cost. The Company is thankful to its bankers for granting on fully unsecured basis, aggregate working capital facilities of ₹ 1,445.90 crores which have been utilised moderately during the year. This shows the confidence reposed by all the Bankers on the Company and its management and their trust & commitment to provide unstinted support even during the challenging times. The Company's established track record, robust operating margins, strong key financial ratios, absence of any long-term debt and adequate liquidity surplus, have enabled the Bankers to extend the favourable terms to the Company.
- 2.2 The Company intends to use its surplus cash to continue to grow organically, while being open to explore the opportunities to grow inorganically through rightful acquisitions.

#### 2.3 Increase in working capital utilisation

During the year under review the Company witnessed wide fluctuations in the Raw Material (Polymer) Prices. From initial trend of softening polymer prices, there was a steep increase in the Raw Material Prices by around 35% till mid-November. Then again prices fell by around 18% from mid-November till end January 2022 & again there was an increase of around 7% to 8% from February till end of March 2022. The same resulted in the large Inventories and increased book debts with the Company However, in view of the healthy cash flows, the Company could utilise its cash accruals to meet the increased working capital requirements as well as also plan its material procurement optimally, which resulted in uninterrupted production and supplies to its customers. The Company's Working Capital Management involves well-organised processes which facilitate continuous monitoring & control over receivables, inventories & other parameters.

2.4 During the year under review, the Rupee also remained volatile against dollar. However due to its prudent and consistent hedging policy the Company has largely mitigated the risk arising out of Foreign Currency fluctuations and optimised its hedging costs.

## **Dealers' Financing**

The Dealers' Finance Scheme (DFS) provided by the bank to our Channel Partners are getting well recognised amongst them. During the year a few additional Channel partners have joined the Scheme, in view of competitive rate of interest & unsecured facilities offered by the bank. Seasonal / peak business requirements are also being offered by the Bank, by providing temporary incremental limits. Extended credit terms were provided to the Channel Partners in challenging times during Covid-19 Pandemic. These facilities have become very helpful to The Company's channel partners to meet their Normal/Additional working capital requirements at a competitive interest rates.

# **CRISIL Rating**

As per the latest review conducted in the last quarter, (a) the Rating for the Company's Short term bank facilities were

reaffirmed at "CRISIL A1+" rating by CRISIL (which is the highest rating for the Short term instruments) and (b) Rating for Long Term Bank facilities were upgraded from "CRISIL AA Positive Outlook" to "CRISIL AA+ Stable". The rating reflects the improvement in the business risk profile, driven by healthy pick-up in Sales and operating margin, increasing contribution of Value-added products backed by industry leading market position across segments and robust financial risk profile.

# **Capital Expenditure**

- 5.1. Considering optimistic business growth potential, the Company has incurred Capital Expenditure (capex) of ₹ 259 crores, during the year under review. The entire capex has been incurred towards ramping up the capacities in plastic piping system, introduction of new products in various business segments, automation and replacing some old production equipment with new technology machines. Company has also incurred capex for increasing captive generation capacity of solar energy apart from balancing equipment at various locations. The entire capex has been funded through internal accruals only.
- 5.2 The Company has plans to commit capex of about ₹ 700 Crores including carry forward commitments of ₹ 280 Crs. at the beginning of the year. The committed / proposed capex is primarily for -:
  - To complete and put into operation the on- going project work at Assam to manufacture PVC Pipes and Roto & Blow Moulded products.
  - Putting up a plastic product complex near Cuttack in Odisha & near Erode in Tamilnadu where work is going on in full swing. 1st phase at both the sites is likely to go into production by August-September, 2022.
  - To double the capacity of Composite LPG cylinders to 1 million pcs. Per annum at existing site at Halol, Gujarat.
  - Establishing additional capacity to manufacture olefin Fittings and to put PEX Piping System at Jadcherla.
  - Expanding capacities and product range of its bath fitting products at Puducherry.
  - Adding varieties of new injection moulded fitting products in its plastic Piping products.
  - To add new models of Injection moulded furniture, Crates & pallets in the Company's range of furniture and Material Handling Products.
  - To increase capacities of Industrial Component moulding at various locations in view of increased business opportunities.
  - To add necessary equipment at its Protective Packaging and performance packaging division.
  - To install Rooftop Solar energy generation plants at its various locations.
  - To install balancing equipment at various locations.

#### Cash Surplus

The Company envisages healthy liquidity surplus in view of better realizations, increased share of value added products & increase in its market reach across segments. The Company shall continue to meet all its Capex and working capital requirements from internal accruals and to remain debt-free in medium terms.

The Company's persistent focus shall remain in, cost control and cost reduction, tight monitoring of working capital and better treasury Management through deployment of funds prudently.

# 6. INTERNAL CONTROL SYSTEM & RISK MITIGATION

The Company has adequate internal audit and control systems. Internal auditors comprising of professional firms of Chartered Accountants have been entrusted with the job to conduct regular internal audits and risk based audits at all units/ locations and report to the management the lapses, if any. Both internal auditors and statutory auditors independently evaluate the adequacy of internal control system. Based on the audit observations and suggestions, follow up, remedial measures are being taken including review and increase in the scope of coverage, if necessary. The Audit Committee of Directors, in its periodical meetings, review the adequacy of internal control systems and procedures and suggest areas of improvements.

The Company has undertaken a detailed exercise to revisit its control systems in technical and other non-financial areas to align them properly with Management Information Systems (MIS) to make MIS more efficient and result oriented. Information technology base created by the Company over the period is providing a very useful helping hand in the process. Needless to mention, that ensuring maintenance of proper accounting records, safeguarding assets against loss and misappropriation, compliance of applicable laws, rules and regulations and providing reasonable assurance against fraud and errors will continue to remain central point of the entire control systems.

Cybersecurity is a concern for everyone today, from organisations to individuals. Organizations focus on physical and information security, due to regulatory requirements, the value of data in the current times and the risks of a security compromise.

The Company has its well-defined policy to protect the infrastructure and secure its information. The policy clearly stands to safeguard all information in the interest of the Company. The Company has a robust security mechanism designed to defend and protect its infrastructure from any external threat or vulnerability.

All applications, critical end points and servers have their backup scheduled automatically at regular intervals on to The Company NAS Appliance. Company's Network is secured with "Enterprise Edition Next Generation Firewall" installed at its primary/production datacentre as well as secondary/DR datacentres.

The Company uses robust endpoint protection EDR system and User's access to data or appliance or Infrastructure is controlled with Authentication and Authorization using active directory (AD), which is a secured and standard method. Central Database has high availability; Disaster recovery is in place for SAP infrastructure with regular DR

Keeping in mind the ever expanding cyber threat landscape, Company has designed a robust, 100% uptime and real-time monitoring. This includes state of the art technology, a multivendor environment like Fortigate, Cisco, Citrix SD-WAN, HP-Aruba, and Nutanix.

Company has initiated projects on AI ML based SoC (Security operations Centre) while Network Operations Centre (NoC) is already functional.

# 7. HUMAN RESOURCES

The Company has been very proactive to support its entire work force at all the levels in best possible manner especially during the Covid-19 pandemic period. The Company has disbursed salaries and wages during entire lockdown period to its staff, associates and contract workforce. The Company has provided healthcare facilities and medical reimbursements to the employees who were infected with Covid – 19. It also supported financially by allowing disbursement of full salaries during the entire duration of medical treatment. Few of the casualties amongst the employees was a matter of great pain and concern. The Company has promised to take care of the children's education apart from providing one-time financial assistance to the family of deceased employees.

The Company has also developed its infrastructure and facilities by which many employees are able to work from home. The Company has also advised all its sales force to travel through safest mode and take all precautions for safe and comfortable journey. This has helped the Company to continue to provide efficient services to all its stakeholders during the entire period marred by pandemic Covid-19.

The focus of your Company is to ensure that young talent is nurtured and mentored consistently, that rewards and recognition are commensurate with performance and that employees have the opportunity to develop and grow. Human resource is considered as key to the future growth strategy of the Company and looks upon to focus its efforts to further align human resource policies, processes and initiatives to meet its business needs. In order to focus on keeping employees abreast of technological and technical developments, the Company provides opportunity for training and learning within the country and abroad. Your Company strongly believes in fostering a culture of trust and mutual respect in all its employees and seeks to ensure that core values and principles of the company are understood by all and are the reference point in all people matters.

Industrial relations at all the units and locations are cordial.

# **CAUTIONARY STATEMENT**

Statements in the Management Discussion and Analysis describing the Company's objectives, expectations or predictions may be forward looking within the meaning of applicable securities, laws and regulations. Actual results may differ materially from those expressed in the statement. Important factors that would influence the Company's operations include cost of raw materials, tax laws, interest and power cost and economic developments particularly in view of ongoing pandemic COVID 19 and such other factors within the country and the international economic and financial developments.

# **Corporate Governance**

The Directors present the Company's Report on Corporate Governance for the year ended 31st March, 2022.

#### 1. PHILOSOPHY OF COMPANY ON CORPORATE GOVERNANCE

Good Governance ensures adoption of best business practices, and accountability of the person's in-charge of the Company's operations. Your Directors are committed to good Governance practices and the Company has been sharing all important information about its various business segments and operations of the Company through Quarterly Results, Press release, Chairman's Statement, Annual Reports, Investors' meet with Management, TV interview of Managing/executive Directors and Telephonic Con calls with Investors by the Management. Further as required by the Listing Agreement, Report on Corporate Governance is given below.

#### **GOVERNANCE STRUCTURE**

The Company's Governance Structure comprises a dual layer, the Board of Directors and the Committees of the Board at the apex level and the Management Team at an operational level. The Board lays down the overall Corporate Objectives and provides direction and independence to the Management Team to achieve these objectives within a given framework. This professional management process results in building a conducive environment for sustainable business operations and value creation for all stakeholders.

The Board of Directors and the Committees of the Board play a fundamental role in upholding and furthering the principals of good governance which translates into ethical business practices, transparency and accountability in the Company's dealing with its stakeholders and in the utilization of resources for creating sustainable growth to the benefit of all the stakeholders. The Board within the framework of law discharges its fiduciary duties of safeguarding the interests of the Company. The Boards composition and size is robust and enables it to deal competently with emerging business development issue and exercise independent judgment.

#### Foreign Exchange Risk & Hedging Activity (xvi)

1. Long term liabilities

Long term liabilities by way of loans including ECB loans are fully hedged ab initio by way of a currency and interest rate swap.

- 2. Trade exposure
  - 2.1. Imports/ buyer's credit finance

This exposure is hedged to the extent of at least 50% on a regular basis;

2.2. Exports

Since the quantum of exports is nominal in comparison to Company's imports/ buyer's credit exposure, the same is kept open.

Derivatives

The Company follows a very conservative policy with regard to derivatives. The derivatives are used only to cover/ hedge the underlying liabilities in the nature of Long Term Loans.

The foreign exchange policy is in line with the mandate received from the Board. The same is closely followed by Chief Financial Officer, under the overall supervision of the Managing Director and Executive Directors.

# **Auditors' Certificate on Corporate Governance**

# To the Members of The Supreme Industries Limited

This certificate contains details of compliance of conditions of corporate governance by THE SUPREME INDUSTRIES LIMITED ('the Company') for the year ended 31st March 2022, as stipulated in Regulations 17-27, clause (b) to (i) of Regulation 46 (2) and paragraphs C, D and E of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations)

#### Management's Responsibility for compliance with the conditions of Listing Regulations:

The compliance of conditions of corporate governance is the responsibility of the management. This responsibility includes the designing, implementing and maintaining operating effectiveness of internal control to ensure compliance with the conditions of corporate governance as stipulated in the Listing Regulations.

#### **Auditor's Responsibility**

Our responsibility is limited to examining the procedures and implementation thereof, adopted by the Company for ensuring the compliance with the conditions of corporate governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

We have examined the books of account and other relevant records and documents maintained by the Company for the purposes of providing reasonable assurance on the compliance with Corporate Governance requirements by the Company in accordance with the Guidance Note on Certification of Corporate Governance issued by the Institute of Chartered Accountants of India ('ICAI'), Standards on auditing specified under section 143(10) of the Companies Act, 2013 and Guidance Note on Reports or Certificates for Special Purposes issued by the ICAI which requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

# **Opinion**

Based on the procedures performed by us and to the best of our information and according to explanations given to us and representation made by the Management, in our opinion, we certify that the Company has complied, in all material respects, with the conditions of Corporate Governance as stipulated in the above-mentioned Listing Regulations.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

#### Restriction on Use

The certificate is addressed to and provided to the Members of the Company solely for the purpose to enable the Company to comply with requirement of aforesaid Regulations and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this certificate is shown or into whose hands it may come without our prior consent in writing.

# **Business Responsibility and Sustainability Report**

# **FOREWORD**

In the last couple of decades, the role of the corporate organizations has undergone a gradual change from being a mere vehicle for Financial growth to that of an overall value generating entity not only for the shareholders but for the entire set of its stakeholders. The activities and the operation of the companies are being looked from the lens of the externalities it creates over the period of its lifetime. The demand is maximise the positive environmental and social externalities and reduce the negative externalities.

This paradigm has been at the centre of consideration at our organization, The Supreme Industries Limited. The focus has been to maximise the positive ESG transformation not in just the letter but also the Spirit.

The requirement from the capital markets regulator SEBI to disclose the aspects of ESG by top 1000 listed companies has come at right time and our company has taken this as an opportunity to disclose various activities that the company has been doing around the aspect of ESG in this BRSR report.

At Supreme we have taken a decision to adopt the BRSR report as a voluntary disclosure in the reporting year FY 2021-22.

We sincerely hope that this report will provide key information related to ESG aspects of the Business to all the Key stakeholders and help the organization to strategize its future course of actions and align with National and International best practices.

This report is being prepared on a standalone basis for Supreme only.			

# II. Products/services

#### 14. Details of business activities (accounting for 90% of the turnover):

S.No.	<b>Description of Main Activity</b>	<b>Description of Business Activity</b>	% Turnover of the entity
1	Manufacturing	Manufacturing Plastic Products	97.38%

# 15. Products/Services sold by the entity (accounting for 90% of the entity's Turnover):

S.No.	Product/Service	NIC Code	% of total Turnover contributed
1	Plastic products	222	97.38%

#### **III. Operations**

# 16. Number of locations where plants and/or operations/offices of the entity are situated:

Location	Number of Plants	Number of Offices
National	25	19
International	0	1 (Subsidiary Company)

# 17. Markets served by the entity:

# **Number of locations**

Locations	Number
National (No. of States)	PAN India
International (No. Of Countries)	53

#### b. What is the contribution of exports as a percentage of the total turnover of the entity?

Exports sales of US \$ 29.11 Million was made during the year 2021-22. The contribution of Exports as a percentage to total turnover is about 3.07%.

# A brief on types of customers

For Plastic Piping System: Potable Water Supply, Irrigation, Sewage & Drainage, Plumbing & Sanitation, Industrial Pipe System, Fire Sprinkler System, Overhead Water Tanks, Septic Tanks, , Bathroom Fittings, Valves, etc.

For Consumer Products: Moulded Furniture & Blow Moulded Tables Household, Office Establishments, Institutions,

For Industrial Products: Industrial Components, Material Handling Products (Crates, Pallets, Bins and Dustbins), Composite LPG Cylinders Auto Sector, Electronic Household Appliances, Water Purification - filters, Soft Drink Companies, Agriculture & Fisheries, domestic to outdoor cooking, industrial applications etc.

For Packaging Products: Protective Packaging, Performance Films and Multilayer Cross Laminated Products.

Cross laminated films, Multilayer films, SWR Plumbing Systems, Silent Pipe Systems, Lacquer finish & Painted furniture, Low density cross-linked PE foam, Irradiation cross-linked PE foam, EPDM foam, Injection Moulded Pallets, Underground Drainage System & Manholes are some of the products pioneered in the country by Supreme.

**Our Green Products:** Supreme Industries is manufacturing the insulation products which are qualified as Green products and certified by CII –Green Products and Service Council. The list of such products and certificates are as follows:

- 1. INSU Sound XLO
- 2. INSU Sound BN
- INSU Sound B CAP 4. INSU BXL

- 5. INSU Tape
- 6. INSUflex Hose & Sheet
- 7. INSU Reflector
- 8. INSU Shield

- 9. INSU Shield Tubing
- 10. INSU MELA foam

Supreme products are well accepted by Indian consumers as well as across the globe.

The Company is committed having its presence throughout the country. It is able to increase the distributorship network and also revamp the same on a continuous basis. The active channel partners' strength remained at 4053 Nos. by end of March 2022.

With a renewed push to reach more International Markets, the Company has participated in several international exhibitions in 2021-22 for its different products.

Company is able to serve its customers in a most efficient manner by maintaining more depots for its different product groups.

# 24. Overview of the entity's material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format:

S. No.	Material Issue Identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Occupational Health and Safety (OHS) and Environment Safety	Risk and Opportunity	Risk: Inherently associated with business activities and processes.  Opportunity: Strong internal controls and governance mechanism are in place at each of the factory. This improves the employee / worker safety and overall health wellbeing, leading to improved productivity.	The assessment of health and environmental risks are done on a continuous basis. Various methods to mitigate risk are done from time to time. The Grievance redressal mechanism is in place. At each of the factory, proper remedial action are planned and implemented.	Risk: Negative Opportunity: Positive
2	Social responsibility towards society	Opportunity	Supreme understands the importance of the social license to operate and good and caring relationship towards the society provides for sustained positive externalities over a period of time.  The Company had formalized a process of earmarking a portion of its profits each year to support projects which fulfil a social obligation. Thus, returning to society has been ingrained in the Company's philosophy.  The Company primarily implements its CSR initiatives through the Supreme Foundation, a charitable institution. Key areas of CSR activities in FY22 were:  1. Quality Education  2. Upliftment of underprivileged community of the society.  3. Water, Sanitation, health & hygiene.  Preservation & protection of Environment through tree plantation, etc.  (Refer to page no. 25 to 32 of this Annual Report for details of activities undertaken under, Corporate Social Responsibility, for further details.  Positive: The Company recognizes the importance of being socially responsible.		Positive
3	Energy Management	Opportunity	There is direct cost savings and resource efficiency improvement associated with the Energy management and usage of renewable energy. Hence it has been categorized as an opportunity.  Encouraging Renewable Energy	-	Positive

S. No.	Material Issue Identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
4	Supply Chain Management	Risk and Opportunity	Risk: The supply chain and high dependency on limited suppliers / vendors can adversely affect the procurement.  Opportunity: The relationships with suppliers/vendors are maintained so as to have the uninterrupted supplies.	The Company's relationship with multiple suppliers/ vendors are decades old. Continuous discussions with the suppliers/ vendors are maintained to ensure that the production is not hampered due to the required supplies.	Positive
5	Reduction in emission of carbon and other hazardous gases / phasing out lead stabilers	Opportunity	Opportunity: Geographical presence of Company through its manufacturing plants spread across the country results in reduced transportation and thereby reduction of emission of carbon and other hazardous gases in the environment. Company is gearing up to meet with National Green Tribunal directive of phasing out Lead Stabilizers from manufacturing of different types of Pipe and has already started using lead free stabilizers in many piping systems.	-	Positive
6	Risk Management and Cyber Security	Risk	The inadequacy of risk mapping and management system adversely affects the overall business operations and relationship with the customers.	Risk Management Committee constituted by the Board ensures that timely actions are taken on the actual and or potential threats, so as to mitigate the adverse effects.	Negative
7	Branding	Risk	Counterfeit products are introduced by some unscrupulous players in a large way in the Pipe segment, Cross Laminated Films and Furniture Products segment. Hence it is considered a risk.	Active in seeking legal remedy to protect the consumers from getting cheated. Largely successful in containing this menace which however appears to be a recurring problem area.	Negative
8	Customer Education and Awareness	Opportunity	Providing distributors / retailers / customers and consumers with proper guidance and educate about safety standards and guidelines improved the safety related KPIs and hence it is an opportunity for Supreme.	_	Positive

- Specific commitments, goals and targets set by the entity with defined timelines, if any.
- Performance of the entity against the specific commitments, goals and targets along-with reasons in case the same are not met.

For both point 5 & 6:

Supreme is committed to develop a strategy to move forward for the Low carbon emissions and monitoring & evaluating ESG related challenges, targets and achievements.

Supreme is in process of developing the mechanism to identify the probable risks and opportunities faced by it in the path of being a socially, environmentally aware and properly governed company.

## Supreme steps towards mitigating Environment risks:

Company is committed towards ESG norms and protection of environment, reduction in carbon emission, utilization of CSR fund through various activities in different locations for development of villages.

Company is planning to replace 25% of Grid energy with Renewable energy wind, solar by year (2024-2025). Presently our green energy ratio is 12.37%.

Company is targeting to reduce emission intensity kg CO<sub>2</sub>/MT by 2% to 3% every year upto year 2024-2025.

#### Key Achievement in sustainable Development - FY 21-22

- Green Energy utilization for this year 33 million kWh
- Company increases avoided emission by 36% approximate 26109 tCO<sub>2</sub> in year 2021-2022 as base year 2019-2020 it was 19,147 tCO<sub>2</sub>.

Commissioned 8.48 MW Roof top solar project FY 21-22

# Target for FY 22-23 – Sustainable Development

- Green Energy Units target FY (22-23) 76.8 million kWh
- Company is planned to increase avoided emission by ~ 217% approximate 60,700 tCO<sub>3</sub> in year 2022-2023 as base year (19-20) 19147 tCO<sub>2</sub>.
- Roof top solar planned for FY 2022-23 14 MW

# Company's strategies to implement those ESG objectives:-

- Supreme is well poised to became Carbon Neutral two establishment Hosur & Chennai plant by Year (24-25)
- To increase the usages of renewable energy
- Reduction in specific power consumption by adopting energy efficient technology
- Substitution of high carbon fuel with low carbon fuels
- Reduction in diesel consumption
- Increase in green area & encourage more plantation
- Reduction in water footprint & monitoring Environment system
- Continually increase our CSR Funds for development of nearby locality of industries
- Company with strong ESG policies can perform strongly to mitigate ESG Risk in the longer term. These risks included climate changes, water crises, and natural disasters. Company will find ways to bring new techno manufacturing process which become leaders into the ESG conversation.
- Supreme Low Carbon Strategy to reduce the CO,% throughout its manufacturing process by introducing new technology and high energy efficient equipment. Replacement of fossil base with green energy is the first drive to save environment. Sustainability is now benchmarking organisation performance with respect to laws, norms, codes, performance standards and voluntary initiatives demonstrates organizational commitment to sustainable development which enhance our product demand in global market at competitive rate which will positively increase company EBITDA at low capital employed.
- Company's plan to installed Roof solar panels in factories as under: -
  - 1. FY 2022-23: 14 MW
  - 2. FY 2023-24: 4 MW
- Company signed agreement for Group captive Green Power at Noida / Kanpur plant having capacity of 1.5 MW & 2.00 MW respectively. From FY (22-23)
- Company signed agreement of Hybrid power combination of Solar & wind power in Gujarat for the Year (2022-2023) Company is also exploring further Feasibility to increase the Green energy Quantum supplier for purchasing of green energy as feasible. Company is in a process for Implementation of Energy management system ISO 50001:2018 at six locations i.e Gadegaon, Jalgaon, Malanur PVC, Kharagpur, Durgapur and Puducherry

# Governance, leadership and oversight

Statement by Director responsible for the business responsibility report, highlighting ESG related challenges, targets and achievements (listed entity has flexibility regarding the placement of this disclosure)

Supreme's sustainable development approach well focuses on ESG parameters. As a testament to our commitment to the environment, we ensure responsibility and commitment towards the needs of society by creating, maintaining and ensuring a safe and clean environment for sustainable development.

Supreme undertakes its development and welfare activities directly and through Supreme Foundation. Supreme foundation has worked with primary objective of Upgradation of Primary level of education, encouraging sports & cultural activities, encouragement to Girl's education, Uplifting level of education to backward section of children in the society, Availability of physical resources required for education, preparation of Playground, Making School Campus lush green, clean and environment friendly etc.

Supreme is moving towards sustainable development by reducing the carbon emission and mitigating the adverse impacts on environment The Company strategy is to combat adverse climate change, transitioning to low a carbon emission and thereby reduction in carbon footprint and taking the required initiatives to monitor and reduce energy consumption.

Details of the highest authority responsible
for implementation and oversight of the
Business Responsibility policy (ies).

## SECTION C: PRINCIPLE WISE PERFORMANCE DISCLOSURE

This section is aimed at helping entities demonstrate their performance in integrating the Principles and Core Elements with key processes and decisions. The information sought is categorized as "Essential" and "Leadership". While the essential indicators are expected to be disclosed by every entity that is mandated to file this report, the leadership indicators may be voluntarily disclosed by entities which aspire to progress to a higher level in their quest to be socially, environmentally and ethically responsible.

PRINCIPLE 1: BUSINESSES SHOULD CONDUCT AND GOVERN THEMSELVES WITH INTEGRITY, AND IN A MANNER THAT IS ETHICAL, TRANSPARENT AND ACCOUNTABLE

# **ESSENTIAL INDICATOR**

Percentage coverage by training and awareness programmes on any of the Principles during the financial year:

Segment	Total number of training and awareness programmes held	training and awareness training and its impact programmes held		
Board of Directors	The Board of Directors and KM	1Ps are regularly trained and apprised with all the	100%	
Key Managerial Personnel	Business Development, regula governance parameters during	Business Development, regulations, economy and environmental, social and overnance parameters during the Board Meetings and Committee Meetings.		
Employees other than BoD and		No. of trainings for the employees other than BOD and KMP: 30 nos. of training events with approx. 133 hours.		
KMPs	Employees of the Company ur	ndergo through various training programmes		
Workers	wide spectrum of areas such a	were undertaken during the year covering a s: Information and Cyber Security Awareness, Marketing modules. Prevention of Sexual etc.		

Details of fines / penalties /punishment/ award/ compounding fees/ settlement amount paid in proceedings (by the entity or by directors / KMPs) with regulators/ law enforcement agencies/ judicial institutions, in the financial year, in the following format (Note: the entity shall make disclosures on the basis of materiality as specified in Regulation 30 of SEBI (Listing Obligations and Disclosure Obligations) Regulations, 2015 and as disclosed on the entity's website):

	MONETARY					
	NGRBC Principle	Name of the regulatory / enforcement agencies / judicial institutions	Amount (In INR)	Brief of the Case	Has an appeal been preferred? (Yes / No)	
Penalty / Fine	Nil	Nil	Nil	Nil	Nil	
Settlement	Nil	Nil	Nil	Nil	Nil	
Compounding fee	Nil	Nil	Nil	Nil	Nil	

		NON-MONETARY		
	NGRBC Principle	Name of the regulatory / enforcement agencies / judicial institutions	Brief of the Case	Has an appeal been preferred? (Yes / No)
Imprisonment	Nil	Nil	Nil	Nil
Punishment	Nil	Nil	Nil	Nil

Of the instances disclosed in Question 2 above, details of the Appeal/ Revision preferred in cases where monetary or non-monetary action has been appealed.

<b>Case Details</b>	Name of the regulatory / enforcement agencies / judicial institutions
Nil	Nil

Does the entity have an anti-corruption or anti-bribery policy? If yes, provide details in brief and if available, provide a web-link to the policy.

Yes, the Company has an anti-bribery and anti-corruption policy. The policy has been formulated in alignment with the Supreme's Code of Conduct and various existing policies governing integrity.

The policy emphasizes Supreme's commitment towards zero tolerance for bribery and corrupt practices. The policy facilitates ethical decision making and governance. It reinforces Supreme's culture of transparency in all its dealings. This policy applies to all relevant stakeholders and people associated with Supreme and who may be acting on behalf of Supreme. It sets out responsible conduct that must be always adhered to.

The policy is placed on the Company's website at, https://www.supreme.co.in/policies.php

Number of Directors / KMPs /employees / workers against whom disciplinary action was taken by any law enforcement agency for the charges of bribery / corruption

	FY 2021-22	FY 2020-21
	(Current FY)	(Previous FY)
Directors	Nil	Nil
KMPs	Nil	Nil
Employees	Nil	Nil
Workers	Nil	Nil

**Details of complaints with regard to conflict of interest:** 

	FY 2021-22	FY 2020-21
	(Current FY)	(Previous FY)
Number of complaints received in relation to issues of Conflict of Interest of the Directors	Nil	Nil
Number of complaints received in relation to issues of Conflict of Interest of the KMPs	Nil	Nil

Provide details of any corrective action taken or underway on issues related to fines / penalties / action taken by regulators/ law enforcement agencies/judicial institutions, on cases of corruption and conflicts of interest

As there were no fines / penalties / action taken by regulators / law enforcement agencies / judicial institutions on cases of corruption and conflict of interest, hence no corrective actions were required to be taken.

#### **LEADERSHIP INDICATOR**

Awareness programmes conducted for value chain partners on any of the Principles during the financial year:

Supreme takes initiatives to educate its value chain partners , by imparting awareness to them on various latest topics relevant to Environment and Social. Supreme has world class training facilities at Gadegaon Maharashtra, Gwalior M.P. Kharagpur (West Bengal) for engineers, architect, plumbing consultant, plumbing contractors and plumbers. The training program consists of the product display & installation system, hand on training for the various applications which will help to enhance the quality of plumbing work and installation practices for trouble-free performance.

Management have a plan to further expand the training centre by this year in Jadcherla (Hyderabad) and Cuttack (Odisha). The training details of the last two FY are presented below:

Period	Location	Plumbers/ Fitters	Distributors/ Dealer/Sub Dealer		Engineers/Architects/ Plumbing Consultants/ Contractors	Other	Foreigners	Total
1st April 2020 to		0	47	15	7	23	0	92
31st March 2021	Malanpur	124	16	8	1	0	0	149
	Kharagpur	78	28	4	0	0	0	110
1st April 2021 to		97	127	36	149	41	35	485
31st March 2022	Malanpur	905	51	107	54	0	0	1117
	Kharagpur	0	0	3	9	0	0	12
	Total	1204	269	173	220	64	35	1965

In last 12 years, Supreme trained more than 30,500 professional & 12,000 plumbers from all over India.

To conduct the programs and training sessions, we have a qualified team of engineers who are trained and certified by different reputed institutes like IPA, IAPMO India and IPSSC etc.

In next three months we are going to start a 2-month intensive plumbing course for the plumbers. First batch will be of 30 fresh students who are interested and willing to come in this field. The total expenses against their accommodation, food and practical, stationary etc will be borne by the company. Also, we will help them to start-up in the market.

Looking to the importance, many NGO's Organizations and Engineering colleges approaches us for plumbing education courses in their colleges for which we are providing the assistance for development, establishment free of cost along with the piping material required for the set up and training. Few of them are BOSCH India foundation Nasik, Jaguar foundation, Dnyanada Institute Pune, LITTE Minakshi Collage of Engineering, Bangalore.

**Product Training** 

Does the entity have processes in place to avoid / manage conflict of interests involving members of the Board? (Yes/No) If Yes, provide details of the same.

The Company's Structure comprises a dual layer, the Board of Directors and the Committees of the Board at the apex level and the Management Team at an operational level. The Board lays down the overall Corporate Objectives and provides direction and independence to the Management Team to achieve these objectives within a given framework. This professional management process results in building a conducive environment for sustainable business operations and value creation for all stakeholders.

The Board within the framework of law discharges its fiduciary duties of safeguarding the interests of the Company. The Boards composition and size is robust and enables it to deal competently with emerging business development issue and exercise independent judgment.

## PRINCIPLE 2: BUSINESSES SHOULD PROVIDE GOODS AND SERVICES IN A MANNER THAT IS SUSTAINABLE AND SAFE

# **ESSENTIAL INDICATOR**

Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively

	Current Financial Year	Previous Financial Year	Details of improvements in environmental and social impacts
R&D	0	0	Not Applicable
Capex	41,47,24,892	1,82,89,436	Old machines were replaced with the modern and latest machines with high energy efficiency, thereby reducing the energy demand and consumption Apart from that expenditure were incurred for the treatment of wastewater, installation of solar panels and managing the plastic scraps.

- Does the entity have procedures in place for sustainable sourcing? (Yes/No) 2.
  - b. If yes, what percentage of inputs were sourced sustainably? Not Applicable
- Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

The plastics are reused as per the regulatory and standard norms of the State/ Country. Sometimes the waste is sold to registered vendors or transported to the authorised recycler.

The returned plastic moulded furniture & crates by the customers & in-house generated materials are being grinded & reused by using optimum quantity without affecting quality. Also, Supreme has agreement with authorized agencies at all locations for pick up and recycle / reusing or safe disposing.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Not Applicable.

## **LEADERSHIP INDICATORS**

Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?

NIC Code	Name of Product / Service	% of total Turnover contributed	Boundary for which the Life Cycle Perspective / Assessment was conducted	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No) If yes, provide the web-link		
The Compan	The Company has 12 locations cortified on ISO 14001-2015. All those locations carry out its environmental rick assessment.						

The Company has 13 locations certified on ISO 14001:2015. All these locations carry out its environmental risk assessment w.r.t. life cycle perspective as per the requirement of the EMS standard.

If there are any significant social or environmental concerns and/or risks arising from production or disposal of your products / services, as identified in the Life Cycle Perspective / Assessments (LCA) or through any other means, briefly describe the same along-with action taken to mitigate the same

Name of Product / Service	Description of the risk / concern	Action Taken
	al concerns or risk arose from the risk assessme ctive corrective action for the same has been i	

Percentage of recycled or reused input material to total material (by value) used in production (for manufacturing industry) or providing services (for service industry).

Indicate input material	Recycled or re-used input material to total material FY 2021-22 (Current FY) FY 2020-21 (Previous FY)					
Plastic Waste	0.0051 %	0.0097 %				

Of the products and packaging reclaimed at end of life of products, amount (in metric tonnes) reused, recycled, and safely disposed, as per the following format:

		FY 2021-22 (Current FY)		FY 2020-21 Previous Financial Year			
	Re-Used	Recycled	Safely Disposed	Re-Used	Recycled	Safely Disposed	
Plastics (including packaging)	Not	Not	Not	Not	Not	Not	
	Applicable	Applicable	Applicable	Applicable	Applicable	Applicable	
E-Waste	Not	Not	Not	Not	Not	Not	
	Applicable	Applicable	Applicable	Applicable	Applicable	Applicable	
Hazardous waste	Not	Not	Not	Not	Not	Not	
(Used Oil)	Applicable	Applicable	Applicable	Applicable	Applicable	Applicable	
Other waste	Not	Not	Not	Not	Not	Not	
	Applicable	Applicable	Applicable	Applicable	Applicable	Applicable	

Currently Supreme, does not have a mechanism or process to collect back products at the end of the product life cycle. Once the LCA strategy has been established, these values will be monitored.

Reclaimed products and their packaging materials (as percentage of products sold) for each product category.

Indicate product category	Reclaimed products and their packaging materials as % of total products sold in respective category
Furniture	2.7%

PRINCIPLE 3: BUSINESSES SHOULD RESPECT AND PROMOTE THE WELL-BEING OF ALL EMPLOYEES, INCLUDING THOSE IN THEIR VALUE CHAINS

# Is there a mechanism available to receive and redress grievances for the following categories of employees and worker? If yes, give details of the mechanism in brief.

	Yes / No (If yes, then give details of the mechanism in brief)
Permanent Workers	Yes, the grievances of employees & workers are addressed and resolved through following
Other than Permanent	mechanisms and committees:
Workers	1. The issues are resolved in presence of the concerned worker.
Permanent Employees	2. Safety committee team handles the grievances which are raised or occur at company.
Other than Permanent	3. Working committee addresses and sorts the grievances that are raised at the workplace.
Employees	4. Committee of Associate are in put in place
	5. Complaint box is kept at an easily accessible and visible location in plant. The employees put his/her grievances inside the box. Weekly or once in a month as preferred, the complaints are read. Basis on complaints, corrective actions are taken on it.
	6. The Works Committee and Health and Safety Committee has been formulated to redress complaints and grievances of employees and workers.

Detailed mechanism for grievance redressal for employees and workers can be explained in following flow chart:

Step-1 Member Grievances and Provider Complaints: The employee should raise his or her grievance with the immediate supervisor. Timely Identified the Problem, Accepting the Grievances

Step-2 Grievances and Investigations Concerning Persons: Collecting the Facts, collect all the relevant facts and proofs relating to the grievance. The analysis of the cause will involve studying various aspects of the grievance such as the employees past history, frequency of the occurrence, management practices

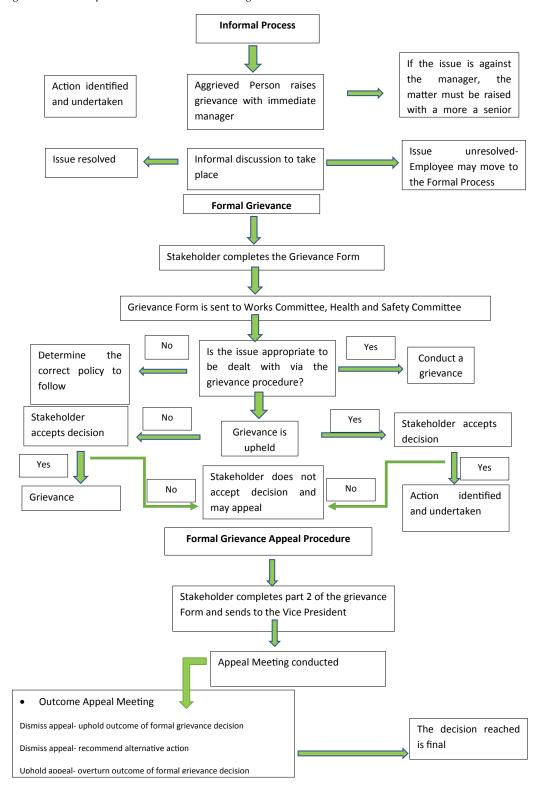

**Step-3 Decision Taken/Notice Requirements and Appeal Process:** Taking Decision-a decision is taken which is best suited to the given situation in the organization. Such decision should serve as a both within the department and the organization. In case, he is not satisfied with the decision, he goes to the departmental head for the settlement of his grievance.

**Step-4 Provider Claim Disputes resolution/Action:** If the employee is still dissatisfied, he forwards it to the appropriate Superior of the Factory Management. Their decision is final and binding on both the parties. The individual grievances considered by Factory Management pertain to promotion, suspension, discharge and dismissal.

A similar organization wide process is also formed for the grievance redressal of other stakeholders also.

# 10. Health and safety management system:

Whether an occupational health and safety management system has been implemented by the entity? (Yes/ No). If yes, the coverage such system?

Yes. 12 locations out of 25 locations are certified for Occupational Health & Safety Management System. The management system covers all employees, workers and interested party's health and safety at each certified location. The system includes everything from planning to developing strategies and procedures, as well as monitoring and analysing data and improving it continually.

# b. What are the processes used to identify work-related hazards and assess risks on a routine and non-routine basis by the entity?

At all the certified locations, in order to identify the work-related hazards, HIRA (Hazard Identification and Risk Assessment) is conducted. HIRA assesses both the routine and non-routine activities to determine the risk from them. Besides HIRA, JHA (Job Hazard Analysis) is also conducted. Company also has effective PTW (Permit to Work) system in place to prevent the hazards during routine and non-routine jobs.

# c. Whether you have processes for workers to report the work-related hazards and to remove themselves from such risks. (Y/N)

Yes. The process is available at all the locations. The processes include direct interaction with controller or safety officer, suggestion box, approaching the Work's Committee or Health and Safety Committee

d. Do the employees/ worker of the entity have access to non-occupational medical and healthcare services? (Yes/ No) Yes. At all plants and offices.

## 11. Details of safety related incidents, in the following format:

Safety Incident / Number	Category	FY 2021-22 (Current FY)	FY 2020-21 (Previous FY)
Lost Time Injury Frequency Rate (LTIFR) (per one million-person hours worked)	Employees	172.32	205.80
[(No. of lost time injuries in FY * 1,000,000) /Total hours worked by all staff in same FY]	Workers	284.55	374.85
Total recordable work-related injuries	Employees	57	48
(Total number of employees / Workers affected by work-related injuries or ill health)	Workers	221	151
No. of fatalities	Employees	1	0
	Workers	0	2
High consequence work-related injury or ill-health (excluding fatalities)	Employees	0	0
	Workers	0	0

# 12. Describe the measures taken by the entity to ensure a safe and healthy work place

Several measures are taken up by Supreme to ensure a safe and healthy working condition for all employees, workers and other interested parties like visitors etc. The measures include, but not limited to, are:

- Provision of PPEs (Personal Protective Equipment)
- Complete Fire Hydrant System with Fire extinguishers are installed
- Availability of safe Emergency assembly area
- Easy accessibility of utilities like Drinking water facilities, proper sanitary system etc.
- For enhanced physical security, CCTV Cameras are installed
- Safety and Health related SOPs are defined and communicated to all.
- Supreme conducts Health and Safety trainings & mock drills at all locations.
- 5S & Safety Audits are conducted at regular intervals
- Effective PTW (Permit to work) system is in place

# 13. Number of Complaints on the following made by employees and workers:

Category	FY	2021-22 (Curren	it FY)	FY 2020-21 (Previous FY)			
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks	
Working Conditions	5	0	All complaints are resolved	3	0	All complaints are resolved	
Health & Safety	6	0	All complaints are resolved	2	0	All complaints are resolved	

## 14. Assessments for the year:

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Health and safety practices	48%
Working Conditions	100%

15. Provide details of any corrective action taken or underway to address safety-related incidents (if any) and on significant risks / concerns arising from assessments of health & safety practices and working conditions.

All the risks or concerns identified in ISO 45001 through HIRA have been addressed. Corrective actions have been taken post participation and consultation of managerial and non-managerial employees and workers. Effectiveness of the corrective actions have also been monitored.

## **LEADERSHIP INDICATORS**

- Does the entity extend any life insurance or any compensatory package in the event of death of
  - (A) Employees (Y/N): Yes. Compensatory package has been extended to all company permanent employees (company on-roll).
  - (B) Workers (Y/N): Yes. Compensatory package has been extended to all company permanent worker (company on-roll).
- Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.
  - Checks regarding GST are done for Distributers. While appointing, compliances are evaluated. At the time of new vendor registration, units check GST Return filing status online.
- Provide the number of employees / workers having suffered high consequence work-related injury / ill-health / fatalities (as reported in Q11 of Essential Indicators above), who have been rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment:

Total no. of affected employees / workers No. of employees / workers that are rehabilitated and placed in suitable employment or whose family members have been placed in suitable employment

Category	Total no. of affecte	d employees / workers	placed in suitable employme	ers that are rehabilitated and nent or whose family members n suitable employment	
	FY 2021-22 (Current FY)	FY 2020-21 (Previous FY)	FY 2021-22 (Current FY)	FY 2020-21 (Previous FY)	
Employees	1	0	0	0	
Workers	0	2	0	0	

Does the entity provide transition assistance programs to facilitate continued employability and the management of career endings resulting from retirement or termination of employment? (Yes/No):

Yes. Some employees, after retirement age, are considered for advisory role in the Company only at the discretion of management.

**Details on assessment of value chain partners:** 

	% of value chain partners (by value of business done with such partners) that were assessed
Health and safety practices	Nil
Working conditions	Nil

Provide details of any corrective actions taken or underway to address significant risks / concerns arising from assessments of health and safety practices and working conditions of value chain partners.

Supreme is in consideration of taking up value chain assessment.

# PRINCIPLE 4: BUSINESSES SHOULD RESPECT THE INTERESTS OF AND BE RESPONSIVE TO ALL ITS STAKEHOLDERS

# **ESSENTIAL INDICATOR**

Describe the process for identifying key stakeholder groups of the entity.

Any individual and group of people, etc, who are impacted due to business operations and projects of the Company are the stakeholders. Any of such individual and group of people that adds value for business and have greater impact on the business are the key stakeholders for the Company. The key stakeholders inter alia include employees, shareholders / investors, Distributors, Customers, Channel partners, Research Analyst, Vendors, suppliers, regulators and government agencies.

The process for identification of such key stakeholders is of Qualitative nature. It is conducted in consultation with and feedback from different departments along with Senior Management and Board.

List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Stakeholder Group	Whether identified as Vulnerable & Marginalized Group (Yes / No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Other	Frequency of engagement (Annual / Half yearly / Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
Employees	No	Emails, Notices and SOPs and other communication mechanisms	Daily	Follow up for SOPs and compliances with polices of the Company
Shareholders / Investors	No	Emails, Newspaper, Advertisement, website of the Company and Stock Exchanges, Notice Board and AGM	Quarterly and as and when need arises	Disclosing Quarterly/ Half Yearly/Yearly Results, sending Annual Reports and Notice for General Meetings
Distributors / Channel Partners	No	Email, Physical and other modes	Frequent and need basis	Sales Orders, Discount Policies, Advertisement etc
Customers	No	Multiple Channel - physical and digital	Frequent and need based	Through Distributors and also direct interaction
Research Analyst	No	Email/ con-calls, meetings, Video - conferences	Frequent and need based	Interaction on explaining the Quarterly/half yearly /yearly Results and Issuance of Press Releases
Suppliers	No	Email/ con-calls, meetings, Video - conferences	Frequent and need based	Purchase of Machines, Plastics Polymers, Consumables, Packing Materials etc.

Stakeholder Group	Whether identified as Vulnerable & Marginalized Group (Yes / No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Other	Frequency of engagement (Annual / Half yearly / Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
Government agencies	No	Email, one-on-one meetings, Con-calls, videoconference	Need based	On various Law points, regulations, amendments, and approvals
Communities	No	Directly or through Supreme Foundation	Frequent and need based	Support socially / by CSR Activities to satisfy needs of society / communities

## **LEADERSHIP INDICATOR**

Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

Supreme provides several platforms for consultation between stakeholders and the Board. The platforms include regular meetings of MD, ED and Senior Management with Stakeholders.

Supreme believes that continuous efforts of engagement between stakeholders and Board enables it to understand the requirement and expectations of the Stakeholders on economic, environmental, and social parameters. This enables the Company to form its strategies and improve its performance to serve the stakeholders in better way. Board follows-up and keeps itself updated on various development initiatives, suggestions, and feedback from the individual Board Members.

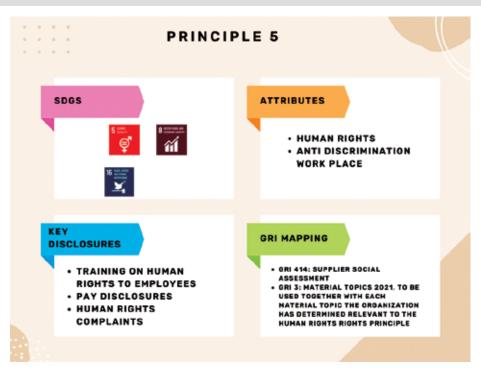

Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Yes. The stakeholder consultation is used to support the identification and management of environmental, and social topics of Supreme. The formulation of the Company Policies pertaining to Environment and Social have been a result of continuous interactions with the Government Regulatory Authorities, Distributors, Suppliers and the local community.

Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.

Company directly or through Supreme Foundation promotes education and takes required steps for uplifting of under privileged in the society. Apart from these, Supreme Foundation work in promotion of health care, supply of daily drinking water, create awareness in fields of Swaccha Bharat Abhiyan, Beti Padhao-Beti Bachao & women empowerment, social integrity etc. Detailed CSR activities given in Corporate Social Responsibility Report.

## PRINCIPLE 5: BUSINESSES SHOULD RESPECT AND PROMOTE HUMAN RIGHTS

#### **ESSENTIAL INDICATOR**

Employees and workers who have been provided training on human rights issues and policy(ies) of the entity, in the following format:

Category	FY 202	21-22 (Current Financi	al Year)	FY 202	FY 2020-21 (Previous Financial Year)			
	Total (A)	No. of employees / workers covered (B)	% (B / A)	Total (C)	No. of employees / workers covered (D)	% (D / C)		
		Emp	loyees					
Permanent	3395	2143	63.12	3276	1940	59.22		
Other than permanent	549	55	10.02	448	58	12.95

Female	477	250	52.41	227	47.59	433	77	17.78	356	82.22

Details of remuneration/salary/wages, in the following format:

		Male	Female		
	Number	Median remuneration/ salary/ wages of respective category	Number	Median remuneration/ salary/ wages of respective category	
Board of Directors (BoD)	7	2600000	1	2500000	
Key Managerial Personnel	3	20434319	None	Not Applicable	
Employees other than BoD and KMP	3831	348555	102	383304	
Workers	9996	156317	479	134516	

Note: Median remuneration/ salary/ wages of respective category given on annual basis

Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes. The Human Resources department's head in the respective units are responsible for addressing human rights impacts.

Describe the internal mechanisms in place to redress grievances related to human rights issues.

Supreme has a robust mechanism in place to redress the grievances related to human rights. Some major structures within the organization includes Internal Complaints Committee (PoSH related)/Worker Committee/Grievances Committee are various institutional mechanisms present to address the grievances related to human rights.

## Number of Complaints on the following made by employees and workers:

	FY 2021-22 (Current Financial Year)			FY 2020-21 (Previous Financial Year)			
	Filed during the year	Pending resolution at the end of year	Remarks	Filed during the year	Pending resolution at the end of year	Remarks	
Sexual Harassment	Nil	Nil	None	Nil	Nil	None	
Discrimination at workplace	Nil	Nil	None	Nil	Nil	None	
Child Labor	Nil	Nil	None	Nil	Nil	None	
Forced Labour/Involuntary Labour	Nil	Nil	None	Nil	Nil	None	
Wages	Nil	Nil	None	Nil	Nil	None	
Other human rights related issues	Nil	Nil	None	Nil	Nil	None	

## Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

Supreme has robust mechanisms to avoid any kind of adverse consequences to the complainant. Some examples of the initiatives include development of works committee and Health and Safety Committee who can provide the necessary protection to the complainant. Moreover, Supreme follows zero tolerance policy for such cases and identity and information of complainant is kept confidential. Regular social audit is undertaken to address these aspects within organization.

# Do human rights requirements form part of your business agreements and contracts? (Yes/No)

Yes. Issues related to child labor and forced labor and other compliances related to human rights are part of the business agreements and contracts.

#### Assessments of the year

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)
Child labour	100
Forced/involuntary labour	100
Sexual harassment	100
Discrimination at workplace	100
Wages	100

# 10. Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 9 above.

Assessments are being carried out presently. Detailed plan of action is being prepared to address the significant risks/ Concerns. The details of the same will be shared in the BRSR filings of the subsequent years.

## **LEADERSHIP INDICATOR**

## Details of a business process being modified / introduced as a result of addressing human rights grievances/complaints.

Supreme is in the process of relooking and if required revamping the processes to address the complaints that are received. The process once completed will be shared in detail in the subsequent BRSRs. The process covers key steps of

- Assessing actual and potential human rights impacts.
- Integrating and acting on the findings.
- Tracking responses and
- Communicating about how impacts are addressed.

## Details of the scope and coverage of any Human rights due-diligence conducted.

At present at Supreme, no such exercise has been conducted in this reporting period. There is a plan to conduct due-diligence and the Scope and Coverage of Human rights due diligence, entails are as under:

- Identify and assess human rights risks.
- Prevent and mitigate adverse human rights impacts.
- Account for how it addresses human rights impacts.

# Is the premise/office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Yes. Most of our facilities are accessible to differently abled visitors.

4. Details on assessment of value chain partners:

	% of value chain partners (by value of business done with such partners) that were assessed
Child labour	
Forced/involuntary labour	
Sexual harassment	No such assessment has been carried out in this reporting year. The organization has planned to introduce such assessments in the forthcoming years. The status of the same will
Discrimination at workplace	be updated in the subsequent BRSRs
Wages	
Others- Please Specify	

Provide details of any corrective actions taken or underway to address significant risks / concerns arising from the assessments at Question 4 above.

Not Applicable due to the above stated reason in Question 4.

# PRINCIPLE 6: BUSINESSES SHOULD RESPECT AND MAKE EFFORTS TO PROTECT AND RESTORE ENVIRONMENT

# **ESSENTIAL INDICATOR**

Details of total energy consumption (in Joules or multiples) and energy intensity, in the following format:

Parameter	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
Total electricity consumption (A) KJ	8,31,91,42,54,800	7,97,08,41,64,296
Total fuel consumption (B) KJ	3,92,50,33,90,500	3,85,11,43,04,538
Energy consumption through other sources (C) KJ	1,18,84,55,36,400	91,13,32,72,800
Total energy consumption (A+B+C)	13,43,26,31,81,700	12,73,33,17,41,634
Revenue Energy Intensity(Total energy consumption/ turnover in rupees) KJ/INR	17.24	19.98
Energy intensity (optional) – the relevant metric may be selected by the entity – KJ/MT	33,56,773.29	32,76,951.87

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, CII has conducted an assessment on the energy consumption.

Does the entity have any sites / facilities identified as designated consumers (DCs) under the Performance, Achieve and Trade (PAT) Scheme of the Government of India? (Y/N) If yes, disclose whether targets set under the PAT scheme have been achieved. In case targets have not been achieved, provide the remedial action taken, if any

None of the sites are covered under the PAT scheme

Provide details of the following disclosures related to water, in the following format:

Parameter	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
Water withdrawal by source (in kilolitres)		
(i) Surface water	49,902	82,782
(ii) Groundwater	7,05,412	8,40,141
(iii) Third party water	5,51,717	4,31,253
(iv) Seawater / desalinated water	-	-
(v) Others	39,043	36,048
Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)	13,46,075	13,90,224
Total volume of water consumption (in kilolitres)	13,46,075	13,90,224
Water intensity per rupee of turnover (Water consumed / turnover)	0.000017	0.000022
Water intensity (optional) – the relevant metric may be selected by the entity – KL/MT	3.36	3.58

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency

The values provided pertaining to water usage and management are from the internal water assessment and study carried out by TSIL. No external assurance has been carried out.

Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation

Supreme has implemented zero liquid discharge in all its locations. Treatment up to tertiary level is invariably carried out depending on the water parameters in the respective locations. which then is being discharged to factory Garden Use.

Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Parameter	Please specify unit	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
Nox	ppmv	446	618.21
SOx	%	2.58	2.72
Particulate matter (PM)	mg/Nm3	446	430.25
Persistent organic pollutants (POP)	ug/Nm3	Nil	Nil
Volatile organic compounds (VOC)	ug/Nm3	Nil	Nil
Hazardous air pollutants (HAP)	ug/Nm3	Nil	Nil
Others – Carbon Monoxide	mg/Nm3	57.7	72.1
Others – (Hydrocarbon as NHMC)	mg/Nm3	42.6	42.2

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

The pollution related compliance evaluation is done by the respective pollution control boards on a periodic basis and Supreme is in compliance with all the norms and requirements. Other than this No independent assessment are being carried out.

Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
<b>Total Scope 1 emissions</b> (Break-up of the GHG into CO <sub>2</sub> , CH <sub>4</sub> , N <sub>2</sub> O, HFCs, PFCs, SF <sub>6</sub> , NF <sub>3</sub> , if available)	Metric tonnes of CO <sub>2</sub> equivalent	11,471	12,145
<b>Total Scope 2 emissions</b> (Break-up of the GHG into CO <sub>2</sub> , CH <sub>4</sub> , N <sub>2</sub> O, HFCs, PFCs, SF <sub>6</sub> , NF <sub>3</sub> , if available)	Metric tonnes of CO <sub>2</sub> equivalent	1,82,940	1,74,916
Total Scope 1 and Scope 2 emissions per rupee of turnover	tCO <sub>2</sub> /INR	0.0000025	0.0000029
<b>Total Scope 1 and Scope 2 emission intensity (optional)</b> – the relevant metric may be selected by the entity	tCO <sub>2</sub> /MT	0.486	0.481

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes, CII has carried out independent assessment of the GHG Inventory

7. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

Supreme is actively working on the strategy of reduction of GHG emissions across its operations and also across its scope 1 and 2. Supreme installed our own solar power projects and also purchasing green energy from the third party renewable energy sources.

Supreme have also been working on energy efficiency measures as a strategic program for the implementation of the most energy efficient technologies as per the Industry standards.

8. Provide details related to waste management by the entity, in the following format:

Parameter	Please specify unit	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
Total W	aste generated (in	metric tonnes)	
Plastic waste (A)	MT	45,492	46,158
E-waste (B)	MT	4	12
Bio-medical waste (C)	MT	0	0
Construction and demolition waste (D)	MT	-	-
Battery waste (E)	MT	8	3
Radioactive waste (F)	MT	-	-
Other Hazardous waste. Please specify, if any. (G)	MT	191	784
Other Non-hazardous waste generated (H). Please specify, if any. (Break-up by composition i.e. by materials relevant to the sector)	MT	3,680	3,395
Total $(A+B+C+D+E+F+G+H)$	MT	49,375	50,352

For each category of waste generated, total waste recovered through recycling, re-using or other recovery operations (in metric tonnes)

Category of waste	FY 2021-22 (Current Financial Year	FY 2020-21 (Previous Financial Year)		
(i) Recycled inhouse generation	45,363	51,123		
(ii) Re-used	32	24		
(iii) Other recovery operations(cust return)	-	-		
Total	45,396	51,147		
(i) Recycled inhouse generation				
For each category of waste generated, total waste disposed by nature of disposal method (in metric tonnes)				
Category of waste: Example : Ash, Concentrated Spent Wash, Bio Gas, Sludge (Manure)				
(i) Incineration	-	-		
(ii) Landfilling	_	_		

Category of waste: Example: Ash, Concentrated Spent Wash, Bio Gas, Sludge (Manure)			
(i) Incineration	-	-	
(ii) Landfilling	-	-	
(iii) Other disposal operations	5,674	4486	
Total	5674	4486	

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

ISO systems audit is regularly carried out as a part of Internal systems management

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

Depending on the type of the unit processes and manufacturing facility, Supreme has a robust waste management procedure in line with the latest requirements of the pollution control boards and the ISO system that we have been following. Non-hazardous waste is being reuse inside and hazardous waste is being disposed off through authorized vendor.

In certain units/ Locations we have used 100% recycled of plastic thus paving the way for resource efficiency. The horticultural wastes are vermi-composted within the site while the STP sludge is re-used as manure in the green area maintenance and development. The food waste generated from the canteen is sent to the nearby piggeries.

Thus we have set comprehensive plans to manage every kind of waste that gets generated in our facilities.

10. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details in the following format:

S.No.	Location of operations/offices	Type of operations	Whether the conditions of environmental approval / clearance are being complied with? (Y/N) If no, the reasons thereof and corrective action taken, if any.
Not Applicable	Not Applicable	Not Applicable	Not Applicable

11. Details of environmental impact assessments of projects undertaken by the entity based on applicable laws, in the current financial year:

Name and brief details of project	EIA Notification No.	Date	Whether conducted by independent external agency (Yes / No)	Results communicated in public domain (Yes / No)	Relevant Web Link
Not Applicable	Not Applicable	Not Applicable	Not Applicable	Not Applicable	Not Applicable

12. Is the entity compliant with the applicable environmental law/ regulations/ guidelines in India; such as the Water (Prevention and Control of Pollution) Act, Air (Prevention and Control of Pollution) Act, Environment protection act and rules thereunder (Y/N). If not, provide details of all such non-compliances, in the following format:

S.No.	Specify the law / regulation / guidelines which was not complied with	Provide details of the noncompliance	regulatory agencies such as pollution control boards or by courts		Corrective action taken, if any
	Not Applicable. All relevant laws and regulations complied with	Not Applicable. All relevant laws and regulations complied with	Not Applicable. All relevant laws and regulations complied with	Not Applicable. All relevant laws and regulations complied with	All relevant laws

# **LEADERSHIP INDICATORS**

Provide break-up of the total energy consumed (in Joules or multiples) from renewable and non-renewable sources, in the following format:

Parameter	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
From renewable s	sources	
Total electricity consumption (A)	1,18,84,55,36,400	91,13,32,72,800
Total fuel consumption (B)	0	0
Energy consumption through other sources (C)	-	-
Total energy consumed from renewable sources (A+B+C)	1,18,84,55,36,400	91,13,32,72,800
From non-renewabl	e sources	
Total electricity consumption (D)	8,31,91,42,54,800	7,97,08,41,64,296
Total fuel consumption (E)	3,92,50,33,90,500	3,85,11,43,04,538
Energy consumption through other sources (F)	-	-
Total energy consumed from non-renewable sources (D+E+F)	12,24,41,76,45,300	11,82,19,84,68,834

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Yes. An independent assessment has been carried out by CII related to the Energy metrics within TSIL

Provide the following details related to water discharged:

Parameter	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
Water discharge by destination	and level of treatment (in kilolitres	6)
(i) To Surface water	0	0
- No treatment	0	0
- With treatment – please specify level of treatment	0	0
(ii) To Groundwater	0	0
- No treatment	0	0
- With treatment – please specify level of treatment	0	0

Parameter	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
(iii) To Seawater	0	0
- No treatment	0	0
- With treatment – please specify level of treatment	0	0
(iv) Sent to third-parties	0	0
- No treatment	0	0
- With treatment – please specify level of treatment	0	0
(v) Others	0	0
- No treatment	0	0
- With treatment – please specify level of treatment	0	0
Total water discharged (in kilolitres)	0	0

All the wastewater generated from the unit is being treated in the inhouse STP up to tertiary level. All the treated water recovered from the STP are being recycled for landscaping purpose thereby leading to ZLD.

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

The values provided pertaining to water usage and management are from the internal water assessment and study carried out by Supreme. No external assurance has been carried out.

3. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres)

None of the facilities or the manufacturing locations of Supreme are located in the areas of water stress, hence this disclosure requirement is not applicable.

Please provide details of total Scope 3 emissions & its intensity, in the following format:

Parameter	Unit	FY 2021-22 (Current Financial Year)	FY 2020-21 (Previous Financial Year)
Total Scope 3 emissions (Break-up of the GHG into CO2, CH4, N2O, HFCs, PFCs, SF6, NF3, if available)		Not Calculated FY 21-22	62085.23
Total Scope 3 emissions per rupee of turnover		Not Calculated FY 21-22	0.00000097
Total Scope 3 emission intensity (optional) – the relevant metric may be selected by the entity		Not Calculated FY 21-22	0.16

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

Not applicable as the same has not been calculated for this reporting period

With respect to the ecologically sensitive areas reported at Question 10 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas along-with prevention and remediation activities.

The facilities of the organization are not present in any of the Ecologically sensitive areas.

If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions / effluent discharge / waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:

Supreme Industries have always strived to improve the resource efficiency. As a part of its renewable energy procurement policy, steps have been taken at multiple locations to purchase renewable electricity.

Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

The organization has a robust disaster management plan as a part of their risk management framework. The property of the company is insured against natural risks, like fire, flood, earthquakes, etc.

Fire Hydrants have been installed at all manufacturing locations. Other apparatus like extinguishers filled with chemical, Foam etc. have been placed at fire sensitive locations and regular fire safety drills are carried out.

First aid training is given to watch and ward staff and safety personnel. Workmen of the company are covered under ESI, EPF, etc., to serve the welfare of the workmen. Engaging professional Risks Assessing Advisors who conduct periodical audit / review and suggest risks improvement measures from time to time.

As explained in the risk management policy of TSIL - https://www.supreme.co.in/images/pdf/Risk-Management-Policy.pdf

Disclose any significant adverse impact to the environment, arising from the value chain of the entity. What mitigation or adaptation measures have been taken by the entity in this regard.

Value chain partners have not been assessed for environmental Impacts. This process will be initiated in the coming years.

Percentage of value chain partners (by value of business done with such partners) that were assessed for environmental impacts. Value chain partners have not been assessed for environmental Impacts. This process will be initiated in the coming years.

# PRINCIPLE 7: BUSINESSES, WHEN ENGAGING IN INFLUENCING PUBLIC AND REGULATORY POLICY, SHOULD DO SO IN A MANNER THAT IS RESPONSIBLE AND TRANSPARENT

## **ESSENTIAL INDICATOR**

a. Number of affiliations with trade and industry chambers/ associations: 11

S. No.	Name of the trade and industry chambers / associations
1	Plastindia Foundation
2	Organisation of Plastic Processors of India (OPPI)
3	Confederation of Indian Industries (CII)
4	Automotive Component manufacturers Association of India (ACMA)
5	Indian Plastic Federation (IPF)
6	Indian Institute of Packaging (IIP)
7	Tool & Gauge Mfgrs. Association of India (TGMA)
8	Federation of Indian Export Organisation (FIEO)
9	Bureau of Indian standards (BIS)
10	Indian Green building council (IGBC)
11	Deccan Chamber of Commerce, Industries and Agriculture, Pune (DCCIA)

List the top 11 trade and industry chambers/ associations (determined based on the total members of such body) the entity is a member of/affiliated to.

S. No.	Name of the trade and industry chambers / associations	Reach of trade and industry chambers / associations (State / National)

For some product, visit to customers place is done to demonstrate the safety protocols.

Mechanisms in place to inform consumers of any risk of disruption/discontinuation of essential services.

The products and services offered by Supreme does not constitute in the category of essential services and hence this disclosure is not applicable.

Does the entity display product information on the product over and above what is mandated as per local laws? (Yes/No/ Not Applicable) If yes, provide details in brief. Did your entity carry out any survey with regard to consumer satisfaction relating to the major products / services of the entity, significant locations of operation of the entity or the entity as a whole? (Yes/No)

The required information are given on all the products of the Company as required by the applicable laws. For some products, information over and above the mandated requirement is also provided. Customer satisfaction survey and the feedback is a continuous process as the Channel Partners are in constant touch with the customers to ensure that this is communicated transparently across the value chain.

- Provide the following information relating to data breaches:
  - Number of instances of data breaches along-with impact
  - Percentage of data breaches involving personally identifiable information of customers

No instances of data breach has been reported by TSIL in the FY 2021-22.

# **Independent Auditors' Report**

To The Members of The Supreme Industries Limited

# **Report on the Audit of Standalone Financial Statements**

# **Opinion**

We have audited the accompanying standalone financial statements of The Supreme Industries Limited ("the Company"), which comprises of Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information in which are included the financial statements of 24 manufacturing units, 27 – Depots, 7 Fabrication units and 6 offices located across India [hereinafter referred to as "Branches"] for the year ended on that date audited by 9 branch auditors.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2022, its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

# **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by us and the audit evidences obtained by branch auditors in terms of their report referred to in the other matters section below, is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

# **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Sr. No	Key Audit Matters	Auditor's response
; ; ; ; ; ; ; ; ; ; ; ; ; ; ; ; ; ; ;	Industrial Promotion Scheme (IPS) receivable of ₹ 85.88 crores as at March 31, 2022  Other current and non-current assets include government grant receivable in the form of refund of Sales tax/GST under IPS Scheme of ₹ 85.88 crores as at March 31, 2022 (Rs. 95.09 crores as at March 31, 2021) from the states of Maharashtra, Madhya Pradesh, West Bengal and Rajasthan as per the respective schemes/ notifications announced/ issued by the aforesaid State Governments. Post GST, the state of west Bengal is yet to notify the IPS scheme and accordingly, the Company has not recognized grant, since July 2017, in this regard. The amount whereof is presently not ascertainable.  Management judgement is involved in assessing the accounting for grants and particularly in considering the probability of a grant being released and we have accordingly designated this as a focus area of the audit.	Audit procedures performed:  In response to the risk of completeness of the accruals in the standalone financial statements:  We have examined the eligibility certificates and obtained a list of year wise break- up of the IPS receivables by the Company for all the financial years.  We had discussed the status of the assessment of grants receivable for all the financial years and the management view on the expected time frame by which the grants will be released.  Additionally, we have considered the status of the previous assessments and the adjustments, if any, done by the respective concerned authorities.  Based on the procedures performed, those gave us sufficient evidence to conclude that the grants have been accounted in terms of the schemes/notifications announced/issued by various state governments.

## Information Other than the Standalone Financial Statements and Auditor's report thereon

The Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Board's Report including Annexures to the Board report, and Management Discussion and Analysis, but does not include the standalone financial statement and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we required to report that fact. We have nothing to report in this regard.

# Responsibilities of Management and those charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

# **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of an identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Other Matters:**

We did not audit the financial statements of branches included in the standalone financial statements of the Company whose financial statements reflect the total assets of ₹ 3,268.27 crores as at March 31, 2022 (₹ 2,726.64 crores as at March 31, 2021) and total revenue of ₹7,469.79 crores for the year ended on that date (₹6,173.06 crores for the year ended March 31, 2021). The financial statements of these branches have been audited by the branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of these branches, is based solely on the report of such branch auditors.

Our opinion on the standalone financial statement and our report on the other legal and regulatory requirements below is not modified in respect of this matter.

## **Report on Other Legal and Regulatory Requirements**

- Pursuant to the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books and records.
  - The reports on the financial statements of branches of the Company audited under section 143(8) of the Act by nine firms of independent auditors have been sent to us and have been properly dealt with by us in preparing this report.
  - The Balance sheet, the Statement of Profit & Loss (including other comprehensive income), Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - (e) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
  - On the basis of the written representation received from the directors as on March 31, 2022 taken on records by the Board of Directors, none of the directors are disqualified as on March 31, 2022 from being appointed as a Directors in terms of Section 164(2) of the Act.
  - With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure "B".
  - (h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Sec 197(16) of the Act, as amended:
    - In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
  - With respect to the matters to be included in the Auditor's report in accordance with the rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - The Company has disclosed the impact of pending litigations on its financial performance in its standalone financial statements. [Refer note no 38 to standalone financial statements]
    - The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
    - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
    - The management has represented that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend to or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- The management has represented, that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend to or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representation under sub clause (i) and (ii) of Rule 11(e) of The Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contains any material misstatement. (Refer note no. 49 to the standalone financial statement)
- The final dividend paid by the Company during the year in respect of the previous year is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.
  - The interim dividend declared and paid by the Company during the year is in accordance with the Section 123 of the Act.
  - As stated in the note 34(B) to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing annual general meeting. The dividend declared is in accordance with Section 123 of the Act to the extent it applies to the declaration of dividend.

## ANNEXURE "A" REFERRED TO IN "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" SECTION OF OUR REPORT TO THE MEMBERS OF THE SUPREME INDUSTRIES LIMITED OF EVEN DATE:

- a. In respect of Company's Property, Plant and Equipment (PPE) and Intangible Assets:
  - The Company has maintained proper records, showing full particulars, including quantitative details and situation of PPE and relevant details of right-to-use assets.
  - The Company has maintained proper records showing full particulars of intangible assets.
  - As explained to us, the Company has a phased program for physical verification of the PPE for all locations. In our opinion, the frequency of verification is reasonable considering the size of the Company and nature of its PPE. Physical verification of the assets has been carried out during the year pursuant to the programme in that respect. According to the information and explanations given to us and on the basis of our examination of the records, no material discrepancies were noticed on such verification.
  - According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties disclosed in the financial statements included under property, plant and equipment, other than properties where the company is lessee and lease agreements are duly executed in favour of the Company, are held in the name of the Company except the following:

Description of Property	Gross carrying amount (₹ in Crores)	Held in the name of	Whether promoter, director or their relative or employee	Period held: indicate a range, where appropriate	Reason for not being held in the name of Company
Free Hold land, non-Agricultural 1.14 Hector, Gat No. 242/1 & 2 of Mehrun Shivar back side of MIDC, Jalgaon	0.05	Mr. Shivratan Jeetmal Taparia	Director	Purchased on 27/03/1987 i.e., since last 35 years	We have been informed that Company has obtained deed of declaration from the directors, mentioning they have no right on these
Free Hold land, Agricultural 0.86 Hector, Gat No. 244/2, 3, 4 & 5 of Mehrun Shivar back side of MIDC, Jalgaon	0.38	Mr. Mahavir Prasad Surajmal Taparia	Director	Purchased on 17/12/2004 i.e. since last 18 years	properties. Further due to some procedural/technical issues both the the properties are still not transferred in the name of the company.

- d. The Company has not revalued any of its PPE (including right-of-use assets) and intangible assets during the year and hence reporting under clause 3(i)(d) of the Order is not applicable to the Company.
- In our opinion and according to the information and explanations given to us and on the basis of our examination of the records, neither any proceedings have been initiated during the year nor are pending as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988, as amended, and rules made thereunder and hence reporting under clause 3(i)(e) of the Order is not applicable to the Company.
- The inventories have been physically verified by the management at reasonable intervals during the year, except for goods ii. in transit and those lying with third parties. The procedures of physical verification of the inventories followed by the management are reasonable and adequate in relation to the size of the Company and nature of it's business. As per the information and explanations given to us and on the basis of our examination of the records, no discrepancies of 10% or more in the aggregate for each class of inventory were noticed on physical verification of inventories as compared to book
  - According to the information and explanations given to us and on the basis of our examination of the records, the Company has not been sanctioned working capital limit in excess of ₹ 5 crores on the basis of security of current assets, in aggregate, at any point of time during the year from banks and financial institutions and hence reporting under clause 3(ii)(b) of the Order is not applicable to the Company.
- In respect of Investment in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties:
  - (a) The Company has not provided any loans or advances in the nature of loans or guarantee or provided security to any other entity during the year and hence reporting under clause 3(iii)(a) is not applicable to the Company.
  - (b) According to the information and explanations given to us, investment made are in the ordinary course of business and in our opinion, prima facie, not prejudicial to the Company's interest.
  - (c) The Company has not granted any loans or advances in the nature of loans during the year and hence reporting under clauses 3(iii)(c), (d), (e) and (f) of the Order is not applicable to the Company.
- In our opinion and according to the information and explanations given to us and on the basis of our examination of the records, the Company has complied with the provisions of section 185 and 186 of the Act, to the extent applicable with respect to the investments made during the year. The Company has not provided any loans, guarantee and security during the year.

- In our opinion and according to the information and explanations given to us, no deposits or amounts which are deemed to be deposits within the meaning of Section 73 to 76 or any other relevant provisions of the Act and the Companies (Acceptance of Deposits) Rules, 2014 have been accepted by the Company and hence reporting under clause 3(v) of the Order is not applicable to the Company.
- We have broadly reviewed the books of account maintained by the Company pursuant to rules made by the central government for the maintenance of cost records under sub section 1 of section 148 of the Act in respect of company's products and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate and complete.
- (a) According to the information and explanations given to us and on the basis of our examination of the records, the Company is generally regular in depositing undisputed statutory dues including Goods and Services tax, provident fund, employees' state insurance, income tax, sales tax, custom duty, duty of excise, value added tax, cess and other statutory dues during the year with the appropriate authorities. No undisputed amounts payable in respect of the aforesaid statutory dues were outstanding as at the last day of the financial year for a period of more than six months from the date they became payable.
  - (b) According to the information and explanations given to us and on the basis of our examination of the records, there are no statutory dues mentioned in clause vii (a) which have been not deposited on account of any dispute except the following:

Name of the statute	Nature of dues	Amount ₹ in Crores	Period to which the amount relates	Forum where dispute is pending
The Central Excise Act, 1944	Excise Duty and Penalty	40.16	2000-01 to 2016-17	Custom Excise & Service Tax Appellate tribunal (CESTAT)

- viii. According to the information and explanations given to us and on the basis of our examination of the records, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961) and hence reporting under clause 3(viii) of the Order is not applicable to the Company.
- (a) Based on our audit procedures and on the basis of information and explanations given to us and on the basis of our examination of the records, we are of the opinion that the Company has not defaulted in the repayment of loans or other borrowings or in the repayment of interest thereon to the lenders and hence reporting under clause 3(ix) of the Order is not applicable to the Company.
  - (b) The Company has not been declared as willful defaulter by any bank or financial institution or other lender.
  - (c) In our opinion and according to the information and explanations given to us and on the basis of our examination of the records, the Company has not taken any term loan during the year and hence reporting under clause 3(ix)(c) of the Order is not applicable to the Company.
  - (d) On an overall examination of the standalone financial statements, in our opinion the Company has not utilized funds raised on short term basis for long term purposes.
  - (e) Based on our audit procedures and on the basis of information and explanations given to us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint venture and hence reporting under clause 3(ix)(e) of the Order is not applicable to the Company.
  - Based on our audit procedures and on the basis of information and explanations given to us, during the year the Company has not raised any funds on the pledge of securities held in its subsidiaries, joint venture and associates and hence reporting under clause 3(ix)(f) of the Order is not applicable to the Company.

- (a) In our opinion and according to the information and explanations given to us, the Company has not raised any money by way of Initial public offer or further public offer (including debt instrument) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable to the Company.
  - (b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment, private placement of shares or fully or partly convertible debentures during the year or in the recent past and hence reporting under clause 3(x)(b) of the Order is not applicable to the Company.
- (a) During the course of our examination of the books and records of the Company, carried out in accordance with the xi. generally accepted auditing practices in India and according to the information and explanations given to us, we have neither come across any instance of fraud by or on the Company, noticed or reported during the year, nor have we been informed of such case by the management except fraud by way of embezzlement by an employee at its manufacturing Unit at Gadegaon, audited by the Branch Auditor of that Unit, involving an amount of Rs. 0.17 crore, which has been recovered from the employee.
  - (b) During the year, no report under sub section 12 of Section 143 of the Act has been filed in Form ADT-4 as prescribed in Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government.
  - (c) Based on our audit procedure performed and according to the information and explanations given to us, no whistle blower complaints were received by the Company during the year and hence reporting under clause 3(xi)(c) of the Order is not applicable to the Company.
- In our opinion and according to the information and explanations given to us and on the basis of our examination of the records, the Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us and based on our examination of the records of the Company, all the transactions with related parties are in compliance with Section 177 and 188 of the Act and all the details have been disclosed in the standalone financial statements as required by the applicable Accounting Standard. (Refer note no. 40 to the standalone financial statements)
- (a) In our opinion and according to the information and explanations given to us, the Company has an adequate internal audit system commensurate with the size and nature of its business.
  - (b) We have considered the internal audit reports for the year under audit issued to the Company during the year and till date, in determining nature, timing and extent of our audit procedure.
- According to the information and explanations given to us, the Company has not entered into any non-cash transactions prescribed under Section 192 of the Act with directors or persons connected with them during the year.
- xvi. (a) The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934 and hence reporting under clause 3(xvi) (a), (b) and (c) of the Order is not applicable to the Company.
  - (b) In our opinion, there is no core investment company within the "Companies in the Group" as defined in the Core Investment Companies (Reserve Bank) Directions, 2016 and hence reporting under clause 3(xvi)(d) of the Order is not applicable to the Company.
- xvii. The Company has not incurred any cash losses during the financial year covered by our audit and immediately preceding financial year.
- xviii. There has been no resignation of the statutory auditors of the Company during the year and hence reporting under clause 3(xviii) of the Order is not applicable to the Company.
- xix. According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements and our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- According to the information and explanations given to us and on the basis of our examination of the records, there are no amounts unspent in respect of corporate social responsibility towards ongoing or other than ongoing projects and hence reporting under clause 3(xx) (a) and (b) of the Order is not applicable to the Company.

# Annexure B to the Independent Auditors' Report

ANNEXURE "B" REFERRED TO IN "REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS" SECTION OF OUR REPORT TO THE MEMBERS OF THE SUPREME INDUSTRIES LIMITED OF EVEN DATE:

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of The Supreme Industries Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

## **Management's Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential component of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

## **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls Over Financial Reporting**

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the entity are being made only in accordance with authorisations of management; (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the entity's assets that could have a material effect on the standalone financial statements; and (4) also provide reasonable assurance by the internal auditors through their internal audit reports given to the organisation from time to time.

## **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, broadly, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential Component of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## 1. BASIS OF PREPARATION, MEASUREMENT AND SIGNIFICANT ACCOUNTING POLICIES

### 1.1 COMPANY OVERVIEW:

The Supreme Industries Limited ("the Company") is public limited company incorporated and domiciled in India and has registered office at 612, Raheja Chambers, Nariman Point, Mumbai 400021. It is incorporated under the Indian Companies Act, 1913 and its shares are listed on the Bombay Stock Exchange Limited and National Stock Exchange in India.

The Company is one of the leading plastic products manufacturing company in India having 25 manufacturing facilities spread across the country, offering a wide and comprehensive range of plastic products in India. The company operates in various product categories viz. Plastic Piping System, Cross Laminated Films & Products, Protective Packaging Products, Industrial Moulded Components, Moulded Furniture, Storage & Material Handling Products, Performance Packaging Films and Composite LPG Cylinders.

The standalone financial statements are approved for issue by the Company's Board of Directors on 29th April, 2022.

### 1.2 BASIS OF ACCOUNTING

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as prescribed under section 133 of the Companies Act, 2013 ("the Act") read with Companies (Indian Accounting standards) Rules, 2015 as amended and other relevant provisions of the Act.

The financial statements are prepared and presented on accrual basis and under the historical cost convention, except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- Certain financial assets and liabilities are measured at Fair value and derivative financial instruments (Refer accounting policy on financial instruments - Refer Note 1.10 below)
- b) Defined Benefit and other Long-term Employee Benefits Refer Note 1.12 below

### Rounding off

All amounts disclosed in the financial statements and notes have been rounded off to the nearest crores.

## 1.3 USE OF ESTIMATES AND JUDGEMENTS

The preparation of the financial statements requires that the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

### Current and non-current classification

All the assets and liabilities have been classified as current or non-current as per the company's normal operating cycle (not exceeding twelve months) and other criteria set out in Schedule III to the Companies Act, 2013.

Areas involving critical estimates and Judgements are:

- Estimation of employee defined benefit obligations (Refer note no. 1.12 below)
- Estimation of current tax expenses (Refer note no. 1.15 below)
- Estimation of provisions and contingent liabilities (Refer note no. 1.17 below)

## 1.4 PROPERTY, PLANT AND EQUIPMENT & INTANGIBLE ASSETS

## Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Costs include freight, import duties, non-refundable purchase taxes and other expenses directly attributable to the acquisition of the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred

Leasehold land is stated at historical cost less amounts written off proportionate to expired lease period.

#### **Intangible Assets**

Intangible assets are held on the balance sheet at cost less accumulated amortisation and impairment losses. Intangible assets developed or acquired with finite useful life are amortized on straight line basis over the useful life as specified below:

Category	Useful Life
Computer Software and Licenses	3 to 5 years
Right to Use	5 years

## Capital Work-in-progress and Pre-operative Expenses during Construction Period

Capital Work-in-Progress includes expenditure during construction period incurred on projects under implementation treated as pre-operative expenses pending allocation to the assets. These expenses are apportioned to the respective fixed assets on their completion / commencement of commercial production.

#### **Depreciation/amortisation:**

Depreciation is provided on the straight-line method applying the useful lives as prescribed in part C of Schedule II to the Companies Act, 2013. The range of estimated useful lives of Property, Plant & Equipment's are as under:

Category	Useful Life
Buildings (including roads)	3- 60 Years
Plant & Equipment*	7- 25 Years
Moulds & Dies*	2- 6 Years
Furniture & Fixture	10 Years
Office Equipment	3 - 5 Years
Vehicles	6 - 10 Years

<sup>\*</sup> Useful life of Plant & Equipment of Plastic Piping System Division, Protective Packaging Division and Cross Laminated Film Division and Moulds and Dies are determined based on the internal assessment supported by independent technical evaluation carried out by external valuers.

The management believes that the useful life as given above the best represent the period over which the management expects to use these assets. The Company reviews the useful lives and residual value at each reporting date.

Depreciation on assets added/sold or discarded during the year is being provided on pro-rata basis up to the date on which such assets are added/sold or discarded. Leasehold Land is amortized over the period of lease.

Assets costing up to ₹ 10,000 each are depreciated fully in the year of purchase.

Gains/Losses on disposals/de-recognition of property, plant and equipment are determined by comparing proceeds with carrying amount and these are recognized in statement of profit & Loss.

## Assets held for sale

Non-current assets or disposal groups comprising of assets and liabilities are classified as 'held for sale' when all of the following criteria's are met:

- (i) decision has been made to sell.
- (ii) the assets are available for immediate sale in its present condition.
- (iii) the assets are being actively marketed and
- (iv) sale has been agreed or is expected to be concluded within 12 months of the Balance Sheet date.

Subsequently, such non-current assets and disposal groups classified as 'held for sale' are measured at the lower of its carrying value and fair value less costs to sell. Non-current assets held for sale are not depreciated or amortised.

## 1.5 IMPAIRMENT OF NON-FINANCIAL ASSETS

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indication exists, the Company estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

## 1.6 REVENUE FROM CONTRACTS WITH CUSTOMERS

The Company recognizes revenue, when or as control over distinct goods or services is transferred to the customer; i.e. when the customer is able to direct the use of the transferred goods or services and obtains substantially all of the remaining benefits, provided a contract with enforceable rights and obligations exists and amongst others collectability of consideration is probable taking into account customer 's creditworthiness.

Revenue is the transaction price the Company expects to be entitled to. In determining the transaction price, the Company considers effects of variable consideration, the existence of significant financing contracts, noncash consideration and consideration payable to the customer, if any.

#### Variable Consideration

If the consideration in a contract includes a variable amount, the company estimates the amount of consideration to which it will be entitled to in exchange for transferring goods to the customer. Some contracts with the customers provide them with a right to return and volume rebates. The right to return and volume rebates gives rise to variable consideration. The amount of variable consideration is calculated by either using the expected value or the most likely amount depending on which is expected to better predict the amount of variable consideration.

Sale of goods: Revenues are recognized at a point in time when control of the goods passes to the buyer, usually upon either at the time of dispatch or delivery. In case of export sale, it is usually recognised based on the shipped-on board date as per bill of lading. Revenue from sale of goods is net of taxes and recovery of charges collected from customers like transport, packing etc.

Sale of services: Revenues are recognized over time on a straight-line basis or, if the performance pattern is other than straightline, as services are provided/rendered.

Other operating income: - Export Incentive under various schemes are accounted in the year of export.

### Other Income

Dividend income on investments is recognised when the right to receive dividend is established.

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

## 1.7 CONTRACT BALANCES

#### **Trade Receivables:**

A receivable represents the Company's right to an amount of consideration that is unconditional (i.e. only a passage of time is required to before payment of the consideration is due).

#### **Contract liabilities:**

A contract liability is the obligation to transfer goods or services to a customer for which the company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the company transfer goods and services to the customer, a contract liability is recognised when the payment is made or the payment is due, whichever is earlier. Contract liabilities are recognised as revenue when the company performs under the contract.

### 1.8 GOVERNMENT GRANTS

Government grants are recognised where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with. Government grants related to revenue are recognised on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate. Such grants are deducted in reporting the related expense. When the grant relates to an asset, it is recognized as income over the expected useful life of the asset.

In case a non-monetary asset is given free of cost it is recognised at a fair value. When loan or similar assistance are provided by government or related institutions, with an interest rate below the current applicable market rate, the effect of this favorable interest is recognized as government grant. The loan or assistance is initially recognized and measured at fair value and the government grant is measured as the difference between the initial carrying value of the loan and the proceeds received.

#### 1.9 INVENTORIES

Inventories includes raw material, semi finished goods, stock -in -trade, finished goods, stores & spares, consumables, packing materials, goods for resale and material in transit are valued at lower of cost and net realizable value.

Raw Material and Components - Cost include cost of purchases and other costs incurred in bringing the inventories to their present location and condition. Cost is determined using weighted average basis.

Finished/Semi-Finished Goods - Cost includes cost of direct material, labor, other direct cost (Including variable costs) and a proportion of fixed manufacturing overheads allocated based on the normal operating capacity but excluding borrowing costs. Cost is determined on weighted average basis.

Stock-in-trade - Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and conditions.

Stores, Spare Parts, Consumables, Packing Materials etc. - Cost is determined on weighted average basis.

Goods for Resale - Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and the estimated costs necessary to make the sale.

Adequate allowance is made for obsolete and slow-moving items.

#### 1.10 FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

## Financial assets - Initial recognition

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

## Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- (i) the entity's business model for managing the financial assets and
- (ii) the contractual cash flow characteristics of the financial asset.

#### (a) Measured at amortised cost:

A financial asset is measured at amortised cost, if it is held under the hold to collect business model i.e. held with an objective of holding the assets to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest on the principal outstanding. Amortised cost is calculated using the effective interest rate ("EIR") method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, gain or loss, if any, is recognised to Statement of Profit and Loss.

### (b) Measured at fair value through other comprehensive income (FVOCI):

A financial asset is measured at FVOCI, if it is held under the hold to collect and sell business model i.e. held with an objective to collect contractual cash flows and selling such financial asset and the contractual cash flows are solely payments of principal and interest on the principal outstanding. It is subsequently measured at fair value with fair value movements recognised in the OCI, except for interest income which recognised using EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in the OCI is reclassified from the equity to Statement of Profit and Loss.

## (c) Measured at fair value through profit or loss (FVTPL):

Investment in financial asset other than equity instrument, not measured at either amortised cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

## **Equity Instruments:**

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL.

For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised in Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in the OCI. Amounts recognised in Other Comprehensive Income (OCI) are not subsequently transferred to Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in Statement of Profit and Loss.

## **Impairment**

The Company recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward-looking.

The Company's trade receivables or contract revenue receivables do not contain significant financing Branch and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Company does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables.

The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Company recognises 12-month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12 months ECL.

Impairment loss allowance including ECL or reversal recognized during the period is recognized as income/ expense in the Statement of Profit and Loss. This amount is reflected under the head 'other expenses' in the Statement of Profit and Loss. The impairment loss is presented as an allowance in the balance sheet as a reduction from the net carrying amount of the tradereceivable, loan, deposits and lease receivable respectively.

## De-recognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

## **Financial Liabilities**

## **Initial Recognition and measurement**

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

#### Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and

### **Loans & Borrowings**

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

#### **Financial Guarantee Contracts**

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative adjustments.

## De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

### Derivative financial instruments & hedge accounting

The Company uses derivative financial instruments, such as forward foreign exchange contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in Statement of Profit and Loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is

The Company designates their derivatives as hedges of foreign currency risk associated with the cash flows of highly probable forecast transactions and variable interest rate risks associated with the borrowings.

The Company documents at the inception of hedging transaction the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset cash flow of hedged items. The Company documents its risk management objective and strategy for undertaking various hedge transaction at the inception of each hedge relationship.

## Cash flows hedge that qualify for the hedge accounting

Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit & loss, except for the effective portion of cash flow hedge which is recognized in other comprehensive income and presented as separate Branch of equity which is later reclassified to statement of profit & loss when the hedge item affects profit & loss.

## Offsetting of financial instruments

Financial assets and financial liabilities are off-set, and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

## 1.11 FAIR VALUE MEASUREMENT

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a

- Level 1 Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

## 1.12 EMPLOYEE BENEFITS

The Company has provides following post-employment plans such as:

- (a) Defined benefit plans such a gratuity and
- (b) Defined contribution plans such as Provident fund & Superannuation fund

## Defined-benefit plan:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

Re-measurement comprising of actuarial gains and losses arising from:

- Re-measurement of Actuarial(gains)/losses
- Return on plan assets, excluding amount recognized in effect of asset ceiling
- Re-measurement arising because of change in effect of asset ceiling

are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Company determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

## b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

- Other employee benefits:
  - Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date determined based on an actuarial valuation.
  - Undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders the related services.
- Expenses incurred towards voluntary retirement scheme are charged to the statement of profit and loss as and when
- e) Other benefits comprising of discretionary long service awards are recognized as and when determined.

### 1.13 LEASES

#### As a Lessee:

The Company's lease asset classes primarily consist of leases for land, buildings and vehicles. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset;
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease; and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

#### As a Lessor:

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

### 1.14 FOREIGN CURRENCY TRANSACTIONS

## a) Functional and Presentation currency

The Financial statements are presented in Indian Rupees (INR), which is Company's functional and presentation currency.

## b) Initial Recognition

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

#### Measurement of Foreign Currency Items at the Balance Sheet Date

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The gain or loss arising on translation of non- monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in the fair value of the item. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

#### 1.15 TAXES ON INCOME

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses, if any.

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income. In this case, the tax expense is also recognized in other comprehensive income or directly in equity, as the case may be.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items, that are never taxable or tax deductible. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the taxation laws prevailing and applicable for the relevant assessment year.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

The Company offsets, the tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

## 1.16 RESEARCH AND DEVELOPMENT EXPENDITURE

Research costs are expensed as incurred. Product development costs are expensed as incurred unless technical and commercial feasibility of the project is demonstrated, further economic benefits are probable, the Company has an intention and ability to complete and use or sell the product and the costs can be measured reliably.

## 1.17 PROVISIONS AND CONTINGENCIES

A provision is recognised when there is a present legal or constructive obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, and in respect of which a reliable estimate can be made. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

A disclosure for a contingent liability is made where there is a possible obligation arising out of past event, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation arising out of past event where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

## 1.18 CASH AND CASH EQUIVALENTS

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other shortterm highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

### 1.19 CASH FLOW STATEMENT

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

### 1.20 BORROWING COST

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

### 1.21 EARNINGS PER SHARE

Basic EPS is arrived at based on net profit after tax available to equity shareholders to the weighted average number of equity shares outstanding during the year. The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive.

### 1.22 SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM).

The Company has identified its Managing Director as CODM who is responsible for allocating resources and assessing performance of the operating segments and makes strategic decisions.

#### 1.23 EXCEPTIONAL ITEMS

When an item of income or expense within profit or loss from ordinary activity is of such size, nature or incidence that their disclosure is relevant to explain the performance of the Company for the year, the nature and amount of such items is disclosed as exceptional items.

#### 1.24 CASH DIVIDEND

The Company recognizes a liability to pay dividend when the distribution is authorised and the distribution is no longer at the discretion of the Company i.e. when the dividend distribution is being approved by the shareholders. A corresponding amount is recognized directly in equity.

## 1.25 RECENT INDIAN ACCOUNTING STANDARDS (IND AS)

The Ministry of Corporate Affairs ("MCA") notifies new standards / amendments under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23rd March, 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below:

- Ind AS 16 Property, plant and equipment The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022.
- (b) Ind AS 37 Provisions, contingent liabilities and contingent assets The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1st April, 2022, although early adoption is permitted.
- Ind AS 103 Business combinations The amendment adds a new exception in Ind AS 103 for liabilities and contingent liabilities.
- (d) Ind AS 109 Financial instruments The amendment clarifies which fees an entity includes when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

The Company is in the process of evaluating the impact of these amendments.

## Nature & Purpose of the Reserve:

Capital reserve: Capital reserve represents the capital subsidy received by the Company. The reserve will be utilised in accordance with the provisions of the Act.

Securities premium: Securities premium is credited when shares are issued at premium. This will be utilised in accordance with the provisions of the Act.

Capital redemption reserve: Capital redemption reserve is being created by transfer from Retained earnings at the time of buy back of equity shares in accordance with the Act. The reserve will be utilised in accordance with the provisions of the Act.

**General reserve:** The General reserve is created by way of transfer of profits from retained earnings for appropriation purposes. This reserve is utilised in accordance with the provisions of the Act.

Retained earnings: Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.

Total	90.11	1.81	91.92	(1.48)	90.44

## **32 FINANCIAL INSTRUMENTS**

The Management assessed that cash and cash equivalents, trade receivables, trade payables and other current liabilities approximate their carrying amounts largely due to the short term maturities of these instruments. The fair value of the financial assets and financial liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable

The carrying amounts and fair values of financial instruments by catergory are as follows:

## a. Financial assets

	Instruments carried at

Total		0.26	816.87	817.13

### Fair value estimation

For financial instruments measured at fair value in the Balance Sheet, a three level fair value hierarchy is used that reflects the significance of inputs used in the measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

- Level 1: quoted prices for identical instruments
- Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: inputs which are not based on observable market data.

	Level 1	Level 2	Level 3
As at 31st March, 2022			
Assets at fair value			
Investments	0.06	-	5.61
Investment in liquid funds	426.15	-	-
Liabilities at fair value			
Derivative financial instruments	-	2.49	-
As at 31st March, 2021			
Assets at fair value			
Investments	0.07	-	5.33
Investment in liquid funds	639.51	25.00	
Liabilities at fair value			
Derivative financial instruments	-	0.26	-

The fair value of investments in equity/liquid funds is based on the price quotation at the reporting date derived from quoted market prices in active market. The Company enters into derivative financial instruments with various banks. Foreign exchange forward contracts are valued mark to mark valuation as provided by the Banks.

## **33 RISK MANAGEMENT**

## Financial risk management objectives and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's activity expose it to market risk, liquidity risk, commodity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts are entered to hedge certain foreign currency risk exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments. The Company's financial risk management policy is set by the Managing Director and governed by overall direction of Board of Directors of the Company.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

S.No.	Risk	<b>Exposure arising from</b>	Measurement	Risk Management
A	Credit risk	Cash and cash equivalents, trade receivables, derivative financial instruments, financial assets measured at amortised cost.	Ageing analysis Credit ratings	Credit limits and letters of credit and Performance guarantees.
В	Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities
С	Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Interest rate swaps
D	Market risk – foreign exchange	Future commercial transactions recognised financial assets and liabilities not denominated in INR.	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts
E	Commodity risk	Purchase of Raw Material	Fluctuation of Crude Price and Currency rates	Procurement and inventory strategy

## A. CREDIT RISK

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assess financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counterparty
- Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations
- Significant increase in credit risk on other financial instruments of the same counterparty

The company catogarises financial assets based on the assumptions, inputs and factors specific to the class of financial assets into High-quality assets, negligible credit risk; Quality assets, low credit risk; Standard assets, moderate credit risk; Substandard assets, relatively high credit risk; Low quality assets, very high credit risk; Doubtful assets, credit-impaired.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than one year past due. Where loans or receivables have been written off, the Company continues engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized in profit or loss.

₹ In Crores

### **Provision for expected credit losses:**

			cognition loss prov	of expected vision
Description of category	Category	Investments	Loans and deposits	Trade Receivables
Assets where the counter-party has strong capacity to meet the obligations and where the risk of default is negligible or nil			40	
Assets where there is low risk of default and where the counterparty has sufficient capacity to meet the obligations and where there has been low frequency of defaults in the past		12 month expected credit losses	12 month expected credit	
Assets where the probability of default is considered moderate, counter-party where the capacity to meet the obligations is not strong		Credit losses	losses	Life time expected credit losses
Assets where there has been a significant increase in credit risk since initial recognition. Assets where the payments are more than 180 days past due		Life-time	Life-time	(simplified approach)
Assets where there is a high probability of default. In general, assets where contractual payments are more than 180 days past due are categorised as low quality assets. Also includes assets where the credit risk of counter-party has increased significantly though payments may not be more than 180 days past due		expected credit losses	expected credit losses	
Assets are written off when there is no reasonable expectation of recovery, such as a debtor declaring bankruptcy or failing to engage in a repayment plan with the company. The company categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than 365 days past due. Where loans or receivables have been written off, the company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.		Asset is written off		n off

#### Expected credit loss for loans, security deposits and investments:

Utilisation during the year	(0.29)	(0.11)
Closing provisions	6.48	6.77

The Company maintains exposure in cash and cash equivalents, investments in liquid mutual funds and Corporate deposits. Investments in liquid mutual funds and corporate deposits are fair valued on Level 1 or Level 2 inputs.

The Company invests after considering multiple criteria prescribed by the Risk Management Committee. These risks are monitored regularly by the Risk Management Committee.

#### **B. LIQUIDITY RISK**

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time, or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related such risk are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

#### **Financing arrangements**

The Company had access to following undrawn Borrowing facilities at end of reporting period:

	As at 31st March, 2022	As at 31st March, 2021
Borrowings including working capital	408.00	337.62

#### Contractual maturity patterns of borrowings

As at 31st March, 2022, the Company does not have any outstanding borrowings.

	As a	As at 31st March, 2021		
	0-1 year	1-5 years	Total	
Long term borrowings	-	0.61	0.61	
Short term borrowings	0.35	-	0.35	
Total	0.35	0.61	0.96	

Refer Note 36 for contractual maturity pattern of lease liabilities.

#### **Contractual maturity patterns of Financial Liabilities**

	As at 31st March, 2022	As at 31st March, 2021
	0-12 Months	0-12 Months
Trade Payable	795.09	646.72
Payable related to Capital goods	41.40	121.37
Lease liabilities	13.39	11.05
Other Financial liabilities including derivative financial liabilities	7.74	5.85
Total	857.62	784.99

#### C. MARKET RISK- INTEREST RATE RISK

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Company's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

#### Exposure to interest rate risk

The Company is not exposed to significant interest rate risk as at the respective reporting date.

#### D. MARKET RISK- FOREIGN CURRENCY RISK

The Company operates internationally and portion of the business is transacted in several currencies and consequently the Company is exposed to foreign exchange risk through its sales and services in overseas and purchases from overseas suppliers in various foreign currencies. Exports of the company are significantly lower in comparison to its imports. Foreign currency exchange rate exposure is partly balanced by exports of goods and prudent hedging policy.

₹ In Crores

#### **Foreign Currency Exposure**

Name of the Instrument	2021 - 2022		2020 -	- 2021
	In Million US\$	₹ in Crores	In Million US\$	₹ in Crores
Open Foreign Exchange Exposures - Receivable	6.36	48.20	2.92	21.36
Open Foreign Exchange Exposures - Payable	45.08	341.66	28.01	204.80

#### **Foreign Currency Risk Sensitivity**

A change of 1% in Foreign currency would have following Impact on profit before tax:

Name of the Instrument	2021 - 2022		2020 -	- 2021
	1% appreciation	1% depreciation	1% appreciation	1% depreciation
	in US\$	in US\$	in US\$	in US\$
Increase / (decrease) in profit or loss	(2.93)	2.93	(1.83)	1.83

#### **Derivative financial instruments**

The Company holds derivative financial instruments such as foreign currency forward to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally are banks. These derivative financial instruments are valued based on quoted prices for similar assets and liabilities in active markets or inputs that are directly or indirectly observable in the market place.

Name of the Instrument	2021 - 2022		<b>2020 - 2021</b>	
	In Million US\$	₹ in Crores	In Million US\$	₹ in Crores
Forward Purchase	23.12	177.94	16.34	119.89

The Company enjoys natural hedge to the extent of exports effected. Although the Company believes that these derivatives constitute hedges from a economic prospective, they might not qualify for hedge accounting under Ind AS 109.

#### **E. COMMODITY RISK**

Principal Raw Material for Company's products is variety of plastic polymers which are primarily Derivatives of Crude Oil. Company sources its raw material requirement from across the globe. Domestic market prices are also generally remains in sync with international market price scenario.

Volatility in Crude Oil prices, Currency fluctuation of Rupee vis-à-vis other prominent currencies coupled with demandsupply scenario in the world market affect the effective price and availability of polymers for the Company. Company effectively manages deals with availability of material as well as price volatility through:

- 1. Widening its sourcing base
- Appropriate contracts and commitments
- Well planned procurement & inventory strategy and
- Prudent hedging policy on foreign currency exposure

Risk committee of the Company comprising members from Board of Directors and operations has developed and enacted a risk management strategy regarding commodity Price risk and its mitigation.

#### F. IMPACT OF COVID-19

The Company has considered the possible impact of COVID-19 in preparation of financials statements. The impact of the global health pandemic may be different from that estimated as at the date of approval of financial statements. Considering the continuing uncertainties, the Company will continue to closely monitor any material changes to future economic conditions.

### **34 CAPITAL RISK MANAGEMENT**

#### The Company's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders
- maintain an optimal capital structure to reduce the cost of capital

The Company monitors capital on the basis of the following debt equity ratio:

	31 March, 2022	31 March, 2021
Net Debt	-	-
Total Equity	3,387.94	2,869.17
Net Debt to Total Equity	-	-

Company believes in conservative leverage policy. Company's capex plan over the medium term shall be largely funded through internal accruals.

₹ In Crores

The Company follows the policy of Dividend for every financial year as may be decided by Board considering financial performance of the company and other internal and external factors enumerated in the Company dividend policy. As per the dividend policy, generally the Company maintains a dividend pay-out ratio in the range of 35 % to 55% of net profit (PAT).

Dividends declared by the Company are based on the profit available for distribution. On 29th April, 2022, the Board of Directors of the Company have proposed a final dividend of ₹ 18 per share in respect of the year ended 31st March, 2022 subject to the approval of shareholders at the ensuing Annual General Meeting, and if approved, would result in a cash outflow of approximately ₹ 228.65 Crores.

#### 35 DISCLOSURE PURSUANT TO IND AS - 19 "EMPLOYEE BENEFITS"

Gratuity: In accordance with the applicable laws, the Company provides for gratuity, a defined benefit retirement plan ("The Gratuity Plan") covering eligible employees. The Gratuity Plan provides for a lump sum payment to vested employees on retirement (subject to completion of five years of continuous employment), death, incapacitation or termination of employment that are based on last drawn salary and tenure of employment. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation on the reporting date and the Company makes annual contribution to the gratuity fund administered by life Insurance Companies under their respective Group Gratuity Schemes.

The disclosure in respect of the defined Gratuity Plan are given below:

The liabilities are split between different categories of plan participants as follows:

• active members - 100% (2020-21: 100%)

The Company expects to contribute ₹ 1.66 Crores to the funded plans in financial year 2022-23

The Plan assets have been invested in Insurance managed funds.

₹ In Crores

#### C. Statement of Profit and Loss

	2021 - 2022	2020 - 2021
Employee Benefit Expenses:		
Current service cost	3.75	3.48
Interest cost/(income)	0.05	0.39
Total amount recognised in Statement of profit & loss	3.80	3.87
Remeasurement of the net defined benefit liability:		
Return on plan assets excluding amounts included in net finance income/(cost)	(0.03)	(0.48)
Experience gains/(losses)	(1.22)	(1.26)
Total amount recognised in Other Comprehensive Income	(1.25)	(1.74)

#### D. Assumptions

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date. The significant actuarial assumptions were as follows:

	As at 31st March, 2022	As at 31st March, 2021
Financial Assumptions		
Discount rate	7.29%	6.90%
Expected Rate of Return on plan assets	7.29%	6.90%
Salary Escalation Rate	6.00%	6.00%
Attrition Rate	2.00%	2.00%
Demographic Assumptions	<b>Indian Assured Lives Mortality</b>	Indian Assured Lives Mortality
	2012-14 (Urban)	(2006-08) Ultimate

#### E. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

	As at 31 <sup>st</sup> March, 2022	As at 31° March, 2021
Impact on defined benefit obligation	Increase/Decrease in liability	Increase/Decrease in liability
+1.00% Change in rate of discounting	(2.30)	(2.22)
-1.00% Change in rate of discounting	2.47	2.39
+1.00% Change in rate of Salary increase	5.14	4.97
-1.00% Change in rate of Salary increase	(4.53)	(4.36)
+1.00% Change in Attrition Rate	0.23	0.15
-1.00% Change in Attrition Rate	(0.25)	(0.16)

The sensitivity analyses above have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting year and may not be representative of the actual change. It is based on a change in the key assumption while holding all other assumptions constant. When calculating the sensitivity to the assumption, the same method used to calculate the liability recognised in the balance sheet has been applied. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared with the previous year.

#### The major categories of plan asset are as follows:

Equities Bonds Gilts

#### G. The defined benefit obligations shall mature as follows:

Particulars	As at 31st March,	As at 31st March,
	2022	2021
Within 1 year	11.12	9.39
1-2 year	3.54	2.89
2-3 year	5.32	4.15
3-4 year	6.70	4.82
4-5 year	5.21	6.21
5-10 year	24.15	22.04
More than 10 year	75.81	69.80

ii) Compensated Absences: The Company permits encashment of compensated absence accumulated by their employees on retirement, separation and during the course of service. The liability in respect of the Company, for outstanding balance of leave at the balance sheet date is determined and provided on the basis of actuarial valuation as at the balance sheet date performed by an independent actuary. The Company doesn't maintain any plan assets to fund its obligation towards compensated absences.

#### iii) Notes:

Liability for post employment benefits, other long term benefits, termination benefits and certain short term benefits such as compensated absences is provided on an actuarial basis for the Company as a whole. Accordingly the amount for above pertaining to key management personnel is not ascertainable and, therefore, not included above.

#### **36 LEASES**

Under Ind AS 116, the nature of expenses in respect of operating leases has changed from "lease rent" to "depreciation cost" and "finance cost" for the right-to-use assets and for interest accrued on lease liability respectively.

The weighted average lessee's incremental borrowing rate applied to the lease liabilities is 9% p.a.

#### Changes in the carrying value of right to use assets are:

Particulars	Type of Right to use assets		Total	
	Building	Vehicles	Land	
Balance as at 1 <sup>st</sup> April, 2021	31.16	4.07	31.93	67.16

#### Notes:

- Most of the issues of litigation pertaining to Central Excise/Income Tax are based on interpretation of the respective Law & Rules thereunder. Management has been opined by its counsel that many of the issues raised by revenue will not be sustainable in law as they are covered by judgments of respective judicial authorities which supports its contention. As such no material impact on the financials of the Company is envisaged.
- Sales Tax and Entry Tax related litigation/demand primarily pertains to non-receipt of declaration forms from customers and mismatch of input tax credit or some interpretation related issues w.r.t. applicability of schemes. Counsel of the Company opined positive outcome based on merits of the cases under litigation. As such no material impact on the financials of the Company is envisaged.
- Other issues are either in ordinary course of business or not of substantial nature and management is reasonably confident of their positive outcome. Management shall deal with them judiciously and provide for appropriately, if any such need arises.

#### **39 COMMITMENTS**

Estimated amount of contracts remaining to be executed on Capital Account and not provided for (net of advances) is ₹ 237.62 Crores (Previous year ₹ 178.58 Crores).

## **Independent Auditors' Report on Consolidated Financial Statements**

To the Members of The Supreme Industries Limited

#### **Report on the Audit of Consolidated Financial Statements**

#### **Opinion**

We have audited the accompanying consolidated financial statements of The Supreme Industries Limited ("the Parent Company"), its wholly owned foreign subsidiary and its associate (hereinafter to be referred as "the Group") which comprises of consolidated Balance Sheet as at March 31, 2022, the consolidated Statement of Profit & Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flow for the year then ended (Refer "Other Matters" section below) and notes to the financial statements, including a summary of significant accounting policies and other explanatory information in which are included the financial statements of 24 manufacturing units (including 27 - Depots, 7 - Fabrication units and 6 - offices) located across India [hereinafter referred to as "Branches"] for the year ended on that date audited by 9 branch auditors

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the Act) in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March 2022, the consolidated profit (including other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### **Key Audit Matters** Auditor's response No **Industrial Promotion Scheme (IPS) receivable of ₹ 85.88 Audit Procedure performed:** crores as at March 31, 2022 In response to the risk of completeness of the accruals in the Other current and non-current assets include government standalone financial statements: grant receivable in the form of refund of Sales tax/GST under We have examined the eligibility certificates and obtained a IPS Scheme of ₹ 85.88 crores as at March 31, 2022 (₹ 95.09 list of year wise break- up of the IPS receivables by the Parent crores as at March 31, 2021) from the states of Maharashtra, Company for all the financial years. Madhya Pradesh, West Bengal and Rajasthan as per the We had discussed the status of the assessment of grants respective schemes/ notifications announced/ issued by the receivable for all the financial years and the Management aforesaid State Governments. view on the expected time frame by which the grants will be Post GST, the state of west Bengal is yet to notify the IPS scheme and accordingly, the Company has not recognized Additionally, we have considered the status of the previous grant, since July 2017, in this regard. The amount whereof assessments and the adjustments, if any, done by the respective is presently not ascertainable. concerned authorities. Management judgement is involved in assessing the Based on the procedures performed, those gave us sufficient accounting for grants and particularly in considering the evidence to conclude that the grants have been accounted in probability of a grant being released and we have accordingly terms of the schemes/notifications announced/issued by various designated this as a focus area of the audit. state governments.

#### Information Other than the Consolidated Financial Statements and auditor's report thereon

The Parent Company's Board of Directors is responsible for the preparation of other information. The Other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to the Board report but does not include the consolidated financial statement and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we required to report that fact. We have nothing to report in this regard.

#### **Responsibilities of Management for the Consolidated Financial Statements**

The Parent Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the ability of the companies to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

#### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial control system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are independent auditors. For the other entities included in the consolidated financial statements, which have been audited by

other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that individually or in aggregate makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Other Matters:**

- We did not audit the financial statements the branches included in the consolidated financial statements of the group whose financial statements reflects total assets of ₹ 3,268.37 crores as at March 31, 2022 (₹ 2,726.64 crores as at March 31, 2021) and total revenue of ₹ 7,469.79 crores for the year ended on that date (₹ 6,173.06 crores for the year ended March 31, 2021), as considered in the consolidated financial statements. The financial statements of these branches have been audited by the 9 branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of these branches, is based solely on the report of such branch auditors.
- We did not audit the financial statements of a subsidiary included in the consolidated financial statements of the Group whose financial statements reflects total assets of ₹ 3.39 crores as at March 31, 2022 (as at 31 March, 2021 ₹ 3.48 crores); total revenue of ₹ 1.56 crores, net loss of ₹ 0.10 crores and net cash inflow of ₹ 0.80 crores for the year ended 31 March, 2022 (revenue of ₹ 1.74 crores, net loss of ₹ 0.10 crores and net cash outflow of ₹ 0.71 crores for the year ended March 31, 2021), as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of ₹ 203.88 crores for the year ended 31 March, 2022 (₹ 146.73 crores for the year ended 31 March, 2021), as considered in the consolidated financial statements, in respect of an associate, whose financial statements / financial information have not been audited by us.

These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary and associates, and our report in terms of sub-section (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary and associates, is based solely on the report of other auditors.

Our opinion on the consolidated financial statements is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

#### Report on Other Legal and Regulatory Requirements

- 1. As required by Section 143(3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law maintained by the Group have been kept so far as it appears from our examination of those books and records.
  - The reports on the financial statements of branches of the Company audited under section 143(8) of the Act by nine firms of independent auditors have been sent to us and properly dealt with by us in preparing this report.
  - The Consolidated Balance sheet, the Consolidated Statement of Profit & Loss (including other comprehensive income), Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended.
  - On the basis of the written representations received from the directors of the Parent Company as on 31st March, 2022 taken on record by the Board of Directors of the Parent Company and the reports of the statutory auditor of associate company incorporated in India, none of the directors of the Group companies and its associate company incorporated in India is disqualified as on 31st March, 2022 from being appointed as a Director in terms of Section 164 (2) of the Act.
  - With respect to the adequacy of the internal financial controls over financial reporting of the Parent Company and the operating effectiveness of such controls, please refer Annexure B of the standalone audit report attached with the standalone financial statements included in this annual report.
  - With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Sec 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Group to its directors during the year is in accordance with the provisions of section 197 of the Act.

- With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - The Group has disclosed the impact of pending litigations on its financial performance in its consolidated financial i. statements. [Refer note no. 38 to the standalone financial statements]
  - The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection
  - iv. The Management of the Parent Company and an associate, which is incorporated in India and whose financial statements have been audited under the Act, have represented to us and to the other auditor of such associate that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company or associate to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend to or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company or associate ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
    - The Management of the Parent Company and an associate, which is incorporated in India and whose financial statements have been audited under the Act, have represented to us and to other auditor of such associate that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company or associate from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company or associate shall, whether, directly or indirectly, lend to or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
    - Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us and that performed by the auditors of the associate, which are incorporated in India and whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representation under sub clause (i) and (ii) of Rule 11(e) of The Companies (Audit and Auditors) Rules, 2014, as provided under (a) and (b) above, contains any material misstatement.
  - The final dividend paid by the Company and its associate during the year in respect of the previous year is in V. accordance with section 123 of the Act to the extent it applies to payment of dividend.
    - The interim dividend declared and paid by the Company and its associate during the year is in accordance with the section 123 of the Act.
    - As stated in the note 34(B) to the standalone financial statements, the Board of Directors of the Company and its associate has proposed final dividend for the year which is subject to the approval of the members at the ensuing annual general meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to the declaration of dividend.
- With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Parent Company and by the auditors of the associate company included in the consolidated financial statements of the Parent Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.

#### 1. BASIS OF PREPARATION, MEASUREMENT AND SIGNIFICANT ACCOUNTING POLICIES

#### 1.1 GROUP OVERVIEW:

The consolidated financial statements comprise financial statements of Supreme Industries Limited, Parent Company, its subsidiary and associate (hereinafter referred as "the Group").

The Supreme Industries Limited ("the Parent Company") is public limited company incorporated and domiciled in India and has registered office at 612, Raheja Chambers, Nariman Point, Mumbai 400 021. It is incorporated under the Indian Companies Act, 1913 and its shares are listed on the Bombay Stock Exchange Limited and National Stock Exchange in India.

The Group is one of the leading plastic products manufacturing company in India having 25 manufacturing facilities spread across the country, offering a wide and comprehensive range of plastic products in India. The company operates in various product categories viz. Plastic Piping System, Cross Laminated Films & Products, Protective Packaging Products, Industrial Moulded Components, Moulded Furniture, Storage & Material Handling Products, Performance Packaging Films and Composite LPG Cylinders.

#### **Group Sturcture:**

Name of Company	Country of	Shareholding as at			
	incorporation	As at 31st March, 2022	As at 31st March, 2021		
Subsidiary					
The Supreme industries Overseas (FZE)	UAE	100%	100%		
Associate:					
Supreme Petrochem Limited	India	30.78%	30.78%		

#### 1.2 BASIS OF PREPARATION AND MEASUREMENT

These consolidated financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified under the Companies (Indian Accounting standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules 2016 prescribed under section 133 of the Companies Act, 2013.

The consolidated financial statements of the Group are prepared and presented on accrual basis and under the historical cost convention, except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- Certain financial assets and liabilities are measured at Fair value and Derivative Financial instruments
- Defined Benefit and other Long-term Employee Benefits

These consolidated financial statements are approved for issue by the Company's Board of Directors on 29th April, 2022.

#### 1.3 USE OF ESTIMATES AND JUDGEMENTS

The preparation of the financial statements requires that the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

The estimates and judgements used in the preparation of the consolidated financial statements are continuously evaluated by the Group and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Group believes to be reasonable under the existing circumstances. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

All the assets and liabilities have been classified as current or non-current as per the group's normal operating cycle of twelve months and other criteria set out in Schedule III to the Companies Act, 2013.

Areas involving critical estimates and Judgements are:

- Estimation of employee defined benefit obligations
- Estimation of current tax expenses
- Estimation of provisions and contingent liabilities

#### 1.4 BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries and associates as at 31 March 2022. The Parent Company prepares and report its consolidated financial statements in INR (₹).

#### Subsidiaries:

Subsidiaries are all entities over which the group has control. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

The group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of controls. Consolidation of a subsidiary begins when the group obtains control over the subsidiary and ceases when the group losses control of the subsidiary.

#### **Consolidation procedure:**

#### **Subsidiaries:**

- Combine, on line by line basis like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31 March. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

#### 1.5 GOODWILL

Goodwill arising on an acquisition of a business is initially recognized at cost at the date of acquisition. After initial recognition, goodwill is measured at cost less accumulated impairment losses, if any.

#### 1.6 INVESTMENTS IN ASSOCIATES

Associates are all entities over which the group has significant influences but not control or joint control. This is generally the case where the group holds between 20% to 50% of the voting rights or the group has power to participate in the financial and operating policy decision of the investee. Investments in associate are accounted for using equity method accounting.

The results and assets and liabilities of associates are incorporated in these consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105.

Under the equity method, an investment in an associate is initially recognised in the consolidated balance sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate.

On acquisition of the investment in an associate, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

Distributions received from an associate reduce the carrying amount of the investment. Unrealised gains on transactions between the group and its associates and joint ventures are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transactions provides evidence of an impairment of the assets transferred.

When the Group's share of losses of an associate exceeds the Group's interest in that associate (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate), the Group discontinues recognising its

share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

#### Change in Ownership Interest:

When the Group ceases to consolidate or equity account for an investment because of a loss of control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognized in profit or loss. This fair value becomes the initial carrying amount for the purposes of subsequent accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognized in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognized in other comprehensive income are reclassified to profit or loss. If the ownership interest in an associate is reduced but significant influence is retained, only a proportionate share of the amounts previously recognized in other comprehensive income are reclassified to profit or loss where appropriate.

#### 1.7 FOREIGN CURRENCY TRANSACTIONS

In preparing the financial statements of each individual group entity, transactions in currencies other than the entity's functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in profit or loss in the period in which they arise except for:

• exchange differences on monetary items receivable from or payable to a foreign operation for which settlement is neither planned nor likely to occur (therefore forming part of the net investment in the foreign operation), which are recognised initially in other comprehensive income and reclassified from equity to profit or loss on repayment of the monetary items.

For the purposes of presenting these consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into Indian Rupees using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of the transactions are used.

Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity (and attributed to non-controlling interests as appropriate).

On disposal of foreign operations (i.e. a disposal of the Group's entire interest in a foreign operation, a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Group are reclassified to profit

In addition, in relation to a partial disposal of a subsidiary that includes a foreign operation that does not result in the Group losing control over the subsidiary, the proportionate share of accumulated exchange differences are re-attributed to noncontrolling interests and are not recognised in profit or loss. For all other partial disposals (i.e. partial disposals of associates or joint arrangements that do not result in the Group losing significant influence or joint control), the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

#### 1.8 SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM).

The Group has identified its Managing Director as CODM which assesses the operational performance and position of the Group and makes strategic decisions.

**1.9** For other accounting policies - Refer significant accounting policies mentioned in the standalone financial statements.

₹ In Crores

#### **Business segments**

Based on the "management approach" as defined in Ind-AS 108 - Operating Segments, the Managing Director/Decision Maker evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments. Accordingly, information has been presented along with these business segments. The accounting principles used in the preparation of the financial statements are consistently applied to record revenue and expenditure in individual segments. The Company's principal operations are located in its country of domicile i.e. India.

#### Segment assets and liabilities

The Company is engaged mainly in production of plastic products. Most of the assets, liabilities of the aforesaid reportable segments are interchangeable or not practically allocable and any forced allocation would not result in any meaningful segregation. Accordingly, segment assets, liabilities have not been presented.

No customer individually accounted for more than 10% of the revenues in the years ended 31st March, 2022 and 31st March, 2021.

#### 33 EARNINGS PER SHARE (EPS)

Profit after tax (PAT) Weighted average number of equity Shares (In Nos.) Nominal value of equity Shares (In ₹) Basic & diluted earning per share (In ₹)

2021 - 2022	2020 - 2021
